Love Makes a Family Sophie Beer, 2018-12-24 This fun, inclusive board book celebrates the one thing that makes every family a family . . . and that's LOVE. Love is baking a special cake. Love is lending a helping hand. Love is reading one more book. In this exuberant board book, many different families are shown in happy activity, from an early-morning wake-up to a kiss before bed. Whether a child has two moms, two dads, one parent, or one of each, this simple preschool read-aloud demonstrates that what's most important in each family's life is the love the family members share.

Random Family Adrian Nicole LeBlanc, 2012-10-23 This New York Times bestseller intimately depicts urban life in a gripping book that slips behind cold statistics and sensationalism to reveal the true sagas lurking behind the headlines of gangsta glamour. In her extraordinary bestseller, Adrian Nicole LeBlanc immerses readers in the intricacies of the ghetto, revealing the true sagas lurking behind the headlines of gangsta glamour, gold-drenched drug dealers, and street-corner society. Focusing on two romances—Jessica's dizzying infatuation with a hugely successful young heroin dealer, Boy George, and Coco's first love with Jessica's little brother, Cesar—Random

Family is the story of young people trying to outrun their destinies. Jessica and Boy George ride the wild adventure between riches and ruin, while Coco and Cesar stick closer to the street, all four caught in a precarious dance between survival and death. Friends get murdered; the DEA and FBI investigate Boy George; Cesar becomes a fugitive; Jessica and Coco endure homelessness, betrayal, the heartbreaking separation of prison, and, throughout it all, the insidious damage of poverty. Charting the tumultuous cycle of the generations—as girls become mothers, boys become criminals, and hope struggles against deprivation—LeBlanc slips behind the cold statistics and sensationalism and comes back with a riveting, haunting, and true story.

The Family Naomi Krupitsky, 2021-11-02 The Instant New York Times bestseller A TODAY Show Read with Jenna Book Club Pick A captivating debut novel about the tangled fates of two best friends and daughters of the Italian mafia, and a coming-of-age story of twentieth-century Brooklyn itself. Two daughters. Two families. One inescapable fate. Sofia Colicchio is a free spirit, loud and untamed. Antonia Russo is thoughtful, ever observing the world around her. Best friends since birth, they live in the shadow of their fathers' unspoken community: the Family. Sunday dinners gather them each week to feast, discuss business, and renew the intoxicating bond borne of blood and love. But the disappearance of Antonia's father drives a whisper-thin wedge between the girls as they grow into women, wives, mothers, and leaders. Their hearts expand in tandem with Red Hook and Brooklyn around them, as they push against the boundaries of society's expectations and fight to preserve their complex but life-sustaining friendship. One fateful night their loyalty to each other and the Family will be tested. Only one of them can pull the trigger before it's too late.

Families, Families, Families! Suzanne Lang, 2015-03-24 No matter your size, shape, or pedigree--if you love each other, you are a family! Moms, dads, sisters, brothers – and even Great Aunt Sue – appear in dozens of combinations, demonstrating all kinds of nontraditional families! Silly animals are cleverly depicted in framed portraits, and offer a warm celebration of family love. From School Library Journal PreS-Gr 1–Imagine a house with many rooms, whose walls each have a different color or wallpaper, accenting a family portrait hanging there. On a rustic wooden wall hangs the first portrait—a large family of ducks posing beside a still pond. The next spread shows three pandas in pink vests, much like the pink oriental

wallpaper behind them. Each portrait features a gently rhyming line: Some children live with their grandparents.../and some live with an aunt./Some children have many pets.../and some just have a plant. All of these appealing images demonstrate different ways of being a family. Some children live with their father./ Some children have two mothers./Some children are adopted./Some have stepsisters and-brothers. The cartoon-style critters contrast pleasantly with more realistic elements—a bamboo plant, a slender ceramic dog, a fat ceramic cat. Families of hippos, tigers, lions, ostriches, and whales join the other family groups in the final spread. The loud-and-clear message is that if you love each other, then you are a family. And imagine the many children who will be reassured because they have found a portrait of a family they will recognize as their own. A solid choice for most libraries.—Mary Jean Smith, formerly at Southside Elementary School, Lebanon, TN

A Family Is a Family Is a Family Sara O'Leary, 2020-07-10 When a teacher asks her class to think about what makes their families special, the answers are all different, but the same in one important way ... When a teacher asks the children in her class to think about what makes their families special, the answers are all different in many ways – but the same in the one way that matters most of all. One child is worried that her family is just too different to explain, but listens as her classmates talk about what makes their families special. One is raised by a grandmother, and another has two dads. One has many stepsiblings, and another has a new baby in the family. As her classmates describe who they live with and who loves them – family of every shape, size and every kind of relation – the child realizes that as long as her family is full of caring people, it is special. A warm and

whimsical look at many types of families, written by award-winning author Sara O’Leary, with quirky and sweet illustrations by Qin Leng. A Nearly Normal Family M. T. Edvardsson, 2019-06-25 Now a Netflix Limited Series ...A compulsively readable tour de force. -The Wall Street Journal New York Times Book Review recommends M.T. Edvardsson's A Nearly Normal Family and lauds it as a "page-turner" that forces the reader to confront "the compromises we make with ourselves to be the people we believe our beloveds expect." (NYTimes Book Review Summer Reading Issue) M.T. Edvardsson's A Nearly Normal Family is a gripping legal thriller that forces the reader to consider: How far would you go to protect the ones you love? In this twisted narrative of love and murder, a horrific crime makes a seemingly normal family question everything they thought they knew about their life-and one another. Eighteen-year-old Stella Sandell stands accused of the brutal murder of a man almost fifteen years her senior. She is an ordinary teenager from an upstanding local family. What reason could she have to know a shady businessman, let alone to kill him? Stella's father, a pastor, and mother, a criminal defense attorney, find their moral compasses tested as they defend their daughter, while struggling to understand why she is a suspect. Told in an unusual three-part structure, A Nearly Normal Family asks the questions: How well do you know your own children? How far would you go to protect them?

Weaving a Family Barbara Katz Rothman, 2005 A man, a woman, and their

biological children, all of the same race, the mythical nuclear family has been the bedrock of American cultural, religious, social, and economic life since the Revolutionary War, and even with all the changes we have absorbed in the last sixty years, it essentially remains so. Current trends in adoption, however, have begun to shift the dominant paradigm of the family in ways never before imagined. Professional estimates show that in the United States today, seven million families have been formed by adoption, and 700,000 of them are interracial. These still-growing numbers have begun to radically change the face of the traditional American family. Barbara Katz Rothman, a noted sociologist who has explored motherhood in four previous books and has more recently explored the social implications of the human genome project, now turns her eye toward race and family. Weaving together the sociological, the historical, and the personal, Barbara Katz Rothman looks at the contemporary American family through the lens of race, race through the lens of adoption, and all-family, race, and adoption-within the context of the changing meanings of motherhood. She asks urgent and provocative questions about children as commodities, about trophy children, about the impact of genetics, and about how these adopted children will find their racial, ethnic, or cultural identities. Drawing on her own experience as the white mother of a black child, on historical research on white people raising black children from slavery to contemporary times, and pulling together work on race, adoption, and consumption, Rothman offers us new insights for understanding the way that race and family are shaped in America today. This book is compelling reading, not only for those interested in family and society, but for anyone grappling with the myriad issues that surround raising a child of a different race.

A Normal Family is a captivating coming-of-age memoir about Chrysta's reckoning with the secrets both parents had carefully kept from her.
