### **The New Southern Style** Alyssa

Rosenheck, 2020-09-22 A vibrantly illustrated exploration of the creative, inclusive, and inspiring movement happening in today's Southern interior design The American South is a place steeped in history and tradition. We think of sweet tea, thick drawls, and even thicker summer air. It is also a place with a fraught history, complicated social norms, and dated perspectives. Yet among the makers and artists of the South, there is a powerful movement afoot. Alyssa Rosenheck shines a much-needed spotlight on a burgeoning community of people who are taking what's beloved, inherent, and honored in the South and making it their own. The New Southern Style tours more than 30 homes and includes interviews with the designers, artists, and creative entrepreneurs who are reinventing Southern design and culture. This beautifully illustrated book is sure to inspire the home and soul.

**American Reboot** Will Hurd, 2023-03-14 From former US Congressman and CIA Officer Will Hurd, a "how-to guide with a prescription for getting the nation on the right footing" (Politico) and "a clarion call for a major political pivot" (San Antonio Report) rooted in the timeless ideals of bipartisanship, inclusivity, and democratic values. "Hurd has the biography and the charisma and the God-given political chops to put the Republican Party—and the rest of the country—on notice." —THE ATLANTIC It's getting harder to get big things done in America. The gears of our democracy have been mucked up by political nonsense. To meet the era-defining challenges of the 21st century, our country needs a reboot. In *American Reboot*, Hurd, called "the future of the GOP" by Politico, provides a "detailed blueprint" (Robert M. Gates, Secretary of Defense, 2006-2011)

for America grounded by what Hurd calls pragmatic idealism—a concept forged from enduring American values to achieve what is actually achievable. Hurd takes on five seismic problems facing a country in crisis: the Republican Party's failure to present a principled vision for the future; the lack of honest leadership in Washington, DC; income inequality that threatens the livelihood of millions of Americans; US economic and military dominance that is no longer guaranteed; and how technological change in the next thirty years will make the advancements of the last thirty years look trivial. Hurd has seen these challenges up close. A child of interracial parents in South Texas, Hurd survived the back alleys of dangerous places as a CIA officer. He carried that experience into three terms in Congress, where he was, for a time, the House's only Black Republican, representing a seventy-one percent Latino swing district in Texas that runs along 820 miles of the US-Mexico border. As a cyber security executive and innovation crusader, Hurd has worked with entrepreneurs on the cutting edge of technology to anticipate the shockwaves of the future. Hurd, who the Houston Chronicles calls "a refreshing contract to the panderers, petty demagogues, and political provocateurs who reign these days," draws on his remarkable experience to present "a call to Americans to consider the most contentious issues of our times more holistically" (The Atlantic). He outlines how the Republican party can look like America by appealing to the middle, not the edges. He maps out how leaders should inspire rather than fearmonger. He forges a domestic policy based on the idea that prosperity should be a product of empowering people, not the government. He articulates a foreign policy where our enemies fear us and our friends love us. And lastly, he charts a forceful path forward for America's technological future. We all know we can

do better. It's time to hit "ctrl alt del" and start the American Reboot.

**The Hundred and One Dalmatians** Dodie Smith, Peter Bently, 2019-09-03 Dodie Smith's classic tale adapted into a playful and stylish new picture book Dalmatians Pongo and Missis live in London with their beloved owners. When Missis finds out she's going to have puppies, they're all thrilled! But, Missis doesn't just have one puppy . . . or two . . . or three . . . she has fifteen! When the puppies go missing, Pongo and Missis know that there's only one woman who can be behind the dognapping: the notorious Cruella de Vil. They strike out across the city and—with a little help from the street dogs of London—rescue their pups and many, many more from a terrible fate.

The Road Cormac McCarthy, 2007-03-20 WINNER OF THE PULITZER PRIZE • NATIONAL BESTSELLER • A searing, post-apocalyptic novel about a father and son's fight to survive, this tale of survival and the miracle of goodness only adds to McCarthy's stature as a living master. It's gripping, frightening and, ultimately, beautiful (San Francisco Chronicle). • From the bestselling author of *The Passenger* A father and his son walk alone through burned America. Nothing moves in the ravaged landscape save the ash on the wind. It is cold enough to crack stones, and when the snow falls it is gray. The sky is dark. Their destination is the coast, although they don't know what, if anything, awaits them there. They have nothing; just a pistol to defend themselves against the lawless bands that stalk the road, the clothes they are wearing, a cart of scavenged food—and each other. *The Road* is the profoundly moving story of a journey. It boldly imagines a future in which no hope remains, but in which the father and his son, each the other's world entire,

are sustained by love. Awesome in the totality of its vision, it is an unflinching meditation on the worst and the best that we are capable of: ultimate destructiveness, desperate tenacity, and the tenderness that keeps two people alive in the face of total devastation. Look for Cormac McCarthy's latest bestselling novels, *The Passenger* and *Stella Maris*.

Richard Caddel began WRITING IN THE DARK after he was diagnosed with leukaemia in 1999; he regarded the series as ongoing, to be finished only by his death, which came in April 2003. The poems are an extended meditation on the many connotations of darkness and were originally drafted literally in the dark, using a hand-held Psion with a backlit screen, in England and Japan. The book is a companion volume to his selected poems, MAGPIE WORDS, published in 2002 and also available from SPD. 'Caddel continually finds the right way to say what he needs to say. #### The Wretched of the Screen Hito

Steyerl, 2013-04-05 In Hito Steyerl's writing we begin to see how, even if the hopes and desires for coherent collective political projects have been displaced onto images and screens, it is precisely here that we must look frankly at the technology that seals them in. *The Wretched of the Screen* collects a number of Steyerl's landmark essays from recent years in which she has steadily developed her very own politics of the image. Twisting the politics of representation around the representation of politics, these essays uncover a rich trove of information in the formal shifts and aberrant distortions of accelerated capitalism, of the art system as a vast mine of labor extraction and passionate commitment, of occupation and internship, of structural and literal violence, enchantment and fun, of hysterical, uncontrollable flight through the wreckage of postcolonial and modernist discourses and their unanticipated openings. *e-flux journal Series* edited by Julieta
