**Blackjack: How To Play Blackjack: A Beginner to Expert Guide** Steven Hartman,2017-11-01 After pumping dollars into the slot machine and staring at a screen, you get up and notice the table games section of the casino. Brightly lit from can lights shining downward and the crisp green felt of the line of games making you think of the cash in your wallet or purse. There is a row of blackjack tables. Some have a dealer standing with their hands clasped idly in front of them or pressed along the cushion running along the felt. They stare at the gamblers roaming the casino eagerly awaiting the next person to place a chip and test their luck. Other tables are crammed with players, the people behind them shifting to look over their shoulder, and you hear the loud clasp of a hand and the cheer of the table, “Blackjack!” Some tables are hot, some are just warming up, and some are presided over by a cruel dealer who seems to have the luck that any player would crave. The truth is it is all in the cards’ each one shuffled meticulously by man or machine and dealt out randomly. The dealer has the same luck you do. That’s the fun of it though. What This Book Will Teach You The Absolute Basics Playing the Game Beyond the Basics Never, Ever! Money Making Tips Your First Time

*Playing Blackjack as a Business* Lawrence Revere,2000-09 This is the most talked-about book on the Blackjack scene. This book has sold more copies since it's initial release than any other gaming book. Prior to this new edition there was no foolproof way to learn how to play Blackjack accurately. This is the only Blackjack book that is easy to understand and completely accurate, written for the beginner or for the expert player. Playing Blackjack as a Business was written by a successful professional Blackjack player. The author has probably spent more time playing Blackjack, more time in the casinos, and more time in research, than have all of the others combined who have written Blackjack books or devised Blackjack systems. The book features a new Basic Strategy for one deck, the first accurate Strategy to be published for four decks, and four easy-to-learn Count Strategies including the Reverse Point Count Strategy, which is the most accurate and most powerful strategy that has ever been published. The strategies were devised from computer runs by Julian H. Braun of IBM Corporation, long recognized as the world's most capable man in this field.
