14 Miles DW Gibson, 2021-07-27 An esteemed journalist delivers a compelling on-the-ground account of the construction of President Trump's border wall in San Diego—and the impact on the lives of local residents. In August of 2019, Donald Trump finished building his border wall—at least a portion of it. In San Diego, the Army Corps of engineers completed two years of construction on a 14-mile steel beamed barrier that extends eighteen-feet high and cost a staggering \$147 million. As one border patrol agent told reporters visiting the site, “It was funded and approved and it was built under his administration. It is Trump's wall.” 14 Miles is a definitive account of all the dramatic construction, showing readers what it feels like to stand on both sides of the border looking up at the imposing and controversial barrier. After the Department of Homeland Security announced an open call for wall prototypes in 2017, DW Gibson, an award-winning journalist and Southern California native, began visiting the construction site and watching as the prototype samples were erected. Gibson spent those two years closely observing the work and interviewing local residents to understand how it was impacting them. These include April McKee, a border patrol agent leading a recruiting program that trains teenagers to work as agents; Jeff Schwilk, a retired Marine who organizes pro-wall rallies as head of the group San Diegans for Secure Borders; Roque De La Fuente, an eccentric millionaire developer who uses the construction as a promotional opportunity; and Civile Ephedouard, a Haitian refugee who spent two years migrating through Central America to the United States and anxiously awaits the results of his asylum case. Fascinating, propulsive, and incredibly timely, 14 Miles is an important work that explains not only how the wall has reshaped our landscape and countless lives but also how its shadow looms over our very identity as a nation.

The Only Cleanse: A 14-Day Natural Detox Plan to Jump-Start a Lifetime of Health Samantha Heller, 2015-05-04 News flash: Your body already knows how to detox; you just need to turn on the right cues to make it happen. Here's how, with a 14-day plan that will change your life forever. Time to detox and cleanse? Don't go with a fad diet that makes promises you can't keep (all juice, all the time—sound familiar?). Instead, turn to Samantha Heller for a program that really works. Cleanses, detoxes, and other purifying practices have been around for hundreds of years, from fasting to juicing and everything in between. Not all of them are tried-and-true, and most aren't scientifically sound. But finally, here it is: the only cleanse you'll ever need. The Only Cleanse is uniquely designed to fully integrate, elevate, and reestablish the body's biochemical balance. Heller uses a five-pronged approach that covers diet, stress, emotions, exercise, and sleep. She also reviews existing detox plans and explains the pros and cons, further emphasizing why her plan is the only one you need.

14 Peter Clines, 2014-07-15 Padlocked doors. Strange light fixtures. Mutant cockroaches. There are some odd things about Nate's new apartment. Chosen by Audible.com as the best sci-fi novel of 2012! Padlocked doors. Strange light fixtures. Mutant cockroaches. There are some odd things about Nate's new apartment. Of course, he has other things on his mind. He hates his job. He has no money in the bank. No girlfriend. No plans for the future. So while his new home isn't perfect, it's livable. The rent is low, the property managers are friendly, and the odd little mysteries don't nag at him too much. At least, not until he meets Mandy, his neighbor across the hall, and notices something unusual about her apartment. And Xela's apartment. And Tim's. And Veek's. Because every room in this old Los Angeles brownstone has a mystery or two. Mysteries that stretch back over a hundred years. Some of them are in plain sight. Some are behind locked doors. And all together these mysteries could mean the end of Nate and his friends. Or the end of
