Now before You jump down my throat, Just remember this is A Proven Universal Law That Is UNBREAKABLE.HERE IS THE LAW:The Law of Attraction states that we draw to ourselves vibrationally anything that we focus on.... or like attracts like. So, we manifest into our reality that which we focus upon!Manifestation is where dreams become real. It is our magic key to the kingdom of achieving our dreams. We can choose to learn how to become conscious creators.There is a law operating in the universe that is SO amazing in

its potential that we could be surprised to discover we are using it every day without even realising it (although often in the wrong way, which is called creating unconsciously)! Here's how we manifest Millions by simply focusing on the lottery!!? Focusing on the numbers and Books Like (Powerball Money SECRETS Lottery Books) Lottery Book Series like this one allows you to manifest and daydream as you to see your self winning The Lottery Jackpot... Always Remember That(IF YOU CAN SEE IT YOU CAN ACHIEVE IT) Manifesting anything into your life is to clearly define what you want. In this case, you wish to win the lottery, but how much do you plan on winning? \$1,000? \$5,000? \$100,000? 1,000,000? Seems that many times, when a person first hears about or begins to understand the ideas behind the law of attraction and vibration based philosophies, they soon think of one thing. Winning the lottery through desire and law of attraction. Okay, so maybe not everyone thinks immediately of winning the lottery, but many do, and many may also believe in some scenario that creates a sudden financial windfall and/or success financially. What better way than the quickest and easiest of them all? The lottery. Financial freedom is a universal desire that nearly everyone dreams about. The trouble with using the law of attraction to manifest winning the lottery is that a lot of us have a hard time truly believing in the possibility. We think thoughts that make us question ourselves and put doubt in our minds. Do you truly believe you can and/or will win the lottery? Always Remember That(IF YOU CAN SEE IT YOU CAN ACHIEVE IT),

### **Selling Shaker** Stephen Bowe,Peter

Richmond,2007-01-01 The simple yet striking lines of Shaker design grace much of the furniture we see in high-end department stores, and beautiful examples of it adorn the pages of *Architectural Digest* and *House Beautiful*. How did this style evolve from its origins in a humble, small religious community to the international design phenomenon it is today? This illustrated study explores the emergence of the Shaker style and how it was vigorously promoted by scholars and artists into the prominence it now enjoys. The heart of

the Shaker style lies in the religious movement founded in the eighteenth century, where Stephen Bowe and Peter Richmond begin their chronicle. From there, the authors chart the evolution of the style into the twentieth century—particularly in the hands of design media, scholars, and art institutions. These Shaker “agents” repositioned Shaker style continuously—from local vernacular to high culture and then popular culture. Drawing on a rich array of sources, including museum catalogs, contemporary design magazines, and scholarly writings, *Selling Shaker* illustrates in detail how the Shaker style entered the general design consciousness and how the original aesthetic was gradually diluted into a generic style for a mass audience. A wholly original and fascinating study of American design and consumption, *Selling Shaker* is a unique resource for collectors, scholars, and anyone interested in the cultural history of a design aesthetic.
