Albion's Seed David Hackett Fischer,1991-03-14 This fascinating book is the first volume in a projected cultural history of the United States, from the earliest English settlements to our own time. It is a history of American folkways as they have changed through time, and it argues a thesis about the importance for the United States of having been British in its cultural origins. While most people in the United States today have no British ancestors, they have assimilated regional cultures which were created by British colonists, even while preserving ethnic identities at the same time. In this sense, nearly all Americans are Albion's Seed, no matter what their ethnicity may be. The concluding section of this remarkable book explores the ways that regional cultures have continued to dominate national politics from 1789 to 1988, and still help to shape attitudes toward education, government, gender, and violence, on which differences between American regions are greater than between European nations.

Every Man a King Chris Stirewalt,2018-09-11 From Fox News' politics editor Chris Stirewalt -- a fun and lively account of America's populist tradition, from Andrew Jackson and Teddy Roosevelt, to Ross Perot, Pat Buchanan, and Donald Trump. Whatever the ideological fad of the moment, American populism has always been home to a fascinating assortment of charismatic leaders, characters, kooks, cranks, and sometimes charlatans who have - with widely varying degrees of success - led the charge of ordinary folks who have gotten wise to the ways of the swamp. This attitude of skeptical resentment also makes populism a fertile field for the work of conspiracy theorists and other enthusiastic apostates from civic convention. After all, if the people in power are found to be rigging one part of the system, why not the rest? Every Man a King tells the stories of America's populist leaders, from an elderly Andrew Jackson brutally caning his would-be-assassin, to William Jennings Bryan's pre-speech routine that combined equally prodigious quantities of prayer and food, to Ross Perot's military-style campaign that made even volunteers wear badges with stars to show rank. It is a rollicking history of an American attitude that has shaped not only our current moment, but also the long struggle over who gets to define the truths we hold to be self evident.

Sue Kwon: RAP IS RISEN ,2021-11-16 Sue Kwon's undeniable hip-hop résumé should be bowed down to! Sue is definitely one of the greats in visually capturing a culture. -Posdnuos of De La Soul The last decade of the 20th century into the first decade of the 21st represent a High Renaissance age of hip hop--an era in which rap music had reached critical mass and was exploding, and in which New York City itself witnessed the worldwide ascension and cultural domination of its powerful homegrown art form. In Rap Is Risen: New York Photographs 1988-2008, celebrated photographer Sue Kwon documents this era with a combination of incisive portraits and unposed, spontaneous images that capture the energy of these ascendant artists and the city itself. With access to some of rap music's biggest legends--some stars already, some at the cusp of their fame--Kwon's work offers an intimacy rarely seen in the hip hop photography of the time. The Wu-Tang Clan, Biggie Smalls, Jay-Z, Kanye West, Big Pun, Eminem, Mobb Deep, the Beastie Boys, Big L, Ice Cube, De La Soul and A Tribe Called Quest are all represented here, as well as dozens of other DJs and artists that communed with Kwon to produce these images. Method Man brushing his teeth, Fat Joe playing softball in the Bronx, Prince Paul kissing his baby son--the trust inherent between subject and photographer is evident in intimate, joyful shots like these. Giving a rare glimpse into real rap culture, and featuring 300 photographs, most of which have never been published before, Rap Is Risen is a necessary offering to music history and the faithful followers of hip hop. Sue Kwon began her career at the Village Voice and went on to shoot primarily hip hop artists for record labels such as Def Jam, Sony and Loud Records. Recent commercial collaborations include MCM, Sergio Tacchini and Carhartt WIP national campaigns.

Seeing Like a State James C. Scott,2020-03-17 “One of the most profound and illuminating studies of this century to have been published in recent decades.”—John Gray, New York Times Book Review Hailed as “a magisterial critique of top-down social planning” by the New York Times, this essential work analyzes disasters from Russia to Tanzania to uncover why states so often fail—sometimes catastrophically—in grand efforts to engineer their society or their environment, and uncovers the conditions common to all such planning disasters. “Beautifully written, this book calls into sharp relief the nature of the world we now inhabit.”—New Yorker “A tour de force.”— Charles Tilly, Columbia University

