The Last Prophecy François Lejeune,2011-08-22 Semi fiction Novel Explores St. Malachis Prediction of the Last Pope Author gives readers a dose of controversy, action, mystery and thrill in new book With many existing publications predicting the world disasters and other conspiracies about the end of days, here is at last an all encompassing thriller that will get your mind racing. According to prophecies of St. Malachi, the last pope would come and signal the second coming of Christ. Author Franois Lejeune explores this fascinating concept in The Last Prophecy: The Last Pope. This semi fiction looks at what many ancients have foretold the election of the last pope. This last pope will be against the New World Order as he will want to, according to prophecy, return the Catholic Church to its roots. Within the Vatican are some who oppose to this idea and therefore seek to eliminate the last pope before he can be elected for their personal gains. Meanwhile, the heroes in this story are brought together by someone who stands against the predicted Anti-Christ. Composed of men and women who have gifts in investigating strange occurrences, this group embarks on a quest to find and protect the true last pope. After surviving an assassination attempt, they escape and eventually make their way to Eastern Europe where groups of secret societies and members of The New World Order try and stop them. It will only be a matter of days before they will be able to save Christianity before it ultimately ends. With an in-depth look at all the predictions and end time scenarios as an Epilogue, The Last Prophecy: The Last Pope is a thrilling novel that appeals to everyone who has an interest in Conspiracy theories, end time Prophecies and who is at a point in their lives wondering where it is all going and what its all about.

Three Times a Killer Paul Howard Surridge,2023-01-06 A virus is in circulation in sub-Saharan Africa that has the potential to become a pandemic wreaking havoc on healthcare systems and economies worldwide. Millions will die. The scientific community and governments work at speed to find a vaccine, but progress is slow. Research labs around the world turn their attention to this latest viral strain in an attempt to find a formula that can be manufactured in volume for global distribution. It’s a race against time. Dr Dan Thomas was a research scientist working in such a lab to find such a vaccine, but unlike his peers, he was not content to use his talent and intellect to better the world. He had witnessed friends fast-track their careers and accumulate wealth, and he was envious. He was highly intelligent, but a flawed individual addicted to hard drugs and alcohol which affected his judgement. Dan’s role in the lab was pivotal. He had responsibility for workflow, monitoring and managing the progress of the lab’s research. A chance encounter with a venture capitalist at a party gave him the idea that he could prosper from stealing the intellectual rights of his employer’s vaccine research, making him a wealthy man, only to encounter challenges he hadn’t anticipated. This tense and exciting story of one man’s quest for wealth and power reveals the lengths some are prepared to go to in an attempt to achieve their misguided ambitions. Lives are destroyed and people die.

Welcome to Hope Street Church, where friendships are formed, fresh starts are encouraged, and mysteries are solved. Cooper Lee has never been happier. She has terrific friends at Bible study, a great boyfriend in Nathan, and best of all, a new niece or nephew on the way. But storm clouds are gathering when a string of church robberies comes to Hope Street and an art teacher is found dead in what appears to be a robbery gone wrong. With Halloween approaching, Cooper's beginning to think there are far more tricks than treats coming her way. No sooner do she and her friends step in to help the police unearth a killer than they discover a con artist among their flock. Lost in a morass of confusing clues—and even more confusing signals from Nathan—Cooper's not sure which way to turn. With the stakes so high, she sends up a prayer for some divine guidance, because Cooper knows that sometimes it takes the help of a higher power to bring down the lowest form of evildoer.
