Fifteen Thousand Useful Phrases Grenville Kleiser, 1978-11-01

Fifteen Thousand Useful Phrases Grenville Kleiser, 2015-03-17 The study of words, phrases, and literary expressions is a highly interesting pursuit. There is a reciprocal influence between thought and language. What we think molds the words we use, and the words we use react upon our thoughts. Hence a study of words is a study of ideas, and a stimulant to deep and original thinking. We should not, however, study sparkling words and sonorous phrases with the object of introducing them consciously into our speech. To do so would inevitably lead to stiltedness and superficiality. Words and phrases should be studied as symbols of ideas, and as we become thoroughly familiar with them they will play an unconscious but effective part in our daily expression.

Fifteen Thousand Useful Phrases a Practical Handbook of Pertinent Expressions, Striking Similes, Literary. Commercial, Conversational and Oratorical T Grenville Kleiser, 2012-06 A wholly comendable book that will improve your writing and speaking immensely. Fifteen Thousand Useful Phrases by Grenville Kleiser contains a powerful and dynamic method that may be used to attain a larger repertoire of words. If applied correctly, this prodigious book will not only increase your inventory of words but will introduce you to an innumerable and serendipitous wealth of words such that your writing and speaking could become the envy of your readers and/or listeners. If you love language like I do, if you recognize the beauty in a well-turned phrase, if you appreciate how precisely chosen words and phrases can evoke new ideas and new trains of thought, AND if you want an edition of Fifteen Thousand Useful Phrases that is fantastic to use - Get This Book!

500 Really Useful English Phrases Jenny Smith, 2018-02-21 This book is Volume 1-3 of the very popular series 150 Really Useful English Phrases. Do You Feel Stuck in the Intermediate English Level? Do you want to break out and start improving quickly? Then this is the perfect book to help you move up to the advanced level and start using everyday English fluently. What made me want to write this book? After years of teaching intermediate students who never seemed to improve I decided to find out what the problem was. Essentially, intermediate students get stuck because learning at this stage is a different type of learning than at the beginner stage. You have mastered the grammar and the basic vocabulary but most textbooks just carry on like nothing has changed. However, what you need at the intermediate stage is not just more dry grammar and lists of vocabulary, but to be exposed to as much

'real' English in as many 'real-life' situations as possible. This will help you start to understand what people are actually saying and not just 'textbook' English. It will also help you to naturally 'get a feel' for the language. Because I couldn't find a book that introduced everyday English phrases in a fun and engaging way I decided to write one myself. How will this book help you? Every new phrase is introduced in the real context of a short story or an article. So by having fun and reading something interesting you will be learning naturally rather than having to force yourself to study. It's a simple fact that if you are having fun you will learn quicker and more easily. This series of books is an excellent way to be exposed to 'real everyday English phrases' but with the guidance of clear explanations and examples in simple English. Basically it uses simple language to introduce more complex phrases so you are eased into a more advanced level. All of the phrases in this book are in common use and are the key to unlocking fluency. I have only included phrases which I have heard recently in conversation or on the radio or television. If it is in this book it is in everyday use. So, if you are sick of being stuck and want to improve in a fun and engaging way, please press the buy button on the top right of this page to get started today.

500 Really Useful English Phrases Jennifer Russell Smith, 2016

The Complete English Master Jenny Smith, 2014-11-24 HOW TO MASTER ENGLISH

This book is all 3 volumes of the very popular 'Master English in 12 Topics' series. Once you master the vocabulary in this book you will have a very good foundation for speaking fluently about 36 everyday topics. This book is the ultimate stepping stone from 'intermediate' to 'advanced' English. Lots of intermediate English speakers tend to get trapped using the same vocabulary over and over again. They often only speak about subjects they know the words for and avoid anything outside of their 'comfort zone'. The problem with this is that even though they sound ok, they never really get any better. If you really want to improve, you need to be able to speak about a wide range of topics. For this, you will need to learn the special vocabulary connected to these topics. What are the benefits of using this book? You will learn over 600 useful words and phrases. You will be able to speak about 36 new topics with confidence. This will greatly improve your English conversational ability. All new words and phrases are introduced in fun and interesting articles and stories. So you will learn naturally. Everything is explained in easy to understand English, so you can get used to 'thinking in English'. There are 100's of example sentences to help you understand how these words and phrases are used in everyday language. For each topic I have listed useful television shows and YouTube channels to help you practice your new vocabulary. Remember these are all topics that native speakers often talk about. They also tend to use specialised language so it's important that you know it too. If you are in the intermediate level and are looking to really improve then this a great place to start. Get started on your journey to English fluency today by clicking the buy button.
