Dot.Bomb Rory Cellan-Jones, 2001-09-01 For a heady nine months, until the spring of 2000, Britain had dot.com fever. Lastminute.com's youthful founders saw their fledgling company soar to a valuation of £750 million, and Martha Lane Fox became a media star. Clickmango.com raised £3 million in just days to sell health products online. Old-style industrial giants were edged out of the FTSE 100 by e-commerce newcomers employing handfuls of people and losing a fortune... And then, just as swiftly, the bubble burst. London's hi-tech stocks followed New York's Nasdaq downwards. Boo.com, the flashiest website of all, went through £100 million in mere months in its mission to see designer sports gear. Financial analysts talked about 'burn-rate', and even the most glamorous start-ups couldn't defy the oldest law of business. Why did it all go so horribly wrong? Now, Rory Cellan-Jones tells the full story of this brief, fabulous, often farcical epoch, from our own now-forgotten Net pioneers to the exclusive few who really did make untold riches - like the man who thought up Freeserve - and follows the destinies of the dot.coms all the way from the glitzy launch to the deserted offices after all the cash had been burned through. Dot.Bomb is the compulsive tale of a never-to-be-repeated time when it seemed anyone could become an instant millionaire - at the click of a mouse.

When Earthlings Weep Michael Barnett, 2012-03
Mickey Thorn has horribly frightening and

realistic nightmares. When he awakes, the nightmare's grip still affects him to such a point that he can't tell the difference between the nightmare he was just having and reality. What if, instead of bad dreams, this is real? Are monsters actually visiting him during the night, or is he losing his mind?

Mickey7 Edward Ashton, 2022-02-15 *Soon to be the major motion picture Mickey17* The Martian meets Multiplicity in Edward Ashton's high concept science fiction thriller, in which Mickey7, an expendable, refuses to let his replacement clone Mickey8 take his place. Dying isn't any fun...but at least it's a living. Mickey7 is an Expendable: a disposable employee on a human expedition sent to colonize the ice world Niflheim. Whenever there's a mission that's too dangerous—even suicidal—the crew turns to Mickey. After one iteration dies, a new body is regenerated with most of his memories intact. After six deaths, Mickey7 understands the terms of his deal...and why it was the only colonial position unfilled when he took it. On a fairly routine scouting mission, Mickey7 goes missing and is presumed dead. By the time he returns to the colony base, surprisingly helped back by native life, Mickey7's fate has been sealed. There's a new clone, Mickey8, reporting for Expendable duties. The idea of duplicate Expendables is universally loathed, and if caught, they will likely be thrown into the recycler for protein. Mickey7 must keep his double a secret from the rest of the colony. Meanwhile, life on Niflheim is getting worse. The atmosphere is unsuitable for humans, food is in short supply,

and terraforming is going poorly. The native species are growing curious about their new neighbors, and that curiosity has Commander Marshall very afraid. Ultimately, the survival of both lifeforms will come down to Mickey7. That is, if he can just keep from dying for good.

Dark Lightning John Varley,2014-08-05 Known for "superior science fiction" (The Philadelphia Inquirer), author John Varley returns to his Thunder and Lightning series with a novel of how

one man's volatile genius could alter a starship's epic plunge into a future where human survival is just a theory... On a voyage to New Earth, the starship Rolling Thunder is powered by an energy no one understands, except for its eccentric inventor Jubal Broussard. Like many of the ship's inhabitants, Jubal rests in a state of suspended animation for years at a time, asleep yet never aging. The moments when Jubal emerges from suspended animation are usually a cause for celebration for his family, including his twin daughters—Cassie and Polly—and their uncle who is captain of the Rolling Thunder. But this time, Jubal makes a shocking announcement... The ship must stop, or everyone will die. These words from the mission's founder, the man responsible for the very existence of the Rolling Thunder, will send shock waves throughout the starship—and divide its passengers into those who believe and those who doubt. And it will be up to Cassie and Polly to stop a mutiny, discover the truth, and usher the ship into a new age of exploration...

Hot Cocoa Bombs Natalie Wise, 2021-10-05 Hot cocoa bombs are chocolate truffles filled with hot cocoa mix and other goodies--mini marshmallows, crushed peppermint candies, salted caramel sauce--the melt into a warm mug of milk and create a fabulous cupe of hot cocoa. The bombs themselves can be beautiful, cute, festive, or imaginative, and the flow combinations are just as diverse. Recipes included in this book are easy to follow and make creating DIY hot cocoa bombs almost as much fun as drinking the gourmet hot chocolate they result in. -- Back cover.

The Jewish Brigade - Volume 3 - Hatikvah

Marvano,2017-02-15T00:00:00+01:00 The armistice of May 8th 1945 marks the end of the Second World War. In Europe, weapons are laid down and the camps are liberated. In 1947, the United Nations' Resolution 181 outlines the partition plan for Palestine into two states - Jewish and Arab. But still, blood continues to be spilt. Through Leslie Toliver, member of the Jewish Brigade, Marvano narrates the long road to the creation of Israel, a road obstructed by terrorist attacks, death, hate and fear. The war is not over for everyone.

The Jewish Brigade Marc (Marvano)

Vanoppen,2021-09-15 In the waning years of World War II, as the tragic plight of the European Jews was coming to light in ever more horrific detail, a Jewish fighting force, known as the Jewish Infantry Brigade Group, was born as part of the British Eighth Army. Leslie Toliver, a racecar driver in the pre-war years, eagerly joined the all-volunteer force for a chance to fight with his people against those who sought to murder them. When the war in Europe ends and the "savage continent" sits on the brink of continental civil war from chaos, terror, and famine, Leslie and the Brigade move to Tarvisio, Italy, a border triangle city perfect for covert action. While out searching for Holocaust survivors, Leslie undertakes vigilante missions in Soviet occupied Eastern Europe hunting down Nazis on the run for both vengeance and justice. With each Nazi found or refugee rescued, he looks for more information to complete his most personal mission: to find his mother and fiancée who went missing in the

upheaval of the war.
