The Findings of Magic Kari Kilgore,2021-12-01 Magic Lost. And Found. Katie makes magical beads. Desired by her best clients, Atlanta's powerful and rich. But now she frantically searches for a lost set. Never suspecting another seeks not only her beads, but Katie herself. What happens when the two cross paths, hot on the trail of so much treasure? An excerpt from *The Findings of Magic: Vanished, but not without a trace* Katie knew her instincts and the pull of familiar magic were right. The last few of her missing beads had been here in this otherwise ordinary emporium, and not long ago, either. Their music lingered as a whispery echo, stirring her blood and bones. But they were gone now. She slowly settled her hands onto the delightfully tactile sea of beads anyway. Sinking her fingers into cool and smooth and rough and scratchy. Cheap and well-made, ordinary and carrying faint traces of power. Enough power that she might have carefully gathered those to add into designs to support the stronger pieces and increase their potency. She would have, if she hadn't been on the trail of the last few of the most potent beads she'd ever had the privilege of handling.

Into the Magic Shop James R. Doty, MD,2016-02-02 The award-winning New York Times bestseller about the extraordinary things that can happen when we harness the power of both the brain and the heart Growing up in the high desert of California, Jim Doty was poor, with an alcoholic father and a mother chronically depressed and paralyzed by a stroke. Today he is the director of the Center for Compassion and Altruism Research and Education (CCARE) at Stanford University, of which the Dalai Lama is a founding benefactor. But back then his life was at a dead end until at twelve he wandered into a magic shop looking for a plastic thumb. Instead he met Ruth, a woman who taught him a series of exercises to ease his own suffering and manifest his greatest desires. Her final mandate was that he keep his heart open and teach these techniques to others. She gave him his first glimpse of the unique relationship between the brain and the heart. Doty would go on to put Ruth's practices to work with extraordinary results—power and wealth that he could only imagine as a twelve-year-old, riding his orange Sting-Ray bike. But he neglects Ruth's most important lesson, to keep his heart open, with disastrous results—until he has the opportunity to make a spectacular charitable contribution that will virtually ruin him. Part memoir, part science, part inspiration, and part practical instruction, *Into the Magic Shop* shows us how we can fundamentally change our lives by first changing our brains and our hearts.

Polly Peebles and the Blue Necklace J.M Barnaby,2014-02-27 Polly Peebles is the only child of eccentric parents. She is eight years old and very bright. The story is about the theft Polly's special necklace which was given to her by her great-great Uncle Cosmo. It was taken from her bedroom windowsill by a very strange bird. This she is told by a talking tree named Ebenezer, which grows outside her bedroom window. Adventures begin when Polly, who lives in New Zealand, goes to spend the summer holidays with her two cousins, who have been given a canoe for Christmas. Polly, the two boys and their four friends meet at the river to try it out. When Polly's turn comes the canoe tips her out and when the others try to rescue her, they are all sucked under the water to a strange world. There they meet a strange ancient little man named Caradus, who tells them they are there to help Polly find the nineteen beads which make up the blue necklace. The beads are magic beads and have been taken to places all around the world. And so the journey begins. They travel by unusual means; a weird elevator, a strange plane and train, a magic carpet, a rocket, flying horses, on the backs of whales and by balloons. Their search takes them to New York, Paris, Rome, Zimbabwe, The Great Wall of China, a cave under a Scottish castle, to Athens and a Greek Island, San Francisco, Moscow and London. Caradus appears during their search to give them clues. He can become invisible when the occasion presents itself. A spider called Spence also drops down when they least expect it, also to give clues. Caradus has a rather brainless evil cousin, who with his equally brainless friend keep turning up where-ever the children are, as they want the magic beads and the magic wand that came to the children's rescue in Paris, and they try a bit of kidnapping. After a journey around the world, experiencing some wonderful adventures, mystery and magic, all nineteen beads are found and the blue necklace is completed. Of course they all hope the magic from the beads will rub off onto them when they return to school. At the very least they have learnt a great deal about the world and the exciting places they have visited. However they don't know who will actually believe their story!

Baden-Powell's Beads Paul D. Parsons,2012-04 'I've searched for you.' The patient struggled to get the words out. 'There are...more.' 'More what, Mr. Baroni?' Perspiration beaded on the old man's upper lip and his already pale complexion blanched. He pulled Freeman closer and gasped, 'I'm sorry. Find the others...' In Memphis, Tennessee, Dr. David Freeman is given a strange wooden bead by a dying patient and soon finds himself pursued by a murderous band of Zulus, thought to be responsible for the gruesome murders of three elderly gentlemen in London, England.

Homeland Security agents Patrick Dartson and Adnan Fazeph are assigned the case and discover Freeman's bead to be one of twenty-four passed along to the world's first Scoutmasters in 1919 by Lord Baden-Powell in England. The Zulus are not content to merely steal the talisman but feel it necessary to ritually behead the owner in order to restore the bead's power. Much of the beads' history and power remains a mystery-and the Zulus may not be alone in their pursuit. The agents devise a plot to capture the Zulus alive but can they succeed before Freeman and his girlfriend, Pam Blanchard, become their next victims? Baden-Powell's Beads, the first book in the Beads series, is based on the true story of Zulu beads recovered in the Boer War. Paul Parsons uses historically accurate events and religious history to weave a gripping, fast-paced thriller that keeps readers enthralled until the very end.
