How We Beat the All Blacks John Reason, 2013-08-01 It remains a unique achievement. In 1971 the British Lions went to New Zealand and beat the All Blacks in a test series on their own soil. With gritty, never-say-die forwards like Ian McLaughlan and Mervyn Davies, and brilliant backs like Barry John, Gerald Davies and David Duckham, and under the inspired management of one of the finest coaches of all time, Carwyn James, the Lions won the first match, lost the second, and then came back to clinch the series in the third. But this unique rugby feat also spawned a unique book, for after the touring party had returned to the UK, the Lions captain John Dawes had the idea of organising an International Players' Conference, at which he and some of the key members of his victorious team would discuss the latest trends in rugby and offer the fruits of their experience in how to beat the greatest rugby team in the world. These talks and lectures were subsequently edited into a book, *The Lions Speak* by the Daily Telegraph's Rugby Correspondent, John Reason. In the years since it was first published, it has assumed cult status as one of the best and most insightful books ever published about the game of rugby. It stands as both a fascinating period piece about a sport that was played very differently in those days - when Bob Hiller would toe-punt penalties and conversions from a lovingly-crafted mud tee, and scrum halves like Gareth Edwards would launch his back-line from the scrum with a flamboyant diving pass - and a brilliant and witty deconstruction of the game's strategy and psychology by some of its most greatest and most intelligent practitioners, that is as relevant and valuable today as it ever was. Who better to talk about kicking and controlling the game than Barry John, or Mike Gibson on the role of the centre, or Carwyn James himself to reveal the secrets of his coaching methods that brought about the 1971 Lions' historic victory and British rugby's finest hour?

The Rivalry: Mystery at the Army-Navy Game (The Sports Beat, 5) John Feinstein,2011-10-11 New York Times bestselling sportswriter John Feinstein investigates a covert op at the Army-Navy football game in this exciting sports mystery. The Black Knights of Army and the Midshipmen of Navy have met on the football field since 1890, and it's a rivalry like no other, filled with tradition. Teen sports reporters Stevie and Susan Carol have been busy at West Point and Annapolis, getting to know the players and coaches—and the Secret Service agents. Since the president will be attending the game, security will be tighter than tight. Weeks and months have been spent on training and planning and reporting to get them all to this moment. But when game day arrives, the refs aren't the only ones crying foul. . . . John Feinstein has been praised as "the best writer of sports books in America today" (The Boston Globe), and he proves it again in this fast-paced novel.
