

AcQuest 1120 Solution 2006

Rob Roy Kelly

Civil Code of Lower Canada Québec (Province),1889

Clause Manual United States. General Services Administration. Office of Federal Supply and Services. Policy and Review Division (FCP),1984

The Federal Grand Jury Lyn Farrel,2002 The recent debate over civil trials or military tribunals for suspected terrorists has focused public attention on the American court system. A cornerstone aspect to the federal courts is the grand jury, which investigates crimes against the United States and secures the constitutional right of grand jury indictment, two responsibilities needing broad powers. A US District Court summons a grand jury, so the jury's jurisdiction is geographically restricted by the court to which it is attached. The grand jury conducts its business in secret, but that independence does not often result in the dismissal of indictments. Although witnesses subpoenaed to appear before the grand jury are not often excused, they do benefit from several legal rights when testifying. This book presents a broad overview of the rules and background of the federal grand jury, a needed service for anyone wishing to understand the American system of justice and its potential use in the war on terror.

The God of the Witches Margaret Alice Murray,1970 This celebrated study of witchcraft in Europe traces the worship of the pre-Christian and prehistoric Horned God from paleolithic times to the medieval period. Murray, the first to turn a scholarly eye on the mysteries of witchcraft, enables us to see its existence in the Middle Ages not as an isolated and terrifying phenomenon, but as the survival of a religion nearly as old as humankind itself, whose devotees held passionately to a view of life threatened by an alien creed. The findings she sets forth, once thought of as provocative and implausible, are now regarded as irrefutable by folklorists and scholars in related fields. Exploring the rites and ceremonies associated with witchcraft, Murray establishes the concept of the dying god--the priest-king who was ritually killed to ensure the country and its people a continuity of fertility and strength. In this light, she considers such figures as Thomas a Becket, Joan of Arc, and Gilles de Rais as spiritual leaders whose deaths were ritually imposed. Truly a classic work of anthropology, and written in a clear, accessible style that anyone can enjoy, The God of the Witches forces us to reevaluate our thoughts about an ancient and vital religion.
