**How Dare We! Write** Sherry Quan Lee, 2017-01-01 How Dare We! Write: a multicultural creative writing discourse offers a much needed corrective to the usual dry and uninspired creative writing pedagogy. The collection asks us to consider questions, such as What does it mean to work through resistance from supposed mentors, to face rejection from publishers and classmates, and to stand against traditions that silence you? and How can writers and teachers even begin to make diversity matter in meaningful ways on the page, in the classroom, and on our bookshelves? *How Dare We! Write* is an inspiring collection of intellectually rigorous lyric essays and innovative writing exercises; it opens up a path for inquiry, reflection, understanding, and creativity that is ultimately healing. The testimonies provide a hard won context for their innovative paired writing experiments that are, by their very nature, generative. -- Cherise A. Pollard, PhD, Professor of English, West Chester University of Pennsylvania So-called "creative writing" classes are highly politicized spaces, but no one says so; to acknowledge this obvious fact would be to up-end the aesthetics, cultural politics (ideology) and economics on which most educational institutions are founded. How Dare We! Write, a brilliant interventive anthology of essays, breaks this silence. -- Maria Damon, Pratt Institute of Art; co-editor of Poetry and Cultural Studies: A Reader How Dare We! Write a collection of brave voices calling out to writers of color everywhere: no matter how lonely, you are not alone; you are one in a sea of change, swimming against the currents. -- Kao Kalia Yang, author of The Latecomer: A Hmong Family Memoir, and The Song Poet, a 2017 Minnesota Book Award winner How Dare We! Write is a much needed collection of essays from writers of color that reminds us that our stories need to be told, from addressing academic gatekeepers, embracing our identities, the effects of the oppressor's tongue on our psyche and to the personal narratives that help us understand who we are. -- Rodrigo Sanchez-Chavarria, writer, spoken word poet/performer and contributing author to A Good Time for the Truth: Race in Minnesota Learn more at <http://blog.SherryQuanLee.com> From Modern History Press [www.ModernHistoryPress.com](http://www.ModernHistoryPress.com)

This book shows how we go about doing this responding. Contributors discuss practice-led research in creative writing. They look at the ways a writer can use language or employ genre and consider how we each define themes and subjects and use writing techniques to explore to these themes and subjects. In examining creative writing teaching, the contributions gathered here suggest that teaching can be more responsive, more engaged with student interests, and more successful. This book shows that exploring creative writing, through a variety of means, can produce inventive, energetic results that can improve our own creative writing, as well as substantially contribute to our critical understanding of creative writing.

*Joy Write* Ralph Fletcher, 2017 A writer needs wide latitude so she can bring all her intelligence to the task, Ralph observes. Assigning a particular format -- a hamburger essay, for instance -- would curtail this play, if not eliminate it entirely. That's why, instead of teacher-driven assignments, *Joy Write* shares the whys and the how of giving students time and autonomy for the playful, low-stakes writing that leads to surprising, high-level growth. First Ralph makes the case for carving out classroom time for low-stakes writing, despite pressure to focus on persuasive essays and test prep. Then he shares five big ideas for choice-driven, authentic, informal writing -- deeply engaging work that kids want to do. He also provides numerous suggestions for helping students build and flex their writing muscles, increase their stamina, and develop passion for expressing themselves with the written word. -- Provided by publisher.

Third Mind Tonya Foster, Kristin Prevallet, 2002 Making the connection between writing and visual art can activate what William Burroughs called The Third Mind--from the confluence of the two art forms, something new, or other, emerges. This new anthology of essays about the challenges and rewards of uniting art and writing not only demonstrates how visual art can spark wonderful student writing, but goes much further, offering novel insights into the creative process. The result, editors Foster and Prevallet demonstrate, produces a new spirit of collaboration, one which in turn opens up dramatic possibilities for teachers, students, and the classroom dynamic. The 20 essays in Third Mind--by teachers, poets, writers, artists, and museum educators from across the country--offer ideas on a diverse array of artistic disciplines, among them, quilt-making, Chinese calligraphy, abstract painting, and photographic portraiture. Third Mind also features 20 pages of gorgeous color plates, as well as an inspiring bibliography of works on visual art and creative writing.

*The Scottish Invention of English Literature* Robert Crawford, 1998-06-28 The Scottish Invention of English Literature explores the origins of the teaching of English literature in the academy. It demonstrates how the subject began in eighteenth-century Scottish universities before being exported to America and other countries. The emergence of English as an institutionalised university subject was linked to the search for distinctive cultural identities throughout the English-speaking world. This book explores the role the discipline played in administering restraints on the expression of indigenous literary forms, and shows how the growing professionalisation of English as a subject offered a breeding ground for academics and writers with an interest in native identity and cultural nationalism. This book is a comprehensive account of the historical origins of the university subject of English literature and provides a wealth of new material on its particular Scottish provenance.
