The Box Man Kobo Abe,2001-07-10 Kobo Abe, the internationally acclaimed author of *Woman in the Dunes*, combines wildly imaginative fantasies and naturalistic prose to create narratives reminiscent of the work of Kafka and Beckett. In this eerie and evocative masterpiece, the nameless protagonist gives up his identity and the trappings of a normal life to live in a large cardboard box he wears over his head. Wandering the streets of Tokyo and scribbling madly on the interior walls of his box, he describes the world outside as he sees or perhaps imagines it, a tenuous reality that seems to include a mysterious rifleman determined to shoot him, a seductive young nurse, and a doctor who wants to become a box man himself. *The Box Man* is a marvel of sheer originality and a bizarrely fascinating fable about the very nature of identity. Translated from the Japanese by E. Dale Saunders.

John Osborne: Four Plays John Osborne,2016-08-01 Includes the plays *A Sense of Detachment*, *The End of Me* *Old Cigar*, *Jill and Jack* and *A Place Calling Itself Rome* Osborne here delivers his trademark eloquence, rage and devastating wit. *A Sense of Detachment* satirises our heartless, profiteering society, while defending timeless human

values. The End of Me Old Cigar examines the decadent lives of a collection of leading media figures. The television play Jill and Jack is a comic gem that satirises the conventions of its own genre while also being a close study of sexual warfare. A Place Calling Itself Rome is a powerful reworking of Shakespeare's Coriolanus.

Mr. Clever Roger Hargreaves, 2001 Mr. Clever finds that there are many things he does not know.

Dot.Bomb Rory Cellan-Jones, 2001-09-01 For a heady nine months, until the spring of 2000, Britain had dot.com fever. Lastminute.com's youthful founders saw their fledgling company soar to a valuation of £750 million, and Martha Lane Fox became a media star. Clickmango.com raised £3 million in just days to sell health products online. Old-style industrial giants were edged out of the FTSE 100 by e-commerce newcomers employing handfuls of people and losing a fortune... And then, just as swiftly, the bubble burst. London's hi-tech stocks followed New York's Nasdaq downwards. Boo.com, the flashiest website of all, went through £100 million in mere months in its mission to see designer sports gear. Financial analysts talked about 'burn-rate', and even the most glamorous start-ups couldn't defy the oldest law of business. Why did it all go so horribly wrong? Now, Rory Cellan-Jones tells the full story of this brief, fabulous, often farcical epoch, from our own now-forgotten Net pioneers to the exclusive few who really did make untold riches - like the man who thought up Freeserve - and follows the destinies of the dot.coms all the way from the glitzy launch to the deserted offices after all the cash had been burned through. Dot.Bomb is the compulsive tale of a never-to-be-repeated time when it seemed anyone could become an instant millionaire - at the click of a mouse.

Mr. Clever Roger Hargreaves, M. C. Hargreaves, 1982 Mr. Clever thinks he is the smartest guy around. But one day, he learns that he doesn't know everything.

The Vanishing Act: A Novel Mette Jakobsen, 2012-09-17 The best stories change you. I am not the same after *The Vanishing Act* as I was before.”—Erin Morgenstern, author of *The Night Circus* On a small snow-covered island—so tiny that it can't be found on any map—lives twelve-year-old Minou, her philosopher Papa (a descendent of Descartes), Boxman the magician, and a clever dog called No-Name. A year earlier Minou's mother left the house wearing her best shoes and carrying a large black umbrella. She never returned. One morning Minou finds a dead boy washed up on the beach. Her father decides to lay him in the room that once belonged to her mother. Can her mother's disappearance be explained by the boy? Will Boxman be able to help find her? Minou, unwilling to accept her mother's death, attempts to find the truth through Descartes' philosophy. Over the course of her investigation Minou will discover the truth about loss and love, a truth that *The Vanishing Act* conveys in a voice that is uniquely enchanting.

The Vault of Death Erle Stanley Gardner, 2023-03-23 Locked within a vault of steel, five millionaires fight a grim and frantic battle with the murderer they cannot see. Classic crime fiction by the creator of Perry Mason!

Communicating Science: A Practical Guide For Engineers And Physical Scientists
Boxman Edith S, Boxman Reuven (Raymond) L, 2016-12-28 Read this book before you write

your thesis or journal paper! Communicating Science is a textbook and reference on scientific writing oriented primarily at researchers in the physical sciences and engineering. It is written from the perspective of an experienced researcher. It draws on the authors' experience of teaching and working with both native English speakers and English as a Second Language (ESL) writers. For the range of topics covered, this book is relatively short and tersely written, in order to appeal to busy researchers.

Communicating Science offers comprehensive guidance on: Research reports: journal papers, theses, and internal reports Review and publication process Conference and seminar presentations: lectures and posters Research proposals Business plans Patents Popular media Correspondence, CV's, and job hunting Writing well: writing strategies and guidance on English composition and grammar Graduate students and early career researchers will be guided through the researcher's basic communication tasks: writing theses, journal papers, and internal reports, presenting lectures and posters, and preparing research proposals. Extensive best practice examples and analyses of common problems are presented. Advanced researchers who aim to commercialize their research results will be introduced to business plans and patents, so that they can communicate optimally with patent attorneys and business analysts. Likewise, advanced researchers will be assisted in conveying the results of their research to the industrial and business community, governmental circles, and the general public in the chapter on popular media. Researchers at all levels will find the chapter on CV's and job hunting helpful. The Writing Well chapter will assist researchers to improve their English usage in scientific writing. This chapter is oriented both at native English speakers, who have an intuitive command

of English but often lack formal instruction on grammar and structure, and non-native English writers, who often have had formal instruction but lack intuitive grasp of what sounds good. Mentors will find the book a useful tool for systematically guiding their students in their early writing efforts. If your students read this book first, you will save time! Communicating Science may serve as a textbook for graduate level courses in scientific writing.

Modern TRIZ Michael A. Orloff, 2012-01-14 This book is based on a unique TRIZ basics remote learning technology designed by the author. The Last Don Mario Puzo, 2004-09-28 A masterful saga of the last great American Mafia family and its powerful reach into Hollywood and Las Vegas, from the author of *The Godfather* *The Last Don* is Domenico Clericuzio, a wise and ruthless old man who is determined to see his heirs established in legitimate society but whose vision is threatened when secrets from the family's past spark a vicious war between two blood cousins. *The Last Don* is a mesmerizing tale that takes us inside the equally corrupt worlds of the mob, the movie industry, and the casinos where beautiful actresses and ruthless

hitmen are ruled by lust and violence, where sleazy producers and greedy studio heads are drunk on power, where crooked cops and desperate gamblers play dangerous games of betrayal, and where one man controls them all. Praise for *The Last Don* "Puzo is in top form. . . . Head-long entertainment, bubbling over with corruption, betrayal, assassinations, Richter-scale romance, and, of course, family values."—*Time* "The most entertaining read since *The Godfather*."—*The New York Times Book Review* "Skillfully crafted . . . It gives us Hollywood, Las Vegas, and the mob in one sweet dish."—*Los Angeles Times Book Review* "Puzo returns after a quarter century to the terrain of his greatest success, *The Godfather*, to tell a second masterful tale of Mafia life."—*Variety* "A compelling tale peopled by memorable characters . . . Puzo is a master storyteller with an uncanny facility for details that force the reader to keep the pages turning."—*USA Today*
