Grand Hotel, Mackinac Island John McCabe,1987

Grand Hotels Elaine Denby,2002 From its beginnings as the humble inn, the hotel has undergone enormous changes over the centuries. Elaine Denby charts the development of the Grand Hotel and how it has kept pace with technological innovations.

The Day the MGM Grand Hotel Burned Deirdre Coakley,Hank Greenspun,Gary C. Gerard,1982-01-01 The staff of the Las Vegas Sun describes, examines, and illustrates the circumstances and consequences of the November 1980 fire that killed eighty-four people and injured scores of others

No Work and All Play Roger Wagner,2011-05-26 The contents of the book describe the many examples of the types of characters and crazy daily episodes that an average person who selects a career in casino hotel management will witness and are part of during a lifetime in such a career. The book is really not about me, but it is a lifetime chronicle of my career where every work day is fun and there is almost never any drudgery. The three most interesting characters in the book are none other than a tycoon named Donald Trump, a Casino Icon named Jack Binion and a baseball legend named Mickey Mantle. The book also describes many other very interesting real-life persons in my career from Mob-connected people to other well known casino operators of their day. Most of these characters are not famous celebrities but their stories are sometimes even more humorous than those of Trump or Mantle. The stories about these people are real and actually happened, although the actual dates may be incorrect in some cases and some of the intricate details may be embellished to improve the stories. None of the tales degrade any of the characters in my book, but I do tell humorous stories about all of them that demonstrate they all have to put their pants on one leg at a time like the rest of us. It is not a text book, but it can serve as a good primer for a person considering making gaming hospitality their career objective. The seven different sections of the book are written to show how a person entering a casino hospitality position might evolve from the lowest level in a casino organization to a very high level of management, and that it generally takes many years to accomplish. It also describes the different relationships that one develops in any type of business and I use real people to illustrate how they each fit into the different types of relationships.

SpeKtor's Gambit Curtis L Fong,2016-05-05 There's been a terrorist takeover of The Strip in Las Vegas, Nevada. Only, One man can stop them and His name is SpeKtor. Only, One woman can help him and Her name is Manette Majai Messiah.

Ten Days at Monte Carlo at the Bank's Expense V. B.,Victor Bethell,1898

Florida's Grand Hotels from the Gilded Age R. Wayne Ayers,2005 Florida in the late 1800s was a paradise waiting to be discovered. During this period, two visionary tycoons of the Gilded Age set out on separate ventures that would transform the Sunshine State from America's last frontier into a destination for the rich and famous. The grand hotels that Henry M. Flagler and Henry B. Plant opened at their planned resort sites offered a fantasy stay surrounded by all the accoutrements expected by sophisticated, Gilded Age patrons. Florida's Grand Hotels from the Gilded Age provides a look at these magnificent structures during their glory years, along with the fashionable entertainment and social and recreational pastimes that engaged their gilded guests.

America's Grand Resort Hotels Jeffrey Limerick,Nancy Ferguson,Richard Oliver,1979

Las Vegas the Grand Mike Carpenter,2017-12-20 Las Vegas really is unique in so many ways. One of them is that its history is equally short and intense and can be told through the birth and demise of the resorts that dot the Strip, the rise and fall of its industry titans. The casino industry, that is. Following this common thread, we'll get to know the vast majority of casino hotels built along Las Vegas Boulevard South, the most celebrated and most visited stretch of asphalt on Earth, starting in 1941 with the El Rancho Vegas. Great emphasis will be given to the key players in the triumph of this oasis of fun in the middle of nowhere, the dreamers that made a town that's the stuff of dreams. Jay Sarno, Howard Hughes, Kirk Kerkorian, Bill Bennett, Steve Wynn, Sheldon Adelson are their names. Mind you: this is not a travel guide. In fact, it is so much more than that.

Gambling in America William N. Thompson,2015-02-10 This one-volume reference provides a comprehensive overview of gambling in the Americas, examining the history, morality, market growth, and economics of the gaming industry. This is the most complete encyclopedia of gambling, covering the industry in great detail including the players, the games, the venues, and the surrounding social issues. Updates in this second edition reveal the impact of technological advances on the games, the growing legislation regulating the industry, and the expanding global footprint of gambling across the world—from Manitoba to Montana. Author William N. Thompson postulates on the impact of gambling on local communities and shows how the U.S. gaming industry is tied to the global market, most notably gaming expansion in Macau and Singapore. The book addresses the various forms of gaming, such as casino-based and online gambling, sports betting, and lotteries. Additional content examines the social issue of problem and pathological gambling and addresses the rehabilitation programs available for the mitigation and treatment of gambling problems.

American Casino Guide Steve Bourie,2005-11 Listing more than 700 casinos in 36 states, this bestselling guide is jam-packed with detailed information and includes 150 coupons providing more than \$1,000 in savings. Consumable.

The International Encyclopedia of Gambling [2 volumes] William N. Thompson,2009-12-23 The most complete single-source collection on gambling ever assembled gives readers access to the best possible information about one of the fastest growing industries in the world. The International Encyclopedia of Gambling seeks to explain the gambling phenomenon through an in-depth exploration of gambling operations around the world. More than 300 entries reflect the global stretch of the industry as they examine games, venues, players and other leading figures, legal issues, the history of gaming, and the literature on the subject. The work is enhanced with a

dozen contributed articles on gambling-related topics, including commentaries on the history and growth of Las Vegas and a description of major law cases involving gambling. Coverage includes Internet gambling and a section incorporating reviews of more than 50 films about gambling.

Government and the Transformation of the Gaming Industry Richard McGowan,2001-01-01 During the 1990s the gambling industry transformed its image by referring to itself as the gaming industry . While critics of the industry scoffed at this transformation as merely a meaningless name change, it has had profound effects on the business and public policies that face the newly transformed gaming industry. The book is divided into three parts. The first part focuses on the historical and cultural forces that have shaped the new gaming industry. Emphasis is placed on the two types of games (agon games of skill, and alea games of chance). It is shown that the types of games a society embraces have a significant impact on whether gambling is permitted to enter the mainstream of the entertainment industry. The second part of the book analyzes how each segment (pari mutuel betting, lotteries and casinos) competes in the new industry. The political and social implications of gaming are the focus of the final part, which concludes with a series of recommendations that will enable the industry, public policy officials and anti gambling activists to construct policies that mitigate some of the problems associated with gambling. The book will be of particular interest to students, practitioners and scholars in public policy. It will also be pertinent to readers in economics, political science and business.
