He's unprepared for the instant attraction to Janet Rodman, but he's not looking for a relationship and this is supposed to be a strictly business deal. The Darkman isn't about to let some woman interrupt his mission in life... His plan is working perfectly, and the bodies are piling up. He can't let Janet Rodman

screw them up. But when she disappears, he pulls out all stops to find and eliminate her. And he'll kill anyone who gets in the way. With the chemistry exploding between them, can the former SEAL keep Janet safe and destroy the killer before he destroys them?
