Untamed Will Harlan,2014-05-06 The inspiring biography of the adventuresome naturalist Carol Ruckdeschel and her crusade to save her island home from environmental disaster. In a “moving homage . . . that artfully articulates the ferocities of nature and humanity,” biographer Will Harlan captures the larger-than-life story of biologist, naturalist, and ecological activist Carol Ruckdeschel, known to many as the wildest woman in America. She wrestles alligators, eats roadkill, rides horses bareback, and lives in a ramshackle cabin that she built by hand in an island wilderness. A combination of Henry David Thoreau and Jane Goodall, Carol is a self-taught scientist who has become a tireless defender of sea turtles on Cumberland Island, a national park off the coast of Georgia (Kirkus Reviews). Cumberland, the country’s largest and most biologically diverse barrier island, is celebrated for its windswept dunes and feral horses. Steel magnate Thomas Carnegie once owned much of the island, and in recent years, Carnegie heirs and the National Park Service have clashed with Carol over the island’s future. What happens when a dirt-poor naturalist with only a high school diploma becomes an outspoken advocate on a celebrated but divisive island? Untamed is the story of an American original who fights for what she believes in, no matter the cost, “an environmental classic that belongs on the shelf alongside Carson, Leopold, Muir, and Thoreau” (Thomas Rain Crowe, author of Zoro’s Field: My Life in the Appalachian Woods). “Vivid. . . . Ms. Ruckdeschel’s biography, and the way this wandering soul came to settle for so many decades on Cumberland Island, is big enough on its own, but Mr. Harlan hints at bigger questions.” —The Wall Street Journal “Wild country produces wild people, who sometimes are just what’s needed to keep that wild cycle going. This is a memorable portrait.” —Bill McKibben, author of The End of Nature “Deliciously engrossing. . . . Readers are in for a wild ride.” —The Citizen-Times

*Endurance* Alfred Lansing,2014-04-29 Experience one of the greatest adventure stories of the modern age in this New York Times bestseller: the harrowing tale of British explorer Ernest Shackleton's 1914 attempt to reach the South Pole. In August 1914, polar explorer Ernest Shackleton boarded the Endurance and set sail for Antarctica, where he planned to cross the last uncharted continent on foot. In January 1915, after battling its way through a thousand miles of pack ice and only a day's sail short of its destination, the Endurance became locked in an island of ice. Thus began the legendary ordeal of Shackleton and his crew of twenty-seven men. When their ship was finally crushed between two ice floes, they attempted a near-impossible journey over 850 miles of the South Atlantic's heaviest seas to the closest outpost of civilization. With an introduction by Nathaniel Philbrick, Endurance is the definitive account of Ernest Shackleton's fateful trip. Alfred Lansing brilliantly narrates the gripping and miraculous voyage that has defined heroism for the modern age.

**My First Piano Adventure: Lesson Book A with CD** ,2007-01-01 (Faber Piano Adventures ). Written for ages 5 and 6, My First Piano Adventure captures the child's playful spirit. Fun-filled songs, rhythm games and technique activities develop beginning keyboard skills. Three distinguishing features of the Lesson Book A make it unique and effective for the young 5-6 year old beginner. 1. A strong focus on technique embedded in the book through playful technique games, chants, and carefully-composed pieces that gently lead the child into pianistic motions. 2. An outstanding CD for the young student to listen, sing, tap, and play along with at the piano. The orchestrated songs on the CD feature children singing the lyrics, which has great appeal to the 5-6 year old beginner. The CD becomes a ready-made practice partner that guides the student and parent for all the pieces and activities in the books. 3. The fanciful art features five multi-cultural children who are also learning to play. These friends at the piano introduce basic rhythms, white key names, and a variety of white and black-key songs that span classical, folk, and blues. Young students will listen, sing, create, and play more musically with Nancy and Randall Faber s My First Piano Adventure, Lesson Book A. The Lesson Book introduces directional pre-reading, elementary music theory and technique with engaging songs, games, and creative discovery at the keyboard. Young students will enjoy the multi-cultural friends at the piano who introduce white-key names, basic rhythms, and a variety of songs which span classical, folk, and blues. Ear-training and eye-training are also part of the curriculum. The Fabers' instructional theory ACE - Analysis, Creativity, and Expression, guides the pedagogy of My First Piano Adventure. Analysis leads to understanding, creativity leads to self-discovery, and expression develops personal artistry. The CD for this book offers a unique listening experience with outstanding orchestrations and vocals. The recordings demonstrate a key principle of the course: when children listen, sing, tap, and move to their piano music, they play more musically. View Helpful Introductory Videos Here

**The Port of Adventure** C. N. Williamson,A. M. Williamson,2019-12-23 The Port of Adventure by C. N. Williamson and A. M. Williamson is, at its core, a love story with a California background. On a great ship, a woman sailed away from the Old World, wishing to forget. In her mind was the thought of a far-off place toward which she was traveling. There were no figures in this mental picture. She painted it as a mere flowery background; for she was very tired of people. In the New World, a man lived and worked, and dreamed—when he had time. In the Port of Adventure, anything can happen.

