Alien Sky Daniel Arenson, The Singularity. The day the machines gained awareness. The day they turned cruel. The day they overthrew their makers. In a distant star system, a planet-sized computer unleashes its hosts: fleets of warships, armies of robots, and a swarm of killer drones. Their purpose is one: destroy all life. As the cosmos crumbles, one team steps up to the plate: The Alien Hunters. The Alien Hunters are galactic pest controllers, not an army. Their spaceship is old and clunky. They specialize in crushing the odd space bug, not a fleet of vicious machines. They're a rolled-up newspaper when the cosmos needs an A-bomb. But they're fast, they're brave, and they're just foolhardy enough to charge right into battle. As the robots spread across the galaxy, slaying all in their path, the Alien Hunters fly out to meet them. The war between life and machine begins.

Alien Hunters Daniel Arenson,2015-01-19 A fun, fast-paced space adventure... as action-packed as Star Wars or Battlestar Galactica. -- Jeff Bryan, author of Ellie Jordan, Ghost Trapper

Arenson has brought fun back to space opera. If you love Firefly or Guardians of the Galaxy, you'll dig this. -- Colin F. Barnes, author of Hollow Space

The skelkrins. Predators from deep space. Creatures of claws, fangs, and unending malice. They swarm across the galaxy, slaying all in their path. Planets burn in their wake. And now they're heading to Earth. Raphael Riff Starfire commands the Alien Hunters, a group of scruffy mercenaries. Galactic pest controllers, they mostly handle small critters--aliens that clog up your engine pipes, gnaw on your hull, or burrow through your silos. Riff and his crew have never faced anything like the skelkrins before. As these cosmic killers invade our solar system, will Riff be the one hunting aliens . . . or will aliens hunt him? ALIEN HUNTERS -- a free space opera, alien invasion adventure for fans of Star Wars, Firefly, and Guardians of the Galaxy.

Alien Hunters: A Space Opera Trilogy Daniel

Arenson, 101-01-01 Got trouble with aliens? Call the Alien Hunters. This bundle includes all three novels in this fast-paced, sci-fi adventure.

BOOK 1: Alien Hunters -- The skelkrins. Predators from deep space. Creatures of claws, fangs, and malice. Riff and his crew are the Alien Hunters, ragtag mercenaries who travel the galaxy, trapping and removing cosmic critters. They're just galactic pest controllers, not an army. When the skelkrins attack, will the Alien Hunters be the ones hunting aliens . . . or will aliens hunt them?

BOOK 2: Alien Sky -- The Singularity. The day the machines gained awareness. The day they turned cruel. The robotic fleet swarms across the galaxy, slaying all in its path. The Alien Hunters--outgunned, outsmarted, outclassed--fly up to meet these killer robots. The battle between life and machine begins.

BOOK 3: Alien Shadows -- On a dead planet orbiting a black hole, shadows stir. Some call them ghosts, others merely figments of the imagination. As these astral beings spread across the cosmos, the Alien Hunters stare into the darkness of deepest space . . . and find terror.

Galactic Empires M. Pax, Patty Jansen, Mark E. Cooper, Daniel Arenson, Joseph Lallo, Chris Reher, David VanDyke, 2016-01-01
Seven full-length novels of adventure, war, intrigue and survival in the far reaches of space. *The Backworlds* by M. Pax A man struggles to survive in the harsh world of humanity's outer settlements and prove his father wrong. *Ambassador 1: Seeing Red* by Patty Jansen To look an alien superior in the eye is a deadly offense. To accuse him of a political murder... *Alien Hunters* by Daniel Arenson A scruffy alien pest controller faces an alien threat the likes of which the universe has never seen. *Hard Duty* by Mark E. Cooper Hostile aliens nearly eradicated humanity. Will the next encounter finish the job? *Bypass Gemini* by Joseph Lallo A disgraced racer pilot gets mixed up with a mega-corporation. Now he has to stop them. *Sky Hunter* by Chris Reher Sent to a human outpost to investigate sabotage, a pilot finds more trouble than she bargained for. *First Conquest* by David VanDyke To find a home and keep humanity safe from hostile aliens, Task Force Conquest must fight to seize a new star system.

Alien Shadows Daniel Arenson, 2015-09-07 On a dead world orbiting a black hole, shadows awaken. Some call them ghosts. Others believe them mere figments of the imagination. Yet for the scientists stranded on this rocky outpost, the evil haunting their halls is all too real. A handful of men and women have come here, to this desolate world light-years away from civilization. They came to study the black hole, this anomaly that breaks all their calculations. A black hole more like a living creature. A god of darkness. And through the halls of the observatory, this deity's warriors scurry, whisper, reach from the shadows. Creatures woven of darkness, of an evil from beyond. Only one team of heroes can save the scientists stranded here. The Alien Hunters have never faced anything like these shadowy spirits. They're galactic pest controllers, not ghostbusters. Yet as the evil from the black hole threatens to overwhelm the entire cosmos, the Alien Hunters find themselves staring into the darkness . . . and finding

terror.

However, it is essential to be cautious while downloading Gigaget. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Gigaget, users should also consider

the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Gigaget has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular

choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.
