**Playing to Win** Hilary Levey Friedman, 2013-08-03 *Playing to Win: Raising Children in a Competitive Culture* follows the path of elementary school-age children involved in competitive dance, youth travel soccer, and scholastic chess. Why do American children participate in so many adult-run activities outside of the home, especially when family time is so scarce? By analyzing the roots of these competitive afterschool activities and their contemporary effects, *Playing to Win* contextualizes elementary school-age children's activities, and suggests they have become proving grounds for success in the tournament of life—especially when it comes to coveted admission to elite universities, and beyond. In offering a behind-the-scenes look at how Tiger Moms evolve, *Playing to Win* introduces concepts like competitive kid capital, the carving up of honor, and pink warrior girls. Perfect for those interested in childhood and family, education, gender, and inequality, *Playing to Win* details the structures shaping American children's lives as they learn how to play to win.
