*Who Sang the First Song?* Ellie Holcomb, 2018-10-04 Have you ever wondered who hummed the first tune? Was it the flowers? The waves or the moon? Dove Award-winning recording artist Ellie Holcomb answers with a lovely lyrical tale, one that reveals that God our Maker sang the first song, and He created us all with a song to sing. Go to [bhkids.com](http://bhkids.com) to find this book's Parent Connection, an easy tool to help moms and dads (or anyone else who loves kids) discuss the book's message with their child. **Music/Video** Gina Arnold, Daniel Cookney, Kirsty Fairclough, Michael Goddard, 2017-08-30 This book is a lively, comprehensive and timely reader on the music video, capitalising on cross-disciplinary research expertise, which represents a substantial academic engagement with the music video, a mediated form and practice that still remains relatively under-explored in a 21st century context. The music video has remained suspended between two distinct poles. On the one hand, the music video as the visual sheen of late capitalism, at the intersection of celebrity studies and postmodernism. On the other hand, the music video as art, looking to a prehistory of avant-garde film-making while perpetually pushing forward the digital frontier with a taste for anarchy, controversy, and the integration of special effects into a form designed to be disseminated across digital platforms. In this way, the music video virally re-engenders debates about high art and low culture. This collection presents a comprehensive account of the music video from a contemporary 21st century perspective. This entails revisiting key moments in the canonical history of the music video, exploring its articulations of sexuality and gender, examining its functioning as a form of artistic expression between music, film and video art, and following the music video's dissemination into the digital domain, considering how digital media and social media have come to re-invent the forms and functions of the music video, well beyond the limits of "music television".

**Hand to Hold** JJ Heller, 2021-07-20 This heartwarming picture book reassures children that a parent's love never lets go—based on the poignant lyrics of JJ Heller's beloved lullaby "Hand to Hold." "May the living light inside you be the compass as you go / May you always know you have my hand to hold." With delightful illustrations and an engaging rhyme scheme, this book offers the promise of security and love every child's heart longs to know. From skipping stones and counting stars to climbing trees and telling stories, every moment is wrapped snugly in the certain warmth of a parent's presence and God's blessing. With poignancy and joy, this bedtime read captures the unconditional love parents want their children to know but so often fail to express amid the chaos of daily life.

Behind the Scenes at a Music Video Melissa Firth, 2014-08-01 Take an in-depth look at how music videos are made.

**Experiencing Music Video** Carol Vernallis, 2004-06-16 Music videos have ranged from simple tableaux of a band playing its instruments to multimillion dollar, high-concept extravaganzas. Born of a sudden expansion in new broadcast channels, music videos continue to exert an enormous influence on popular music. They help to create an artist's identity, to affect a song's mood, to determine chart success: the music video has changed our idea of the popular song. Here at last is a study that treats music video as a distinct multimedia artistic genre, different from film, television, and indeed from the songs they illuminate—and sell. Carol Vernallis describes how verbal, musical, and visual codes combine in music video to create defining representations of race, class, gender, sexuality, and performance. The book explores the complex interactions of narrative, settings, props, costumes, lyrics, and much more. Three chapters contain close analyses of important videos: Madonna's *Cherish*, Prince's *Gett Off*, and Peter Gabriel's *Mercy St.*

**Solid State** Jonathan Coulton, Matt Fraction, 2017-07-26 From musician, singer-songwriter, and internet

superstar JONATHAN COULTON comes the graphic novel accompaniment (in square-bound, 10 x 10 format) to his new concept album, *SOLID STATE*. Two guys, connected by a name and hundreds of years, somehow stand at the end of man's beginning, and the beginning of man's end. But...it's funny? Also kind of a nightmare. But mostly funny? A funny science FAcTion nightmare about the end of everything, but how that's all kind of okay. Teaming up with MATT FRACTION, the writer of *SEX CRIMINALS*, *CASANOVA*, and *ODY-C*; and the award-winning Spanish artist of Universe! ALBERT MONTEYS, COULTON's *SOLID STATE* is a tech mashup where 2001: A Space Odyssey meets Office Space and getting all we ever wanted might just be a terrible idea.

**Traveling Music Videos** Tomáš Jirsa, Mathias Bonde Korsgaard, 2023-10-05 *Traveling Music Videos* offers a new interdisciplinary perspective on how contemporary music videos travel across, shape, and transform various media, online platforms, art institutions, and cultural industries worldwide. With the onset of digital technologies and the proliferation of global video-sharing websites at the beginning of the 21st century, music video migrated from TV screens to turn instead to the internet, galleries, concert stages, and social media. As a result, its aesthetics, technological groundings, and politics have been radically transformed. From the kinaesthetic experience of TikTok to the recent reimaginations of maps and navigation tools through music video cartographies, from the ecofeminist voices mediated by live-stream concerts to the transmedia logic of video games and VR, from the videos' role in contemporary art galleries to their political interventions -the chapters map the ways music video is continually reconfiguring itself. The volume tracks music video's audiovisual itineraries across different geographies, maps its transmedia routes, and tackles the cultural impact that it has on our current media ecosystem.

