**Aspects of Orality and Formularity in Gregorian Chant**

Theodore Karp,1998 A study of medieval monophonic music. The text focuses on its movement away from the concept of chants as products and towards the idea of chants as processes. The essays are loosely connected through their bearing on one or more of three themes: the role of orality in the transmission of chants circa 700-1400; varying degrees of stability or instability in the transmission of chant; and the role of the formula in the construction of chant.

**10086 1/2 D. Singleman,2019-05-31** The story is as old as Hollywood, a May-December romance which served the needs of both participants; a rich, aging starlet hoping to continue her film career, and a young, unemployed writer who seems to be ending his. True love plays a part in the tale, but so does lust, and hatred and baseball. All the afternoon editions covered the saga; you must have heard about it. You see, they met at that big, yellow drug rehab center up in the Valley, the one that plays those awful commercials on late night TV...
