The Life and Adventures of Nat Love Nat Love,1988 Thousands of black cowpunchers drove cattle up the Chisholm Trail after the Civil War, but only Nat Love wrote about his experiences. Born to slaves in Davidson County, Tennessee, the newly freed Love struck out for Kansas after the war. He was fifteen and already endowed with a reckless and romantic readiness. In wide-open Dodge City he joined up with an outfit from the Texas Panhandle to begin a career riding the range and fighting Indians, outlaws, and the elements. Years later he would say, I had an unusually adventurous life. That was rare understatement. More characteristic was Love's claim: I carry the marks of fourteen bullet wounds on different parts of my body, most any one of which would be sufficient to kill an ordinary man, but I am not even crippled. In 1876 a virtuoso rodeo performance in Deadwood, Dakota Territory, won him the moniker of Deadwood Dick. He became known as DD all over the West, entering into dime novels as a mysteriously dark and heroic presence. This vivid autobiography includes encounters with Bat Masterson and Billy the Kid, a soon-after view of the Custer battlefield, and a successful courtship. Love left the range in 1890, the year of the official closing of the frontier. Then, as a Pullman train conductor he traveled his old trails, and those good times bring his story to a satisfying end.

The Vintage Years of Airfix Box Art Roy Cross,2009-08-01 Airfix has been commercially producing plastic kits since 1952 and its models have been made by successive generations of young boys and men alike. In the 1960s, a talented graphic artist called Roy Cross was commissioned to paint some of the box art for Airfix, and for a ten-year-period he provided many of the glorious paintings seen on the boxes, setting new standards for realism and accuracy. Many are still being used today, a full four decades later. Inside the pages of this book are some of Roy's best artworks, shown here in full format and in superb detail, with many reproduced here in book form for the very first time. As well as his vintage box art, Roy has included many sketches and alternative versions of his Airfix box art. After Roy left Airfix in 1974, the company went through a turbulent time. The present owners are Hornby, who have ambitious plans for Airfix and the other brands it acquired including Scalextric and Corgi. The decade that Roy Cross worked for Airfix, though, could be classed as their vintage era, with some of their finest models being produced then in their millions, ready for eager youngsters to build up into detailed miniature models of their favorite aircraft, ships and locomotives.

"*The Devil's to Pay*" Eric J. Wittenberg,2014-10-19 An award-winning Civil War historian's profile of the brilliant Union cavalry officer and the strategies he employed to prevent catastrophe at Gettysburg. The Battle of Gettysburg turned the tide of the Civil War. But the outcome of the decisive confrontation between North and South might have been dramatically different if not for the actions of Brig. Gen. John Buford, commander of the Union army's First Cavalry Division. An award-winning chronicler of America's War between the States and author of more than a dozen acclaimed works of historical scholarship, Eric J. Wittenberg now focuses on the iconic commanding officer known to his troops as "Honest John" and "Old Steadfast." Wittenberg describes in fascinating detail the brilliant maneuvers Buford undertook to keep Gen. Robert E. Lee's Confederate army at bay and later rescue what remained of the devastated First and Eleventh Corps."The Devil's to Pay" celebrates the stunning military achievements of an unparalleled tactical genius at the onset of the Gettysburg Campaign and paints an unforgettable portrait of a quiet, unassuming cavalryman who recognized a possible disaster in the making and took bold action to avert it. Based on a wealth of information from primary sources, "The Devil's to Pay" includes pages of illustrations, maps, and photographs, as well as a walking and driving tour of the battlefield sites where America's history was made at a staggeringly high cost in blood. A comprehensive tactical study that is both scholarly and eminently accessible, it is an essential addition to the library of any Civil War enthusiast.

Imagine Design Create Tom Wujec, 2011-05 *Imagine, Design, Create* offers a wide-ranging look at how the creative process and the tools of design are dramatically changing--and where design is headed in the coming years. Bringing together stories of good design happening around the world, the book shows how people are using fresh design approaches and new capabilities to solve problems, create opportunities, and improve the way we live and work. From the impact of SOM's Cathedral of Christ the Light in Oakland to the spark that inspired Thomas Heatherwick's U.K. Pavilion in Shanghai; from the new processes fueling Zaha Hadid's extraordinary architecture to the digital tools Ford is using to transform car design, each of these stories explores questions that swirl around the idea of design. How does design change our lives for the better? How is our capacity to produce good design evolving? How will the next generation of designers work? What will they make? What new areas of human experience is design opening for us? Now that designers can do almost anything--what should they do? The Publisher has two cover versions for this title. The books will ship with either a black or white cover. The interior contents are the same.

With this simple but explosive statement, one of America's most well-respected educators looks seriously at the good that can come from playing video games. In this revised edition of *What Video Games Have to Teach Us About Learning and Literacy*, new games like *World of Warcraft* and *Half Life 2* are evaluated and theories of cognitive development are expanded. Gee looks at major cognitive activities including how individuals develop a sense of identity, how we grasp meaning, how we evaluate and follow a command, pick a role model, and perceive the world.