**Unruly Media** Carol Vernallis, 2013-11 *Unruly Media* is the first book to account for the current audiovisual landscape across media and platform. It includes new theoretical models and close readings of current media as well as the oeuvre of popular and influential directors.

**Making Music Videos** Lara M. Schwartz, 2007 *Making Music Videos*, written by industry insider Lara M. Schwartz, reveals the nuts and bolts of making videos, including all the technical and managerial skills that producers and directors must have. From development, to writing a treatment, budgeting, assembling a crew, and preproduction, to the shoot, postproduction, and wrapping out; clear step-by-steps show exactly what moves to make them. Comments from some of the biggest names in music-video production today, including Nigel Dick, Marcos Siega, Sanaa Hamri, Roman Coppola, Mug, and others offer inspiration to aspiring creatives everywhere.

**A Special Place for Women** Laura Hankin, 2022-05-24 As seen on Good Morning America as a Summer Reads Pick "One of the smartest, sharpest, and funniest books I've read in years... Some books are meant to be devoured—this one does the devouring."—Emily Henry, #1 New York Times bestselling author of *People We Meet on Vacation* One of Summer 2021's Most Anticipated Novels Good Morning America, Cosmopolitan, Good Housekeeping, Real Simple, theSkimm, E! Online, Oprah Daily, The New York Post, Woman's Day, Parade, Bustle, Yahoo!, The Stripe, Popsugar, Medium, Lithub, Book Riot, The Nerd Daily, and more! It's a club like no other. Only the most important women receive an invitation. But one daring young reporter is about to infiltrate this female-run secret society, whose bewitching members are caught up in a dark and treacherous business. From the author of *Happy and You Know It*. For years, rumors have swirled about an exclusive, women-only social club where the elite tastemakers of NYC meet. People in the know whisper all sorts of claims: Membership dues cost \$1,000 a month. Last time Rihanna was in town, she stopped by and got her aura read. The women even handpicked the city's first female mayor. But no one knows for sure. That is, until journalist Jillian Beckley decides she's going to break into the

club. With her career in freefall, Jillian needs a juicy scoop, and she has a personal interest in bringing these women down. But the deeper she gets into this new world—where billionaire girlbosses mingle with witchy Bohemians—the more Jillian learns that bad things happen to those who dare to question the club's motives or giggle at its outlandish rituals. The select group of women who populate the club may be far more powerful than she ever imagined. And far more dangerous too.

**Experiencing Music Video** Carol Vernallis, 2004 Treats music video as a distinct multimedia artistic genre, different from film, television, and photography and describes how musical and visual codes work together.

**The History of Music Videos** Hal Marcovitz, 2012-06-22 The first official music videos aired in the 1970s, but the seeds for making music something more than a pleasure for the ears were planted decades earlier. This book covers the birth of the music video, starting in the 1920s and 1930s when the first great movie musicals were produced, then details how MTV revolutionized the industry by making the film production as important as song production. Author Hal Marcovitz explains the various music video styles and differences in production value. Concluding chapters highlight the Internet video sensations of today and the interactive features that will likely characterize the genre tomorrow.

**Reinventing Music Video** Matt Hanson, 2006 This is a unique title; no current showcase of the best contemporary music videos exists, despite the area being a popular, flourishing hub of creative activity. **The Right Way to Rock** Nat Amore, 2021-06-01 Without music, the world is just blah. That's my take on life, anyway. Mum says rock is the only music worth listening to, but I think everyone should find their own beat. When I hear that Principal Keiren plans to cut all of the arts classes at Watterson Primary, there's no way me and my new mate Flynn are gonna let that happen. We're dragging our secret Broadway appreciation society into the spotlight. It's time for Watterson: The Musical!

***Sound and Vision*** Simon Frith, Andrew Goodwin, Lawrence Grossberg, 2005-12-01 *Sound and Vision* is the first significant collection of new and classic texts on video and brings together some of the leading international cultural and music critics writing today. Addressing one of the most controversial forms of popular culture in the contemporary world, *Sound and Vision* confronts easy interpretations of music video - as promotional vehicles, filmic images and postmodern culture - to offer a new and bold understanding of its place in pop music, television and the media industries. The book acknowledges the history of the commercial status of pop music as a whole, as well as its complex relations with other media. *Sound and Vision* will be an essential text for students of popular music and popular culture.

**Music Video After MTV** Mathias Bonde Korsgaard, 2017-05-18 Since the 1980s, music videos have been everywhere, and today almost all of the most-viewed clips on YouTube are music videos. However, in

academia, music videos do not currently share this popularity. *Music Video After MTV* gives music video its due academic credit by exploring the changing landscapes surrounding post-millennial music video. Across seven chapters, the book addresses core issues relating to the study of music videos, including the history, analysis, and audiovisual aesthetics of music videos. Moreover, the book is the first of its kind to truly address the recent changes following the digitization of music video, including its changing cycles of production, distribution and reception, the influence of music videos on other media, and the rise of new types of online music video. Approaching music videos from a composite theoretical framework, *Music Video After MTV* brings music video research up to speed in several areas: it offers the first account of the research history of music videos, the first truly audiovisual approach to music video studies and it presents numerous inspiring case studies, ranging from classics by Michel Gondry and Chris Cunningham to recent experimental and interactive videos that interrogate the very limits of music video.
