

12 Hour Schedules For 6 Days A Week

Susan J. Penner

Nursing Management Secrets Polly Gerber Zimmermann,2002

This book provides a basic overview of key areas that a nurse manager needs to know in order to manage effectively. Beyond literature review and theories, it will provide practical tips from the authors' experience and expertise. New ideas are presented for handling age-old problems as well as for dealing with emerging issues. Examples include office organization, managing change, resource utilization/case management (with a pattern that can be imitated), generation X, and handling multiple departments. The question and answer format provides quick snippets of information directed toward a specific need. Engaging, interactive Q & A format
Concise answers with valuable pearls, tips, memory aids, and secrets
Over 30 succinct chapters written for quick review
All the most important, need-to-know questions and answers in the proven format of the highly acclaimed Secret Series
Thorough, highly detailed index

Economics and Financial Management for Nurses and Nurse Leaders Susan J. Penner,2013-03-21 Print+CourseSmart

Economics and Financial Management for Nurses and Nurse Leaders, Third Edition Susan J. Penner, RN, MN, MPA, DrPH,

CNL,2016-08-28 Written by and for nurses, this key foundational text helps to build the fundamental economics and financial management skills nurses and nurse leaders need for daily use. This third edition delivers several new features, adding to its value as the only timely and relevant text written for the full spectrum of RN-to-BSN, BSN, and MSN students. It has been significantly revised to simplify content, to address the vast changes in and increasing complexity of U.S. health care financing, and to be useful in both traditional in-class format and hybrid and online programs. Two new and refocused chapters address assessing financial health and nurse entrepreneurship and practice management, and new material illuminates recent research findings and statistics. Chapters feature worksheets such as business plan checklists and text boxes expanding on key chapter content. The book is distinguished by its provision of case examples based on nurse-run clinic and inpatient nursing unit financial issues. It provides multiple opportunities for experiential learning, such as writing business plans and health program grant proposals. It delivers cost-benefit and cost-effectiveness analyses, discusses budget preparation, offers strategies for controlling budget costs, and updates relevant health policies and statistics. The text's

engaging format promotes the synthesis of economics and finance across the nursing curriculum through the use of end-of-chapter exercises, discussion questions, and games based on concepts within the text. Additionally, tips throughout the book alert students about the need to apply concepts from other aspects of their education to economic and financial situations. Also included are online supplemental materials for teachers and students, including Excel spreadsheets, grant proposals, a test bank, and PowerPoint slides. New to the Third Edition: Updates health reform, health care spending, and other relevant policies and statistics Includes two new and refocused chapters that address assessing the financial health of a business and nurse entrepreneurship and practice management Highlights recent research findings and key concepts in text boxes Provides blank and completed worksheets, such as business plan checklists, so nurses can apply financial concepts in their clinical settings Fosters understanding of key concepts with enhanced explanations and samples of business plans and other reports Key Features: Aligned with AACN and AONE guidelines, the CNL certification exam, and QSEN competencies Serves as a primary financial management text for multiple nursing academic programs Facilitates experiential learning through end-of-chapter

exercises, games, tips for synthesizing knowledge, worksheets, and case examples Designed for use in traditional classrooms and in hybrid and online learning programs Includes a chapter on measuring nursing care with indicators for capacity, staffing, patient acuity, performance, and patient flow NEW! a FREE Q&A App is available (see inside front cover)

Penner's Economics and Financial Management for Nurses and Nurse Leaders Mary Lynne Knighten, DNP, RN, NEA-BC,KT Waxman, DNP, MBA, RN, CNL, CENP, CHSE, FSSH, FAAN, FAONL,2023-05-02 Holds a proven track record of success in teaching healthcare business basics to nurses This acclaimed text helps to build the fundamental economic and financial management skills nurses and nurse leaders need to be successful in daily practice and career advancement. The updated fourth edition includes new and revised case studies reflecting current trends and increased coverage of budget strategies, forecasting, and the financial impact of COVID-19. It is rewritten to provide greater clarity for readers unfamiliar with budgets and features a new two-color design to enhance readability. Additionally, the text reflects current AACN Essentials: Core Competencies for Professional Nursing Education and updated sample business plans, grant

proposals, and other essential reports along with providing augmented Instructor Resources. The book--written by nurses for nurses--is designed to help readers understand the impact of healthcare economics and finance in their day-to-day clinical and leadership work. While it covers advanced practice topics and responsibilities, the text's readability and foundational content make it useful for nurses at all levels. It also delivers content essential for nurse entrepreneurs and other nurse leaders with its explanations of how national and global economics affect the health care industry, and how health insurance strategies affect consumer access and outcomes. The text provides multiple opportunities for experiential learning, such as writing business plans and grant proposals and engaging in discussions. It delivers cost-benefit and cost-effectiveness analyses, discusses budget preparation, offers strategies for controlling budget costs, and updates relevant health policies and statistics. Abundant Instructor Resources feature chapter-based Excel workbooks and PowerPoints, a test bank, and crossword puzzles with answers. Purchase includes digital access for use on most mobile devices or computers. New to the Fourth Edition: New and revised cases reflect current trends Increased coverage of budget strategies, forecasting, and the financial impact

of COVID-19 and legislative changes Streamlined approach
simplifies content for readers new to budgets New and updated
definitions New and revised/updated chapters Two-color design
enhances readability Reflect current AACN Essentials Enhances
popular Instructor Resources Updates sample business plans,
grant proposals, and other essential reports Key Features: Equally
useful for RN-BSN, MSN, and DNP, programs Aligned with AACN
and AONL guidelines and certification and competency standards
Facilitates experiential learning with end-of-chapter exercises, tips
for synthesizing knowledge, worksheets, and case examples
Effective in traditional, hybrid, and online learning environments
