*A Year with Swollen Appendices* Brian Eno,2020-11-17 The diary and essays of Brian Eno republished twenty-five years on with a new introduction by the artist in a beautiful hardback edition.'One of the seminal books about music . . . an invaluable insight into the mind and working practices of one of the industry's undeniable geniuses.'GUARDIANAt the end of 1994, Brian Eno resolved to keep a diary. His plans to go to the cinema, theatre and galleries fell quickly to the wayside. What he did do - and write - however, was astonishing: ruminations on his collaborative work with David Bowie, U2, James and Jah Wobble, interspersed with correspondence and essays dating back to 1978. These 'appendices' covered topics from the generative and ambient music Eno pioneered to what he believed the role of an artist and their art to be, alongside adroit commentary on quotidian tribulations and happenings around the world.This beautiful 25th-anniversary hardcover edition has been redesigned in the same size as the diary that eventually became this book. It features two ribbons, pink paper delineating the appendices (matching the original edition) and a two-tone paper-over-board cover, which pays homage to the original design.An intimate insight into one of the most influential creative artists of our time, A Year with Swollen Appendices is an essential classic.

**The Geometry Code** Bruce Rawles,2012-04 Integrate practical insights from modern physics, ancient Hermetic Laws, non-dual meta-physics, transpersonal psychology, and humor, as tools for undoing conflicting beliefs we've dreamed ourselves into. The seven Hermetic laws are explored in depth and demonstrate how a mindfulness that embraces 'other' as 'self' can reverse the typical misapplication of these inescapable laws of Mentalism, Correspondence, Vibration, Polarity, Rhythm, Cause & Effect and Generation. Ubiquitous geometric symbols, paired to each of these laws - the circle, vesica piscis, sine wave, line, spiral, fractal and yin-yang - and their countless commonplace variations, seen from the vantage point of shared interests, reflect these ideas. The inspired use of natural law restores attributes of life, love, strength, purity, beauty, perfection and gratitude to our awareness.
