The Danger of Raising Nice Kids Timothy Smith, 2009-09-20 Nice is not enough. We are raising a generation of nice kids. Nice kids are well behaved and look good on the outside, but they often lack courageous character inside. Offering practical wisdom gleaned from his experience as a parent and family coach, Tim Smith helps you move your kids from simply polite to truly compassionate. He targets nine key qualities children need but often lack and shows you how to build them into your children by modeling core values and biblical practices. Your kids can be--and indeed, are meant to be--kingdom builders who help bring God's light and life to others through their decisions and influence. Being nice won't help them stand apart, Tim says. We need to strategically train our children to engage and challenge the popular views of our culture. Here is a clear, down-to-earth resource that will help you do just that. But be prepared for change--in you, in your kids and in the world.

Why Is My Child in Charge? Claire Lerner, 2021-09-02 Solve typical toddler challenges with eight key mindshifts that will help you parent with clarity, calmness and self-control. Through stories from her practice, Claire Lerner shows parents how making critical mindshifts--seeing their children's behaviors through a new lens--empowers parents to solve their most vexing childrearing challenges. This process puts parents back in the driver's seat, where they belong and where their children need them to be. These real life stories provide a roadmap for how to tune into the root causes of children's behavior and how to create and implement strategies that are tailored to the unique needs of each child and family. Through these stories, Claire provides a treasure trove of practical solutions that are based in science and which work in real life. *Why Is My Child In Charge?* picks up where other books have left parents hanging. Most parenting books offer solutions that sound good on paper but don't work in practice. They are aspirational rather than achievable, or they offer one-size-fits-all approaches that don't meet the needs of an individual child. They can compound parents' feelings of frustration and thus, can be counterproductive. Case by case, Claire unpacks the individualized process she guides parents through to solve the most common challenges such as throwing tantrums in public; delaying bedtime for hours; refusing to participate in family mealtimes; and resisting potty training. Employing a relatable story-telling approach, Claire elucidates: The faulty mindsets that pose obstacles to parents seeing the situation more objectively The essential mindshifts that enable parents to quickly identify the root causes of the problem The development of an action plan tailored to each unique child and family *Why is My Child in Charge?* is like having a child development specialist in your home. It shows how you can develop "win-win" strategies that translate into adaptable, happy kids and calm, connected and in-control parents. It will help you be the parent you want to be.

The New Childhood Jordan Shapiro, 2018-12-31 A provocative look at the new, digital landscape of childhood and

how to navigate it. In *The New Childhood*, Jordan Shapiro provides a hopeful counterpoint to the fearful hand-wringing that has come to define our narrative around children and technology. Drawing on groundbreaking research in economics, psychology, philosophy, and education, *The New Childhood* shows how technology is guiding humanity toward a bright future in which our children will be able to create new, better models of global citizenship, connection, and community. Shapiro offers concrete, practical advice on how to parent and educate children effectively in a connected world, and provides tools and techniques for using technology to engage with kids and help them learn and grow. He compares this moment in time to other great technological revolutions in humanity's past and presents entertaining micro-histories of cultural fixtures: the sandbox, finger painting, the family dinner, and more. But most importantly, *The New Childhood* paints a timely, inspiring and positive picture of today's children, recognizing that they are poised to create a progressive, diverse, meaningful, and hyper-connected world that today's adults can only barely imagine.

The Second Family Ron Taffel, Melinda Blau, 2002-02-11 Describes the power peer groups and pop culture have over teens and explains how this power has affected the classic family dynamic and changed the traditional American family.

It's Just a Phase - So Don't Miss It Reggie Joiner, Kristen Ivy, 2015-05-15 Every church knows that kids matter. A better question is, does your church act like every kid matters at every phase? A phase is a timeframe in kids' lives when you can leverage distinctive opportunities to influence their future. That means the whining infant, the dramatic fifth grader, and the stressed-out tenth grader are not just going through a phase that should be wished away. Instead, they are transitioning through a critical phase that you are called to discover, celebrate, and navigate strategically with them. This book presents a challenge to churches to treat every kid who breathes like they are made in the image of God. When you keep acting like every kid and teenager has the potential ... to believe, imagine, and love ... to care, relate, and trust ... to reason, improve, and lead It can change ... how the parents next door see your church. how the elders value teenagers. how the executive staff views children and youth ministry. how you organize what you do every week. how first graders see themselves. But more importantly ... it can change how every kid sees God, and that could change every kid's future.

A Spiritual Heritage Glen Schuknecht, Ellen Schuknecht, 2017-10-24 A guide for raising children to be Christ-following adults and parents With three adult children, eleven grandkids, and over forty-five years in Christian education, Glen and Ellen Schuknecht are asked a lot of parenting questions. But the most common question is always How do I raise my kids to love God and love family--even after they've left my nest? The truth is that all the rules in the world will do nothing if parents don't reach their kids' hearts. Through compelling, insightful stories from parents and grandparents who've been in the trenches, the Schuknechts demonstrate why that heart-level connection is so crucial in building long-lasting, connected relationships with a foundation of Christ. These stories are intertwined with ideas, tips, and biblical truths any parent can engage with, including a parent-coaching questionnaire to help readers build a more connected parenting style. The authors' fresh approach empowers parents to find their own vision for their families, tailor-made to their children and their circumstances. There's no magic formula here--just truth, grace, and hope instead of to-do lists. Glen and Ellen come alongside fellow parents and grandparents to help them find the ideas they crave, the hope they need, and the grace they must have to raise passionate and God-connected future generations.
