How to Be Your Own Best Tennis Pro Paul Johan Stokstad,2003-10-15 You've had what seems like a million tennis lessons, but you get out on the court and it all goes away. You revert back to old habits and what made sense in the clean green and white world of the tennis pro is lost out there on the gritty high school courts where you are losing again to Hacker Charlie. You get steamed, throw your racket and go home frustrated. This book addresses the problem of getting what you learn in lessons out onto the court where you are hitting the ball with an actual opponent. The book challenges you to take charge of your own growth as a tennis player. It presents a system of point projects to help you systematically gather tennis knowledge and effectively incorporate it into actual play situations. This system is applicable to tennis practice, practice matches, match warm-ups, and during competitive match play. The book includes a number of sample point projects on every major stroke for you to try, plus a goal-setting chapter to give you the beginnings of an overall plan for self-improvement built around your own list of point projects. For less than the cost of one tennis lesson, you can double the value of all your other lessons, and start to become your own (best) tennis pro. Praise for *How to be Your Own Best Tennis Pro* Paul Stokstad's book puts the attention of the player where it belongs: on self-development. Only by taking a serious look at your own game, by pulling apart and examining the details of every stroke, can you put it all together again as a bigger and better game. The book has an interesting, systematic method of analysis that should take any player to a new level of understanding of their own game and of tennis in general. -Jack Kramer

45 Love Ray Krueger,2012-02-03 One of the marketing campaigns for tennis has called it a sport for a lifetime. This is a diary of a life as defined by a sport. Ray Krueger, an editor at the NEW YORK TIMES, spends a year on a quest for the best possible ranking on the 45-and over national tennis circuit while balancing a career in jeopardy and a life spent looking for validation in a sport that may have saved his life. The journey starts as an overweight 17-year-old obsessed with watching and chronicling sports in notebooks as a wannabe sportswriter/editor. Krueger decides to get into the game. His sport: tennis. Separating for the first time from his broken home and his long departed alcoholic father and emotionally damaged mother, Krueger begins a quest that leads him through the lowest levels of recreational tennis to training as a serious athlete and competing in tournaments all over the country. Along the way, the sport gives him structure, a support system and even a wife. The dedication and devotion that he finds in his yearlong (and lifelong) tennis quest also guides him through the toughest year of his professional life. On the court, Krueger deals with fellow obsessives in addition to dilettantes, media masters of the universe, former world ranked players and mental cases, only some of which have been officially diagnosed as such. The year on the 45-and-over circuit outlines the physical, mental and emotional challenges and rewards inherent in trying to achieve a goal, and shows when the goal may also hide the real reasons for working so hard to achieve it.

Tennis Through the Eyes of an "Old Pro" Bob Kurlander,2013-06-18 TURNING TENNIS PRO: I was a very young Tennis Pro in the late 1940's with jobs at the Mountain Ridge Country Club, NJ and the Mayfair Inn, Stanford, FL. I was not satisfied with my income. I was offered a lucrative job with the Gilman Paper Company, New York City, NY that required my moving to Montgomery, AL to promote and sell a packaging machine that filled chemicals into multi-wall kraft bags, manufactured by Gilman. I had a lot of success with this marketing venture and was moved back to the New York office. A career with Gilman looked good with an excellent pension for my old age. BUT, my love for TENNIS changed everything! My brother, Jack convinced Playboy Hotels International that his Great Gorge Ski Area was a great place to build a hotel that they were planning. He suggested I renew my Tennis Life by accepting the Director of Tennis with Playboy. My Tennis Career was back on track - which my book deals with.

The Little Green Book of Tennis Tom Parham,2015-04-17 Golf is a disease, not a game. Especially when you take the game up in your fifties, as I did. After a series of injuries stopped my recreational tennis play, and my retirement from a lifetime of coaching and teaching tennis, I tried golf. It didn't take long to realize it was not an easy endeavor. Someone said, You can't learn anything from a golf book, but you have to read a lot of golf books to find that out! I found the gurus of golf instruction: Ledbetter, Pelz, and Hogan, who was said to have written the book with the secret! I did find one that really attracted me but in a somewhat different way.
