The Primal Blueprint Mark Sisson, 2012 The Primal Blueprint is a simple, flexible plan to help you look and feel your best without struggling or suffering, by adapting the simple lifestyle practices of our hunter-gatherer ancestors into modern life. Sisson presents the compelling premise that you can reprogram your genes in the direction of weight loss, health, and longevity by following 10 immutable Primal Blueprint lifestyle laws validated by two million years of human evolution. Weight loss is largely about insulin; moderate your production by eliminating sugar and grains, and you will lose the excess body fat you desire even while eating delicious, satisfying foods. Plus you will improve

your energy level, reduce inflammation, and eliminate disease risk. Eating meat, eggs, and a generally high-fat diet not only is healthy but is the key to effortless weight loss, a healthy immune system, and boundless energy. Slowing down your typical cardiovascular workouts, and incorporating brief, intense strength sessions and occasional all-out sprints can produce fitness benefits far superior to workouts that are longer and more grueling -- and can eliminate the risk of burnout.

Money Blueprint Omar Johnson, 2013-06-19 What is your relationship with money? How do you view it? I asked you these two questions because the way that you feel, think and act towards money formulates your "Money Blueprint" and determines whether or not you will be financially successful. Your "Money Blueprint" is ingrained in your subconscious mind and it has been immensely influenced and formulated by your interactions with others and their views of money like your parents, relatives, and the various institutions you have encountered in your lifetime like school, the church etc. In his book entitled Money Blueprint: The Secrets To Creating Instant Wealth author and serial entrepreneur Omar Johnson examines how exactly your "Money Blueprint" has been formulated and how it has possibly hindered you from achieving financial success. Maybe you are the type that has an aversion to money and believe that "money is the root of all evil", or maybe you are the type that feel that rich people are "greedy", or maybe you are the type who makes money only to sabotage yourself by giving it all away or by going broke like most people do when they win the million dollar or the professional athlete or entertainer who has squandered it all. No matter what your case maybe in this book you will find the solutions that will enable you to create a new, healthy and ideal Money Blueprint.