Am I Alone Here? Peter Orner,2016-10-25 This National Book Critics Circle Award is “an entrancing attempt to catch what falls between: the irreducibly personal, messy, even embarrassing ways reading and living bleed into each other, which neither literary criticism nor autobiography ever quite acknowledges (The New York Times). “Stories, both my own and those I’ve taken to heart, make up whoever it is that I’ve become,” Peter Orner writes in this collection of essays about reading, writing, and living. Orner reads and writes everywhere he finds himself: a hospital cafeteria, a coffee shop in Albania, or a crowded bus in Haiti. The result is a book of unlearned meditations that stumbles into memoir. Among the many writers Orner addresses are Isaac Babel and Zora Neale Hurston, both of whom told their truths and were silenced; Franz Kafka, who professed loneliness but craved connection; Robert Walser, who spent the last twenty-three years of his life in a Swiss insane asylum, working at being crazy; and Juan Rulfo, who practiced the difficult art of silence. Virginia Woolf, Eudora Welty, Yasunari Kawabata, Saul Bellow, Mavis Gallant, John Edgar Wideman, William Trevor, and Václav Havel make appearances, as well as the poet Herbert Morris--about whom almost nothing is known. An elegy for an eccentric late father, and the end of a marriage, Am I Alone Here? is also a celebration of the possibility of renewal. At once personal and panoramic, this book will inspire readers to return to the essential stories of their own lives.

American Slavery as it is American Anti-Slavery Society,1839

And Then There Were None AGATHA CHRISTIE,2024-02-29 First, there were ten—a curious assortment of strangers summoned as weekend guests to a little private island off the coast of Devon. Their host, an eccentric millionaire unknown to all of them, is nowhere to be found. All that the guests have in common is a wicked past they're unwilling to reveal—and a secret that will seal their fate. For each has been marked for murder. A famous nursery rhyme is framed and hung in every room of the mansion: Ten little boys went out to dine; One choked his little self and then there were nine. Nine little boys sat up very late; One overslept himself and then there were eight. Eight little boys traveling in Devon; One said he'd stay there then there were seven. Seven little boys chopping up sticks; One chopped himself in half and then there were six. Six little boys playing with a hive; A bumblebee stung one and then there were five. Five little boys going in for law; One got in Chancery and then there were four. Four little boys going out to sea; A red herring swallowed one and then there were three. Three little boys walking in the zoo; A big bear hugged one and then there were two. Two little boys sitting in the sun; One got frizzled up and then there was one. One little boy left all alone; He went out and hanged himself and then there were none. When they realize that murders are occurring as described in the rhyme, terror mounts. One by one they fall prey. Before the weekend is out, there will be none. Who has

choreographed this dastardly scheme? And who will be left to tell the tale? Only the dead are above suspicion.

The Psychedelic Experience Timothy Leary,Richard Alpert,Ralph Metzner,2024-04-09 Years after the Summer of Love, the promise of the psychoactive 1960s—that deeper self-awareness and greater harmony can be achieved through reality-bending substances and practices—is close to becoming a mainstream phenomenon. The signs are everywhere, from a renewed interest in the therapeutic effects of LSD to the popularity of ayahuasca trips and the annual spectacle of Burning Man. The Psychedelic Experience, created by the prophetic shaman-professors Timothy Leary, Ralph Metzner, and Richard Alpert (Ram Dass), is a foundational text that serves as a model and a guide for all subsequent mind-expanding inquiries. Based on a unique interpretation of The Tibetan Book of the Dead, The Psychedelic Experience remains a vital testament to broadening spiritual consciousness through a combination of Tibetan meditation techniques and psychotropic substances. For a new generation seeking the trip of a lifetime, The Psychedelic Experience is the essential guidebook to getting there.

Women, Race, & Class Angela Y. Davis,2011-06-29 From one of our most important scholars and civil rights activist icon, a powerful study of the women's liberation movement and the tangled knot of oppression facing Black women. "Angela Davis is herself a woman of undeniable courage. She should be heard."—The New York Times Angela Davis provides a powerful history of the social and political influence of whiteness and elitism in feminism, from abolitionist days to the present, and demonstrates how the racist and classist biases of its leaders inevitably hampered any collective ambitions. While Black women were aided by some activists like Sarah and Angelina Grimke and the suffrage cause found unwavering support in Frederick Douglass, many women played on the fears of white supremacists for political gain rather than take an intersectional approach to liberation. Here, Davis not only contextualizes the legacy and pitfalls of civil and women's rights activists, but also discusses Communist women, the murder of Emmitt Till, and Margaret Sanger's racism. Davis shows readers how the inequalities between Black and white women influence the contemporary issues of rape, reproductive freedom, housework and child care in this bold and indispensable work.
