Horror Films of 2000-2009 John Kenneth Muir,2022-10-12 Horror films have always reflected their audiences' fears and anxieties. In the United States, the 2000s were a decade full of change in response to the 9/11 terrorist attacks, the contested presidential election of 2000, and the wars in Iraq and Afghanistan. These social and political changes, as well as the influences of Japanese horror and New French extremism, had a profound effect on American horror filmmaking during the 2000s. This filmography covers more than 300 horror films released in America from 2000 through 2009, including such popular forms as found footage, torture porn, and remakes. Each entry covers a single film and includes credits, a synopsis, and a lengthy critical commentary. The appendices include common horror conventions, a performer hall of fame, and memorable ad lines.

Brittany Murphy Peter Shelley, 2022-01-18 Brittany Murphy (1977-2009) was an American film, television, and stage actress, singer, voice artist, and film producer. Beginning her career, 1995's *Clueless* proved to be her breakthrough film; notable roles followed in *Girl, Interrupted* (1999), *Don't Say a Word* (2001), *8 Mile* (2002), and *Just Married* (2003). Despite the lead in *Uptown Girls* (2003), the production of *The Ramen Girl* (2008), and a long-running voice role on the animated television series *King of the Hill* (1997-2010), subsequent leading roles were less successful. Her later acting years were plagued by scandal and bad press, and the once critically acclaimed actress died of pneumonia at the young age of 32, shrouded by mystery. The first to span her life and career, this biography surveys Murphy's films, television appearances, stage shows, music videos, and public appearances in the order in which they were made. Critical reactions to and awards earned for her works are featured as is a selection of portraits, film stills and posters.

Audition Barbara Walters, 2008-05-06 #1 NATIONAL BESTSELLER • An inspiring and riveting memoir from the most important woman in the history of television journalism. "A delightful tale of the golden age of television.... Juicy behind-the-scenes details of the celebrities she's interviewed, mixed in with stories of her own trials and tribulations." -The Washington Post After more than fifty years of interviewing heads of state, world leaders, movie stars, criminals, murderers, inspirational figures, and celebrities of all kinds, Barbara Walters turns her gift for examination onto her own extraordinary life. Walters was the product of a turbulent childhood that featured a glamorous father who made and lost several fortunes as well as the companionship of a mentally challenged sister. Feelings of responsibility for her family played a large part in the choices she made as she grew up: the friendships she developed, the relationships she had, the marriages she tried to make work. Ultimately, thanks to her drive and a decent amount of luck, Walters made it to the top of a male-dominated industry. She was the first woman cohost of the *Today* show, the first female network news coanchor, the host and producer of countless top-rated *Specials*, the star of *20/20*, and the creator and cohost of *The View*. She has not only interviewed the world's most fascinating figures, she has become a part of their world. These are just a few of the names that play a key role in her life, career, and book: Yasir Arafat, Warren Beatty, Menachem Begin, George H. W. Bush, George W. Bush, Jimmy Carter, Fidel Castro, Hugo Chávez, Bill and Hillary Clinton, Roy Cohn, the Dalai Lama, Princess Diana, Katharine Hepburn, King Hussein, Angelina Jolie, Henry Kissinger, Monica Lewinsky, Richard Nixon, Rosie O'Donnell, Christopher Reeve, Anwar Sadat, John Wayne . . . the list goes on. Barbara Walters has spent a lifetime auditioning: for her bosses at the TV networks, for millions of viewers, for the most famous people in the world, and even for her own daughter, with whom she has had a difficult but ultimately quite wonderful and moving relationship. This book, in some ways, is her final audition, as she fully opens up both her private and public lives. In doing so, she has given us a story that is heartbreaking and honest, surprising and fun, sometimes startling, and always fascinating.

Authoritarian Modernization in Russia Vladimir Gel'man,2016-08-12 Post-Communist Russia is an instance of the phenomenon of authoritarian modernization project, which is perceived as a set of policies intended to achieve a high level of economic development, while political freedoms remain beyond the current modernization agenda or are postponed to a distant future. Why did Russia (unlike many countries of post-Communist Europe) pursue authoritarian modernization after the Soviet collapse? What is the ideational agenda behind this project and why does it dominate Russia's post-Communist political landscape? What are the mechanisms of political governance, which maintain this project and how have they adopted and absorbed various democratic institutions and practices? Why has this project brought such diverse results in various policy arenas, and why have the consequences of certain policies become so controversial? Why, despite so many controversies, shortcomings and flaws, has this project remained attractive in the eyes of a large proportion of the Russian elite and ordinary citizens? This volume intended to place some of these questions on the research agenda and propose several answers, encouraging further discussions about the logic and mechanisms of the authoritarian modernization project in post-Communist Russia and its effects on Russia's politics, economy, and society.
