The Penguin Book of Card Games David Parlett,2008-08-07 The Penguin Book of Card Games is the authoritative up-to-date compendium, describing an abundance of games to be played both for fun and by serious players. Auctions, trumps hands, cross-ruffing and lurching: card players have a language all of their own. From games of high skill (Bridge) to games of high chance (Newmarket) to trick-taking (Whist) and banking (Pontoon), David Parlett, seasoned specialist in card games, takes us masterfully through the countless games to choose from. Not content to merely show us games with the conventional fifty-two card pack, Parlett covers many games played with other types of cards - are you brave enough to play with Tarot? With a 'working description' of each game, with the rules, variations and origins of each, as well as an appendix of games invented by the author himself, The Penguin Book

of Card Games will delight, entertain and inform both the novice and the seasoned player.

Semantics James R. Hurford, Brendan Heasley, Michael B. Smith, 2007-04-19 This practical coursebook introduces all the basics of semantics in a simple, step-by-step fashion. Each unit includes short sections of explanation with examples, followed by stimulating practice exercises to complete in the book. Feedback and comment sections follow each exercise to enable students to monitor their progress. No previous background in semantics is assumed, as students begin by discovering the value and fascination of the subject and then move through all key topics in the field, including sense and reference, simple logic, word meaning and interpersonal meaning. New study guides and exercises have been added to the end of each unit to help reinforce and test learning. A completely new unit on non-literal language and metaphor, plus updates throughout the text significantly expand the scope of the original edition to bring it up-to-date with modern teaching of semantics for introductory courses in linguistics as well as intermediate students.

Milo Imagines the World Matt de la Peña, 2021-02-02 The team behind the Newbery Medal winner and Caldecott Honor book *Last Stop on Market Street* and the award-winning New York Times bestseller *Carmela Full of Wishes* once again delivers a poignant and timely picture book that's sure to become an instant classic. Milo is on a long subway ride with his older sister. To pass the time, he studies the faces around him and makes pictures of their lives. There's the whiskered man with the crossword puzzle; Milo imagines him playing solitaire in a cluttered apartment full of pets. There's the wedding-dressed woman with a little dog peeking out of her handbag; Milo imagines her in a grand cathedral ceremony. And then there's the boy in the suit with the bright white sneakers; Milo imagines him arriving home to a castle with a drawbridge and a butler. But when the boy in the suit gets off on the same stop as Milo--walking the same path, going to the exact same place--Milo realizes that you can't really know anyone just by looking at them.

Let's Take the Long Way Home Gail Caldwell, 2011-08-09 NEW YORK TIMES BESTSELLER They met over their dogs. Gail Caldwell and Caroline Knapp (author of *Drinking: A Love Story*) became best friends, talking about everything from their love of books and their shared history of a struggle with alcohol to their relationships with men. Walking the woods of New England and rowing on the Charles River, these two private, self-reliant women created an attachment more profound than either of them could ever have foreseen. Then, several years into this remarkable connection, Knapp was diagnosed with cancer. With her signature exquisite prose, Caldwell mines the deepest levels of devotion, and courage in this gorgeous memoir about treasuring a best friend, and coming of age in midlife. *Let's Take the Long Way Home* is a celebration of the profound transformations that come from intimate connection--and it affirms, once again, why Gail Caldwell is recognized as one of our bravest and most honest literary voices.