**Gentlemen of the Road** Michael Chabon,2008-09-30 #1 SAN FRANCISCO CHRONICLE BESTSELLER • NAMED ONE OF THE BEST BOOKS OF THE YEAR BY THE CHICAGO TRIBUNE “A picaresque, swashbuckling adventure.”—The Washington Post Book World They’re an odd pair, to be sure: pale, rail-thin, black-clad Zelikman, a moody, itinerant physician fond of jaunty headgear, and ex-soldier Amram, a gray-haired giant of a man as quick with a razor-tongued witticism as with a sharpened battle-ax. Brothers under the skin, comrades in arms, they make their rootless way through the Caucasus Mountains, circa a.d. 950, living as they please and surviving however they can—as blades and thieves for hire and as practiced bamboozlers, cheerfully separating the gullible from their money. But when they are dragooned into service as escorts and defenders to a prince of the Khazar Empire, they soon find themselves the half-willing generals in a full-scale revolution—on a road paved with warriors and whores, evil emperors and extraordinary elephants, secrets, swordplay, and such stuff as the grandest adventures are made of. Praise for *Gentlemen of the Road* “Within a few pages I was happily tangled in [Chabon’s] net of finely filigreed language, seduced by an old-school-style swashbuckling quest . . . laced with surprises and humor.”—San Francisco Chronicle “[Chabon] is probably the premiere prose stylist—the Updike—of his generation.”—Time “The action is intricate and exuberant. . . . It’s hard to resist its gathering momentum, not to mention the sheer headlong pleasure of Chabon’s language.”—The New York Times Book Review “[A] wild, wild adventure . . . abounds with lush language . . . This book roars to be read aloud.”—Chicago Sun-Times

**The Adventure Gap** James Edward Mills,2014-09-24 • Chronicles the first all-African American summit attempt on Denali, the highest point in North America • Part adventure story, part history, and part argument for the importance of inspiring future generations to value nature The nation’s wild places—from national and state parks to national forests, preserves, and wilderness areas—belong to all Americans. But not all of us use these resources equally. Minority populations are much less likely to seek recreation, adventure, and solace in our wilderness spaces. It’s a difference that African American author James Mills addresses in his new book, *The Adventure Gap: Changing the Face of the Outdoors*. Bridging the so-called “adventure gap” requires role models who can inspire the uninitiated to experience and enjoy wild places. Once new visitors are there, a love affair often follows. This is important because as our country grows increasingly multicultural, our natural legacy will need the devotion of people of all races and ethnicities to steward its care. In 2013, the first all-African American team of climbers, sponsored by the National Outdoor Leadership School (NOLS), challenged themselves on North America’s highest point, the dangerous and forbidding Denali, in Alaska. Mills uses Expedition Denali and its team members’ adventures as a jumping-off point to explore how minority populations view their place in wild environments and to share the stories of those who have already achieved significant accomplishments in outdoor adventures—from Mathew Henson, a Black explorer who stood with Peary at the North Pole, to Kai Lightner, a teenage sport climber currently winning national competitions. The goal of the expedition, and now the book, is to inspire minority communities to look outdoors for experiences that will enrich their lives, and to encourage them toward greater environmental stewardship.

**You're the Hero: Pirate Adventure** Lily Murray,2020-04-07 If you could be a pirate and have an adventure, what would it be like? Would you take a reliable robot pal along for the ride, or be accompanied by a crew of mice? Would you encounter an enormous, hungry shark, or would your ship get destroyed in a colossal storm? How would the story end – with you saving the day and finding a chest filled with precious jewels, or with you being swallowed by a giant whale? In *You’re the Hero: Pirate Adventure*, children are the creators of their own stories. As they make their way through the book, readers make choices to decide how their adventure will evolve. From selecting what kind of hero they want to be and where they want to visit, to choosing a dangerous (yet exciting) disaster to face and deciding on how their story will end, the reader is in control of the action from start to finish. Each spread is packed full of vibrant, fun illustrations that the reader will use as a prompt to make their stories from. The book promises hundreds of choices to mix-and-match, meaning that the child can create an almost unlimited amount of narratives, time and time again!

**Adventure Finance** Aunnie Patton Power,2021-05-28 The venture capital model doesn’t work—at least not for 99% of startups and small businesses. In this 99% are a lot of companies with incredible potential: businesses headed by female founders and those from diverse racial backgrounds, organizations headquartered outside of venture capital hubs, and purpose-driven enterprises that are creating social and environmental impact alongside financial success. Counter to what the press-savvy venture capital world would have you believe, there are a lot of funding options out there for startups and small businesses. *Adventure Finance* is designed to help you understand some of these options, and walk you through real examples of how other founders and funders have put them to use. In simple, approachable language, the book breaks down the different types of funding options available from revenue-based financing to recoverable grants to redeemable equity to distributed ownership and more. Through a mix of storytelling and frameworks, based on a decade of research and experience in investing in early-stage companies, this book will give you the ability to determine how each of these structures can contribute to your own funding journey. The goal for this book is to shift the conversation about startup funding and help founders and funders widen the spectrum of “mainstream” investment options in order to make the venture financing world more inclusive and purpose-driven.
