What is e-book? Nicolae Sfetcu, 2014-05-10 The e-book guide for publishers: how to publish, EPUB format, ebook readers and suppliers. An electronic book (also e-book, ebook, electronic book, digital book) is a book-length publication in digital form, consisting of text, images, or both, and produced on, published through, and readable on computers or other electronic devices. An e-book can be purchased/borrowed, downloaded, and used immediately, whereas when one buys or borrows a book, one must go to a bookshop, a home library, or public library during limited hours, or wait for a delivery. Electronic publishing or ePublishing includes the digital publication of e-books and electronic articles, and the development of digital libraries and catalogues. EPUB (short for electronic publication; alternatively capitalized as ePub, ePUB, EPub, or epub, with EPUB preferred by the vendor) is a free and open e-book standard by the International Digital Publishing Forum (IDPF). Self-publishing is the publication of any book or other media by the author of the work, without the involvement of an established third-party publisher. One of the greatest benefits brought about by ebooks software is the ability for anyone to create professional ebooks without

having to fork out thousands of dollars to design and publish a book. People can easily become authors overnight and earn income from selling online ebooks.

Cryptography ,

Earth Force Shemer Kuznits,2019-04-30 On the first day, a mist descended from the heavens blanketing Earth.On the second day, a cryptic message, 'Infusion commencing', appeared in the corner of everyone's eyes. On the third day, the sick were healed and the crippled walked again. On the fourth day, celebration and joy spread across the globe. And on the fifth day, the warping began...There was no warning. A mist descended from the sky, disabling all technology and causing a weird message to appear at the corner of everyone's eye. Unable to fight the seemingly-indestructible beasts, the survivors are reduced to cowering in reinforced shelters. Waiting for the end to come. Helpless. All seemed lost until a few brave souls discovered the secret of their new reality: the Tec and how to use it to level up. Together they represent humanity's last best hope for salvation. But they first must find the answers to the mystery of their new existence. Their journey will require them to quickly adapt to alien technology, operate strange spaceships, and even befriend an extra-terrestrial merchant with an Inferiority Complex.
