The Lions of Fifth Avenue Fiona Davis, 2021-05-25 A Good Morning America Book Club Pick and a New York Times bestseller! "A page-turner for booklovers everywhere! . . . A story of family ties, their lost dreams, and the redemption that comes from discovering truth."—Adriana Trigiani, bestselling author of *The Shoemaker's Wife* In New York Times bestselling author Fiona Davis's latest historical novel, a series of book thefts roils the iconic New York Public Library, leaving two generations of strong-willed women to pick up the pieces. It's 1913, and on the surface, Laura Lyons couldn't ask for more out of life—her husband is the superintendent of the New York Public Library, allowing their family to live in an apartment within the grand building, and they are blessed with two children. But headstrong, passionate Laura wants more, and when she takes a leap of faith and applies to the Columbia Journalism School, her world is cracked wide open. As her studies take her all over the city, she is drawn to Greenwich Village's new bohemia, where she discovers the Heterodoxy Club—a radical, all-female group in which women are encouraged to loudly share their opinions on suffrage, birth control, and women's rights. Soon, Laura finds herself questioning her traditional role as wife and mother. And when valuable books are stolen back at the library, threatening the home and institution she loves, she's forced to confront her shifting priorities head on . . . and may just lose everything in the process. Eighty years later, in 1993, Sadie Donovan struggles with the legacy of her grandmother, the famous essayist Laura Lyons, especially after she's wrangled her dream job as a curator at the New York Public Library. But the job quickly becomes a nightmare when rare manuscripts, notes, and books for the exhibit Sadie's running begin

disappearing from the library's famous Berg Collection. Determined to save both the exhibit and her career, the typically risk-averse Sadie teams up with a private security expert to uncover the culprit. However, things unexpectedly become personal when the investigation leads Sadie to some unwelcome truths about her own family heritage—truths that shed new light on the biggest tragedy in the library's history.

Commonwealth Avenue Linda Nevins, 2003-12-31 The bestselling novel of society--in the tradition of Edith Wharton--by the author of *Renaissance Moon*. Both a modern novel of manners and an absorbing American epic spanning a century of women's dreams and determination, *Commonwealth Avenue* interweaves the story of a present-day Hollywood production designer with excerpts from the diary of her great-grandmother, begun in 1881.

Lights, Camera, Madison Avenue Robert Naud, 2015-12-29 This inside look at the production of 20th century television commercials begins with a review of advertising's beginnings going through the 1960s and early 1970s. The author, a career Mad man, recounts lightheartedly his experiences on commercial productions--both live and film--in theaters and studios in New York City, at LBJ's ranch, on the White House lawn, along Rome's Appian Way, in Lady Astor's dining room and on the Tryall Golf Course in Jamaica, among other places. The technical (and people) challenges involved in producing high-end commercials for major corporations are given in often funny detail.
