The Ultimate Random Encounters Book Travis "Wheels" Wheeler, Logan Jenkins, Lee Terrill, Greg Leatherman, 2021-10-05 Playing a role-playing game is a delicate dance. If everything runs smoothly, it feels like you and your friends are able to maneuver effortlessly through dramatic, epic, and uproariously silly scenes where everyone gets a chance to shine. And yet, other times it just doesn't come together. Combat slows to a repetitive grind, the Game Master runs out of good Non-Player Character (NPC) ideas, or after twenty-six rounds maybe even the most beautifully designed encounter just gets a bit stale. Sure, you could prep an absolute powerhouse of an all-killer-no filler role-playing session. Spend time getting fun character voices ready for every NPC. But that sounds like way too much work. This is the book you turn to for help. It's a big book of ideas designed to slot right into your existing campaign, organized into neat little tables. If you salivate at chaos magic effect tables and daydream about wild, unexpected die results, you already know it can also be fun to throw caution to the wind and let randomness determine as much as possible. Even the most organized GMs and the tightest adventure modules benefit from a little spice!--

The Book of Random Tables: Quests: Adventure Ideas for Fantasy Tabletop Role-Playing Games Matt Davids, 2019-08-19 Need adventure ideas for Dungeons & Dragons or Pathfinder? Cut down your GM prep with 1000 quest options. This book is a collection of quests or adventure ideas for the use in fantasy tabletop role-playing games. The ideas are organized by a broad topic and are placed in a random table format. Each table has one hundred ideas. You can use these adventure ideas to run RPG sessions in several ways. You can read through the tables and choose an idea. You can take several ideas and combine them into one scenario for a campaign. You can roll randomly on a table to find an adventure on the fly. You can also

use these ideas as side quests within original or premade campaigns. The first six tables contain ideas that range from story hooks to scenarios to globe-spanning adventures. These tables are organized under the topics: Dungeons Hooks, Royal Quests, Forest Quests, Doorways to Another World, Town Quests, and Sea Quests. The next three tables are as follows: Questing Beasts, Quest Objects, and Lost Cities. Here you will find the name of a thing and a bit of context. These are meant to be used as the goal of the quest. How the goal is attained is up to the gamemaster. Meta-Quests is the last table in the book. It is a list of simple ideas that can be used as micro-quests much like collecting feathers in Angry Birds or bobbleheads in the Fallout videogames.

OZ Andrew Kolb, 2022-09-20 Adventure is just down the Yellow Brick Road... The award-winning author and illustrator of Neverland returns with another beautiful RPG setting book, in OZ: A Fantasy Role-Playing Game. While many have traveled with Dorothy Gale to the world of OZ, there is so much more to explore! But know this: there is more to the land and its inhabitants than the rumors might suggest. Appearances can be deceiving and like any good metal smith will tell you, the only way to tell a gold bar from a yellow brick is to hit it with a hammer. So begins Andrew Kolb's OZ: A Fantasy Role-Playing Game. While 5th Edition compatible like its predecessor, Neverland, OZ uses an urban setting pointcrawl instead of a hexcrawl, full of secrets to discover via underground trains and a monorail that loops around all four districts of OZ. With different neighborhoods to explore, factions to join, and questions to ask (what happened to The Slippers, anyway?) players can escape to the Emerald City for hours on end.

Pathfinder Roleplaying Game Benjamin Bruck, Paizo Publishing, 2017 Wise adventurers don't just march off into the wilderness to search for dragons to slay and wrongs to right, for to adventure without support is to invite disaster. The hardcover Pathfinder RPG Adventurer's Guide presents information on 18 different organizations in need of brave and able adventurers. Be they forces for good, such as the virtuous Eagle Knights or the freedom fighters of the Bellflower Network, or agencies of sinister mien like the notorious Red Mantis Assassins or the infernally-inspired Hellknights, the one thing these groups all share in common is a need for powerful adventurers to serve as their agents in the world. To the adventurers who ally with them, these groups offer specialized training, powerful magical items, specialized magic, access to unusual gear or mounts, and more! Pathfinder RPG Adventurer's Guide includes: * Details on the history, goals, and leadership for 18 of Golarion's most famous (or infamous) organizations, including the Aldori Swordlords, the Aspis Consortium, the Cyphermages, the Gray Maidens, the Hellknights, the Lantern Bearers, the Magaambya, the Mammoth Lords, the Pathfinder Society, and the Red Mantis. * Each organization includes at least one prestige class and at least two archetypes for characters who seek to further specialize in the themes and powers offered by the organization. * Dozens and dozens of new spells, magic items, feats, and other unique character options of diverse nature, all themed to the various organizations presented in this book! * ... and much, much more!
