If You're Reading This, It's Too Late Pseudonymous

Bosch,2008-10-01 Beware! Dangerous secrets lie between the pages of this book. OK, I warned you. But if you think I'll give anything away, or tell you that this is the sequel to my first literary endeavor, The Name of This Book is Secret, you're wrong. I'm not going to remind you of how we last left our heroes, Cass and Max-Ernest, as they awaited initiation into the mysterious Terces Society, or the ongoing fight against the evil Dr. L and Ms. Mauvais. I certainly won't be telling you about how the kids stumble upon the Museum of Magic, where they finally meet the amazing Pietro! Oh, blast! I've done it again. Well, at least I didn't tell you about the missing Sound Prism, the nefarious Lord Pharaoh, or the mysterious creature born in a bottle over 500 years ago, the key to the biggest secret of all. I really can't help myself, now can I? Let's face it - if you're reading this, it's too late.

Secrets of the Sword 1 Lindsay Buroker,2020-11-30

After helping my steady dragon Zav with his family problems, I thought life would get back to normal. As normal as it can be when you're a hit woman responsible

for hunting down bad guys. That was before a strange artifact showed up in a bog and turned my ancient dwarven sword into a magical beacon. Now my enemies can sense it from hundreds of miles away. More than that, every club-toting, over-muscled orc, ogre, and troll who would like a magic sword can sense it. Usually, fighting off opportunists wouldn't be a problem (they don't call me Ruin Bringer without reason), but even I can only handle so many attacks at a time. And Zav isn't as much help as you'd think, since he's busy on a quest for a ring. No, it's not a Lord of the Rings kind of quest. My boss put it in Zav's head that since we're mated in the dragon way, we should also be married in the human way. Now, he's off to find the perfect engagement ring. Given his taste in human footwear, I may be in trouble for more reasons than my marked sword. Not only is there no chance of my life getting back to normal any time soon, but if I can't figure out how to fix my sword, I'll be dead long before I can get married.

Three Secrets: An Utterly Gripping Psychological Suspense Thriller Clare Boyd, 2018-05-17 A terrible secret killed your husband... But which one? Robert kisses his wife on the head before heading out to the shop for more wine; he walks up the hill, takes a left across the footbridge and jumps to his death on the busy motorway below. Two years later, Francesca and her young daughter are leaving London for a fresh start, money is tight and Robert's mother has found them a little cottage in her village. Francesca is grateful for the help, but why does Robert's mother want to keep them so close? Does she know about what Francesca did in the hour before Robert's death? Soon Francesca begins to suspect there was more to her husband's death than she realised, that there might be even darker secrets hiding in his past than her own... The closer she gets to uncovering the truth, the more she asks: is her own life in

danger now too? If you couldn't put down *The Girl on the Train* or *The Couple Next Door*, then you will absolutely love this gripping and twisty psychological thriller. Secrets of the Sword 3 Lindsay Buroker,2021-02-27
I'm Val Thorvald, tough butt-kicking assassin and soon-to-be wife of Lord Zavryd'nokquetal. He's a dragon from another world, and he's haughty, arrogant, and has horrible taste in footwear, but I love him. Our wedding is going to be amazing.At least? I'd like to think so. But when the coffee shop I'm a co-owner of gets bombed, our youngest employee goes missing, and the entire elven family I didn't know I had shows up for a visit, my wedding preparations take an alarming turn. Oh, and did I mention that Zav's clan is coming to the wedding? Dozens of dragons flying into the Seattle area. What could possibly go wrong?

Magic Secrets Rose Wyler,1991-10-30 Most of the magic tricks presented here are easily understood and appear to be simple to learn and to execute with ample practice. Now that it's just the kids, we'll let the cat out of the bag: This book is full of disgusting things and nasty (but funny) pranks. It's also got weird superstitions, freaky facts,

The Magic Wand and Magical Review ,1926

Secrets of the Sword 2 Lindsay Buroker,2021-01-14

For ten years, I've been using a magical sword that I won in battle to ruthlessly slay enemies, break evil artifacts, and open stubborn pickle jars, but I don't know much about it. That's about to change. Thanks to the fact that I'm dating a powerful dragon, I can get a ride to the dwarven home world, and we're going to research the sword's roots. Not that I care much about its history, mind you, but several allies and enemies have suggested it can do a lot more than whack things. Considering the magical bad guys I fight are always stronger, faster, and more powerful than I am, I need every advantage I can get. There's just one problem: a half-dwarf thief has shown up and says she's the rightful heir to the sword. I want to believe it's a scam and can't possibly be true, but I didn't get the sword in the most legitimate manner. If I have to give it up, I might not be able to do my job anymore, and just as bad, I'll be a target for all the bad guys who have been waiting for an opportunity to take me down.

Discover the Secrets of Reading with Creative Phonics Mackie Ramsay, 2009-09 Mackie Ramsay's reading program is Magic! Our son was struggling with reading in second grade when Mackie began working with him for twenty minutes a day. In just six weeks there was not only rapid improvement, but he became very excited about reading for the very first time. He looked forward to each lesson and eagerly learned the 'secrets' that gave him access to the mastery of his letters. Now he is eleven and is devouring adult fiction, the more pages the better. He is in the highest reading and spelling programs in his class. I have recommended Mackie to many of our son's friends with similar results. It is a great gift that Mackie gives – the gift of not only reading well, but of reading with JOY. —Alexandra Kennedy, MA, MFT, psychotherapist and author of *Losing a Parent* (Harper Collins, 1991). CD Alphabet Adventures included inside the back cover. Lyrics Mackie Ramsay, and MaryLee Sunseri. Music composition by

MaryLee Sunseri, singer/ songwriter and the winner 2 American Library Notables, and 4 Parents Choice Awards for young children's music. The songs on the disc that accompany this book are absolutely entrancing—a perfect way to reinforce the letters for children. Each song is unique and beautifully produced — I find myself singing them all the time! —Barbara Lopez, Music Instructor, Cabrillo College. Composer, "Body Songs." Published by Harper Collins in the "Health for Life" program, grades K -3.
