narrative tells their intertwined stories - - from broken homes to Medals of Honor (all three would receive them) ; barnstorming to the greatest raid of World War II; front-page triumph to anguished tragedy ; and near death to ultimate survival - - as all took to the sky, time and again, to become exemplars of the spirit of the greatest generation.--Back cover.

The Flying Man Mike Downs,2022-12-06 Here is the little-known history of Otto Lilienthal, a daring man whose more than 2,000 successful flights inspired the Wright Brothers and other aviation pioneers. In 1862, balloons were the only way to reach the sky. But 14-year-old Otto Lilienthal didn't want to fly in balloons. He wanted to soar like a bird. Scientists, teachers, and news reporters everywhere said flying was impossible. Otto and his brother Gustav desperately wanted to prove them wrong, so they made their own wings and tried to take flight. The brothers quickly crashed, but this was just the beginning for Otto, who would spend the next 30 years of his life sketching, re-sketching, and building gliders. Over time, Otto's flights got longer. His control got better. He learned the tricks and twists of the wind. His flights even began to draw crowds. By the time of his death at age 48, Otto had made more than 2,000 successful glider flights. He was the first person in history to spend this much time in the air, earning the title of the world's first pilot and paving the way for future aviation pioneers.

The Flying Circus Susan Crandall,2016-02-16 Set in the rapidly changing world of 1920s America, this is a story of three people from very different backgrounds ... Set adrift by life-altering circumstances, they find themselves bound together by need and torn apart by blind obsessions and conflicting goals. Each one holds a secret that, if exposed, would

destroy their friendship. But their journey of adventure and self-discovery has a price--and one of them won't be able to survive it. As they crisscross the heartland, exploring the rapidly expanding role of aviation from barnstorming to bootlegging, from a flying circus to the dangerous sport of air racing, the three companions form a makeshift family--

First Flight Tom D. Crouch, 2002 Describes the Wright brothers of Dayton, Ohio and the events that lead to the world's first successful flight of a man-carrying, power-driven, heavier-than-air machine. The Wright brothers' first flight occurred on Dec. 17, 1903 and lasted just 12 seconds at Kitty Hawk, North Carolina.

On Glorious Wings Stephen Coonts, 2003-10 A collection of stories and excerpts from world-renowned authors celebrating the airplane and aviation.
