San Jose Gambling Ted Ramos,2020-03-23 From the time San Jose was founded by the Spanish in 1777 as California's first civilian settlement, the city has had its share of risk-taking in one way or another. San Jose began as a small settlement of farmers who produced food for the presidios in San Francisco and Monterey. In their free time, the farmers enjoyed a few games of cards despite the strict rules of the Spanish military. Present-day San Jose has become filled with high-tech engineers risking everything to develop the next successful start-up company. San Jose had a lot of gambling between these times--from the illegal speakeasy-type clubs that featured games such as dice, fan-tan, roulette, Chinese lotteries, and, of course, slot machines to the small legal card clubs consisting of one to ten tables filled with people playing games such as pan, lowball, and poker, that would eventually become two of Northern California's largest cardrooms, which generate millions of dollars every year.

Contracts Brian A. Blum,Amy C. Bushaw,2017-03-01 The purchase of this ebook edition does not entitle you to receive access to the Connected eBook with Study Center on CasebookConnect. You will need to purchase a new print book to get access to the full experience, including: lifetime access to the online ebook with highlight, annotation, and search capabilities; practice questions from your favorite study aids; an outline tool and other helpful resources. Contracts: Cases, Discussion, and Problems, Fourth Edition is known for its strikingly clear, straightforward text that illuminates cases as well as concepts and theory. The book focuses on modern cases to expose students to contemporary contract law, but it also includes many important or iconic older cases. The cases are set in context by extensive author-written explanatory text. Insightful questions draw attention to difficult and crucial aspects of the law and prompt vigorous class discussion. Numerous problems, ranging from simple to complex, supplement cases and introduce topics taught most effectively through problems. The casebook's traditional organization begins with formation and then corresponds to the sequence followed by the Restatement (2nd) of Contracts and treatises. Its concise, efficient presentation results in an optimum length for the course. Procedural issues are highlighted when presented by the cases and transactional issues such as drafting, client counseling, and negotiation are raised through the use of questions and small exercises throughout the text. Strengthening the text's focus on contemporary methods of contracting, modern issues in standard contracts are explored along with contracts entered into electronically. International and comparative material offers alternative approaches for students to consider, such as those taken by the United Nations Convention on Contracts for the International Sale of Goods (CISG) and the UNIDROIT Principles of International Commercial Contracts.

Were it not for the chance discovery of a single photo in a Las Vegas museum, the El Rey Club would only be known as the seedy brothel where Senator Harry Reid learned to swim. Casino Gambling J. Edward Crowder, 2006 SURVIVE THE CASINO AND HAVE FUN! Casino gambling is the fastest growth industry in the U.S. As more and more states enact legalized gambling regulations in the pursuit of tax revenue, so there are more and more gamblers that are lured to casinos for entertainment and the chance to win big bucks. About 99 percent of gamblers lose money in the long run, unfortunately, and some become so addicted to gambling that they lose their homes, cars, friends and sometimes families. Dr. Crowder takes a look at the casino milieu, dangers and temptations lurking there, personality and emotional differences that impact gambling behavior, the effects of alcohol and prescribed and street drugs on gambling, how slot machines work, and the odds of winning and losing at available games. This is primarily a How To book: How to keep from losing your shirt, How to avoid crime and cheating, How to get your share of the billion or so dollars casinos give to gamblers each year, and How to play the most generous casino games.

Gardena Poker Clubs Max Votolato, 2017-06-19 Even in the midst of the Great Depression, gamblers flocked to Gardena. Colorful individuals like Ernie Primm fought for the legalization of commercial draw poker and established six iconic card clubs that thrived for generations. Russ Miller worked his way from Edgemont Club bouncer to owner of the Normandie Club. A criminal group called the Ver-Crans Corporation controlled the Horseshoe Club before being run out of town, selling its interest to Bow Herbert. Rival factions in the city waged war in the courts and the street over the coveted seventh card club license. And Larry Flynt bid his way to owning the Eldorado Club, which he rebuilt as the Hustler Casino. Author Max Votolato reveals the high-stakes stories behind Gardena's famous poker rooms.

No Work and All Play Roger Wagner, 2011-05-26 The contents of the book describe the many examples of the types of characters and crazy daily episodes that an average person who selects a career in casino hotel management will

witness and are part of during a lifetime in such a career. The book is really not about me, but it is a lifetime chronicle of my career where every work day is fun and there is almost never any drudgery. The three most interesting characters in the book are none other than a tycoon named Donald Trump, a Casino Icon named Jack Binion and a baseball legend named Mickey Mantle. The book also describes many other very interesting real-life persons in my career from Mob-connected people to other well known casino operators of their day. Most of these characters are not famous celebrities but their stories are sometimes even more humorous than those of Trump or Mantle. The stories about these people are real and actually happened, although the actual dates may be incorrect in some cases and some of the intricate details may be embellished to improve the stories. None of the tales degrade any of the characters in my book, but I do tell humorous stories about all of them that demonstrate they all have to put their pants on one leg at a time like the rest of us. It is not a text book, but it can serve as a good primer for a person considering making gaming hospitality their career objective. The seven different sections of the book are written to show how a person entering a casino hospitality position might evolve from the lowest level in a casino organization to a very high level of management, and that it generally takes many years to accomplish. It also describes the different relationships that one develops in any type of business and I use real people to illustrate how they each fit into the different types of relationships.
