**Paul Daniels - My Magic Life: The Autobiography** Paul Daniels, 2016-03-31 PAUL DANIELS 1938-2016 In his day, Paul Daniels was the most famous magician in the world. His feats of illusion earned him the highest honours the magic world could award, and his astonishing talent earned him a worldwide recognition and admiration that will long outlive him. Behind the guise of the master magician, the consummate showman, lay a man of great intellect, wit and humour. But his dazzling career sometimes belied a private life that

had more than its share of ups and downs – from his grim experiences in the army through to the pain and heartbreak of a broken marriage. In this, his only autobiography, he spoke for the first time about his incredible life and career. Although he was a master illusionist, there are no illusions here among the revelations of the happiness and sadness that filled his life. Among much else, the book speaks honestly about his relationship with his oldest son, and of the new life Paul made with Debbie McGee, his glamorous on-stage assistant. And then, of course, there was the magic. Whether he was making elephants disappear or performing card tricks with timeless professionalism, his repertoire was extraordinary. Perhaps surprisingly, his book reveals the secrets behind some of his most famous and entertaining performances – although he kept plenty up his sleeve, secrets that we shall now perhaps never know. *Paul Daniels: My Magic Life*, is a book to entertain readers, certainly. More than that, however, it will both move and intrigue them as it reveals the secret life of a much loved entertainer who was, in every sense, a magician to the end.

*Smoke and Mirrors* Brian ShROUT, 2016-06-28 What if you were one of the most powerful witches in the world? What if old adversaries joined forces with new ones to kidnap your son? When old adversaries return claiming they want to stop a holocaust, Mattie, Leonard and their companions find themselves at war. At stake is the life of their son Thomas, as well as the fate of three worlds. Mattie and her companions must sort truth from fiction and reality from illusion as they race to save all of humanity. Brian ShROUT is a semi-

professional magician and a teacher who has been performing before audiences and using magic in the classroom for over twenty years. Be sure to check out the first four books of The Books of the Witches' Fire.

**Designing Landscape Architectural Education** Rosalea Monacella, Bridget Keane, 2022-09-09 No single project or endeavour is immune to the issues that the climate crisis brings. The climate crisis encompasses a broad register of symptoms - increased global temperatures and sea-level rise, droughts and extreme bushfire events, salinification and desertification of fertile land, and the list goes on. It reveals and amplifies complex causal relationships that are inherently present and traverse scales, sectors and communities divulging a range of impacts and inequalities. This publication asks designers and academic practitioners to describe their own work through an ecological lens, and then to articulate design approaches for developing new practices in landscape architecture teaching. *Designing Landscape Architectural Education: Studio Ecologies for Unpredictable Futures*, the Landscape Architecture Design Studio Companion, serves as a resource for academic practitioners in the preparation and delivery of design-research studios and students seeking guidance for design methodologies as a part of their landscape architectural education. It draws on the manifold issues of the climate crisis as a set of drivers to examine the utilisation of a range of innovative design approaches to address the current and future priorities of the discipline. The landscape architecture discipline is evolving rapidly to respond to both a broadening and intensification of changes in the

environmental, social and political conditions. These changing conditions require innovation that extend the core competencies of landscape architects. This book addresses two fundamental questions - what are the design competencies required of landscape architects to equip them to deal with the complexities brought forth by contemporary society, and as a result, how could we design the future design studio?

**Love, Nature, Magic** Maria Rodale, 2023-02-23 Join bestselling author, activist, and garden expert Maria Rodale on her shamanic journeys as she reflects on her surprising conversations with the spirits of the familiar plants and animals around us—and the knowledge they share with us. In *Love, Nature, Magic*, organic advocate and former CEO of a global health and wellness company Maria Rodale combines her love of nature and gardening with her experience in shamanic journeying, embarking on an epic adventure to learn from plants, animals, and insects—including some of the most misunderstood beings in nature. Maria asks them their purpose and listens as they show and declare what they want us humans to know. From Thistles to Snakes, Poison Ivy to Mosquitoes, these nature beings convey messages that are relevant to every human, showing us how to live in balance and harmony on this Earth. Through journeys filled with surprises, humor, and foibles, follow Maria's evolution from being annoyed with to accepting—and even falling in love with—our most difficult neighbors (including human ones). Along the way, she tells her own story of how she learned about shamanic journeying and its near-universal manifestation in traditional cultures worldwide. She describes what her experiences of shamanic journeying are like—simply, honestly, and with a touch of irreverence. Maria's journeys include conversations with: Mugwort • Vulture • Bat • Rabbit • Lanternfly •

Lightning Bug • Osage Orange • Deer • Paper Wasp • Dandelion • Tick • Groundhog • Milkweed • And more! Throughout, Rodale shares an essential truth that resonates across her shamanic explorations: We first must heal our own hearts, for only then can we truly love others and begin to heal planet Earth.
