**Progress in Nitrogen Cycling Studies** O. van Cleemput,G. Hofman,A. Vermoesen,2012-12-06 This book contains the proceedings of the '8th Nitrogen Workshop' which was held at the University of Ghent, Belgium, from 5 to 8 September 1994. Although nitrogen dynamics in different ecosystems have been studied for several decades, new orientations and other emphases have recently emerged. Previously, nitrogen was considered as an essential element mostly in terms of productivity, but now, more emphasis is attached to environmental consequences. More than 100 contributions in this book tackle recent developments within the fields of nitrogen advice systems, plant response to fertilization, immobilization and mobilization, nitrification, denitrification, leaching, ammonia volatilization and biological nitrogen fixation. A large number of papers is devoted to the formation of gaseous nitrogen compounds, while mineralization-immobilization is another topic of important interest. The book also contains the reports of

discussion groups on different aspects of the nitrogen cycle.

*The Palgrave Handbook of Power, Gender, and Psychology* Eileen L. Zurbruggen, Rose Capdevila, 2024-01-29 The Palgrave Handbook of Power, Gender, and Psychology takes an intersectional feminist approach to the exploration of psychology and gender through a lens of power. The invisibility of power in psychological research and theorizing has been critiqued by scholars from many perspectives both within and outside the discipline. This volume addresses that gap. The handbook centers power in the analysis of gender, but does so specifically in relation to psychological theory, research, and praxis. Gathering the work of sixty authors from different geographies, career stages, psychological sub-disciplines, methodologies, and experiences, the handbook showcases creativity in approach, and diversity of perspective. The result is a work featuring a chorus of different voices, including diverse understandings of feminisms and power. Ultimately, the handbook presents a case for the importance of intersectionality and power for any feminist psychological endeavor.
