**Back 2/1: I Invite You into My Serenity** Deborah Chenault Green,2008-04-14 At the age of forty-eight, I thought my dreams were over. Depressed, physically ill and emotionally bruised, I had all but given up. I had no hope and felt destined to a life of misery and gloom. Then something happened, I began to hear a voice speak to me. Was I crazy? God doesn't speak to ordinary people, does he? Well, he was speaking to me. At first I didn't know what to think, what to do, but then He told me to look back over my life and tell Him what I saw. What I saw was not what I expected; what I saw was evidence of God's goodness throughout my life. That's when I began to thank and praise Him. From that day my life changed drastically, on every level, in every aspect. I began to look at life in a new way, a more positive way. The more positive I began to think, the more positive things started to occur in my life. Those conversations with God led to the writing of this book.

**The Rise of Jonathan Flite** Matthew J. Beier,2021-05-30 Jonathan Flite’s fame is on the rise. Ever since the suicide bombing at his mother’s press conference last summer, his alleged “past-life memories” of Minnesota’s long-lost Idle County Seven have piqued the curiosity of people everywhere—including new religious extremists who don’t want to be challenged by questions about the nature of reality. Now, the reigning queen of news media, Alice Winterblume, is featuring Jonathan front and center in her hit docuseries, WorldLine. As Jonathan’s claims about the Idle County Seven further challenge the social psyche, so too do the alarming uncertainties they raise about two individuals the teens once knew: Victor Zobel, the celebrity billionaire now suspected of orchestrating the 2037 nuclear terrorist attack in Geneva, Switzerland; and Rebecca Sparks, the mysterious physicist whose new and testable Theory of Everything has since ignited controversy among scientists around the globe. As links between the past and the present converge, Jonathan’s stories about the Idle County Seven—particularly one about young Lindsay Thorsen and an out-of-body experience she had during a harrowing abduction in 2006—begin crumbling the walls of society’s deepest-held beliefs about life, death, and reality.

Odyssey Mike Carter,2014-07-08 Odyssey: a long and eventful or adventurous journey or experience. In this book, the author explores many themes through the medium of poetry, touching upon events that cross the paths of some of us in our everyday lives. There are journeys into love and heartache; happiness and sorrow; history revisited, from the horrors of medieval battles to the trenches of the Somme. Nature and the environment are also featured, reminding us of the diversity and beauty of this planet upon which we live, and sometimes, of our fight to preserve it for future generations. Finally, there is darkness and light, a journey into a nightmare landscape where demons and shadows dwell. So sit back and immerse yourself in a world of verse-become part of the journey on this odyssey.

*The Girl in the Leaves* Robert Scott,Sarah Maynard,Larry Maynard,2012-12-31 The shocking true crime story of one of the most bizarre mass murders ever recorded—and the girl who escaped with her life. In the fall of 2010, in the all-American town of Apple Valley, Ohio, four people disappeared without a trace: Stephanie Sprang; her friend, Tina Maynard; and Tina’s two children, thirteen-year-old Sarah and eleven-year-old Kody. Investigators began scouring the area, yet despite an extensive search, no signs of the missing people were discovered. On the fourth day of the search, evidence trickled in about neighborhood “weirdo” Matthew Hoffman. A police SWAT team raided his home and found an extremely disturbing sight: every square inch of the place was filled with leaves and a terrified Sarah Maynard was bound up in the middle of it like some sort of perverted autumn tableau. But there was no trace of the others. Then came Hoffman’s confession to an unspeakable crime that went beyond murder and defied all reason. His tale of evil would make Sarah’s survival and rescue all the more astonishing—a compelling tribute to a young girl’s resilience and courage and to her fierce determination to reclaim her life in the wake of unimaginable trauma.

News' Books to Add To Your Reading List in January Bookbub's Most Anticipated Romances of Winter The Nerd Daily’s Swoonworthy 2022 Releases They were cowriting literary darlings until they hit a plot hole that turned their lives upside down. Three years ago, Katrina Freeling and Nathan Van Huysen were the brightest literary stars on the horizon, their cowritten book topping bestseller lists. But on the heels of their greatest success, they ended their partnership on bad terms, for reasons neither would divulge to the public. They haven't spoken since, and never planned to, except they have one final book due on contract. Facing crossroads in their personal and professional lives, they're forced to reunite. The last thing they ever thought they'd do again is hole up in the tiny Florida town where they wrote their previous book, trying to finish a new manuscript quickly and painlessly. Working through the reasons they've hated each other for the past three years isn't easy, especially not while writing a romantic novel. While passion and prose push them closer together in the Florida heat, Katrina and Nathan will learn that relationships, like writing, sometimes take a few rough drafts before they get it right.

**Mariposa** Greg Bear,2014-04-01 The world just keeps getting tougher and more complicated. America teeters on the edge of bankruptcy because of crushing foreign debt and an apparent savior, The Talos Corporation, delivers training for soldiers and security forces around the world, logistical support and badly-needed troops economically, but with a hidden cost that’s both sinister and disturbing. The three rookie FBI agents who survived the challenges portrayed in Quantico, have gone their separate ways but seem fated to be drawn back together in an alliance against a surprising challenge for which no one seems prepared. Rebecca Rose is brought back from an extended sabbatical when the President is shot and her second-in-command is implicated in an horrific crime—and all the threads point deeper into Talos’s secretive activities. Fouad Al-Husam, working undercover inside Talos, has uncovered and been forced to hide vital information of a takeover plot that threatens America’s independence. Nathan Trace, victim of a violent incident in the Middle East, struggles with post-traumatic stress and seems to be recovering through participation in a treatment program, code-named Mariposa, which has unexpected side-effects that turn patients into brilliant, detached and sociopathic individuals—very smart and extremely deadly. Only a desperate combination of misfits and survivors can combat an apparently inevitable collapse of American organization that will lead to the fall of democracy.
