Song of the Water Boatman Joyce Sidman, 2005 A collection of poems that provide a look at some of the animals, insects, and plants that are found in ponds, with accompanying information about each.

Firsts and Lasts Leda Schubert, 2022-03 With evocative words and glorious cut-paper collages, this celebration of the transitions between seasons summons the first—and last—signals of the seasonal cycle. What is the first sign of spring? And what is the last glimpse of winter? The joy of the changing seasons means saying hello to new but familiar rituals, like spring picnics in the park or homemade lemonade in summer. But there's also the bittersweet feeling of doing something for the last time, like mowing the lawn one final time on a brown day in autumn, or watching the last of the geese fly south in the early weeks of winter. Whichever way you mark the changing of the seasons, every year feels like an extraordinary miracle! In this jubilant ode to seasonal rituals, Leda Schubert evokes the familiar, enchanting rhythm of the four seasons, while Clover Robin's bold collages bring warmth and magic to everyday occurrences.

Peeling the Onion Wendy Orr, 1996 An honest, unsentimental story of pain and change and love. A powerful novel about a girl re-making her life after a car accident. For teenagers and young adults.

Pond Claire-Louise Bennett, 2016-07-12 "A sharp, funny, and eccentric debut ... Pond makes the case for Bennett as an innovative writer of real talent. ... [It] reminds us that small things have great depths."—New York Times Book Review Dazzling...exquisitely written and daring . -O, the Oprah Magazine Immediately upon its publication in Ireland, Claire-Louise Bennett's debut began to attract attention well beyond the expectations of the tiny Irish press that published it. A deceptively slender volume, it captures with utterly mesmerizing virtuosity the interior reality of its unnamed protagonist, a young woman living a singular and mostly solitary existence on the outskirts of a small coastal village. Sidestepping the usual conventions of narrative, it focuses on the details of her daily experience—from the best way to eat porridge or bananas to an encounter with cows—rendered sometimes in story-length, story-like stretches of narrative, sometimes in fragments no longer than a page, but always suffused with the hypersaturated, almost synesthetic intensity of the physical world that we remember from childhood. The effect is of character refracted and ventriloquized by environment, catching as it bounces her longings, frustrations, and disappointments—the ending of an affair, or the ambivalent beginning with a new lover. As the narrator's persona emerges in all its eccentricity, sometimes painfully and often hilariously, we cannot help but see mirrored there our own fraught desires and limitations, and our own fugitive desire, despite everything, to be known. Shimmering and unusual, Pond demands to be devoured in a single sitting that will linger long after the last page.

Scratch Scratch Lindsay Currie, 2020-09-01 This is a teeth-chattering, eyes bulging, shuddering-and-shaking, chills-at-the-back-of-your-neck ghost story. I loved it!—R.L. Stine, author of the Goosebumps series For fans of Small Spaces and the Goosebumps series by R.L. Stine comes a chilling ghost story based on real Chicago history about a malevolent spirit, an unlucky girl, and a haunting mystery that will tie the two together. Claire has absolutely no interest in the paranormal. She's a scientist, which is why she can't think of anything worse than having to help out her dad on one of his ghost-themed Chicago bus tours. She thinks she's made it through when she sees a boy with a sad face and dark eyes at the back of the bus. There's something off about his presence, especially because when she checks at the end of the tour...he's gone. Claire tries to brush it off, she must be imagining things, letting her dad's ghost stories get the best of her. But then the scratching starts. Voices whisper to her in the dark. The number 396 appears everywhere she turns. And the boy with the dark eyes starts following her. Claire is being haunted. The boy from the bus wants something...and Claire needs to find out what before it's too late. The treatment is centered on robot motion planning, but integrates material on planning in discrete spaces. A major part of the book is devoted to planning under uncertainty, including decision theory, Markov decision processes, and information spaces, which are the 'configuration spaces' of all sensor-based planning problems. Aven Green Sleuthing Machine Dusti Bowling,2021-05-25 Third-grader Aven Green has been solving mysteries for a really long time—a whole month! She's solved many important cases like The Mystery of the Cranky Mom, The Mystery of the Missing Ice Cream, and The Mystery of the Smelly Feet. Her record is nearly 100% (only The Mystery of the Cereal in My Underpants remains unsolved to this day). Aven asks all the right questions, wields her detective kit carefully, and follows up on every clue. Then her teacher's lunch bag (with her lunch still in it) is taken and Aven's great-grandma's beloved dog goes missing! Can this perceptive detective crack two cases at the same time? Luckily, Aven has a super-powered brain full of lots of extra brain cells to take on both cases. See, she was born without arms, so all of the cells that were supposed to make her arms went into making her brain instead. At least that's her working theory for The Mystery of Why I Have So Many Extra Brain Cells.

The ornate gates, the tumbling roses, the winding paths, and the sunlight winking through branches of delicate blossoms have long inspired poetry and romance. . . . Some are intimate and secret, with secluded corners and mysterious pools where dragonflies hover or fantastic creatures might even dwell. Others are impressive and majestic, their rolling parklands reminiscent of an eighteenth-century landscape painting.” For flower lovers and Anglophiles alike, *London in Bloom* offers a unique and irresistible view of London, a chance to bring “poetry and romance” to your home or to give it as a gift.

How to Do Nothing Jenny Odell, 2020-12-29 ** A New York Times Bestseller ** NAMED ONE OF THE BEST BOOKS OF THE YEAR BY: Time • The New Yorker • NPR • GQ • Elle • Vulture • Fortune • Boing Boing • The Irish Times • The New York Public Library • The Brooklyn Public Library A complex, smart and ambitious book that at first reads like a self-help manual, then blossoms into a wide-ranging political manifesto.—Jonah Engel Bromwich, The New York Times Book Review One of President Barack Obama's Favorite Books of 2019 Porchlight's Personal Development & Human Behavior Book of the Year In a world where addictive technology is designed to buy and sell our attention, and our value is determined by our 24/7 data productivity, it can seem impossible to escape. But in this inspiring field guide to dropping out of the attention economy, artist and critic Jenny Odell shows us how we can still win back our lives. Odell sees our attention as the most precious—and overdrawn—resource we have. And we must actively and continuously choose how we use it. We might not spend it on things that capitalism has deemed important ... but once we can start paying a new kind of attention, she writes, we can undertake bolder forms of political action, reimagine humankind's role in the environment, and arrive at more meaningful understandings of happiness and progress. Far from the simple anti-technology screed, or the back-to-nature meditation we read so often, *How to do Nothing* is an action plan for thinking outside of capitalist narratives of efficiency and techno-determinism. Provocative, timely, and utterly persuasive, this book will change how you see your place in our world.

She makes sure anyone who comes near the pond leaves thirsty—or doesn’t leave at all. Confident in her own abilities, Lynn has no use for the world beyond the nearby fields and forest. But when strangers appear, the mysterious footprints by the pond, nighttime threats, and gunshots make it all too clear Lynn has exactly what they want, and they won’t stop until they get it. . . .
