The Magic of Lines Kuang Chu,Liu Zheng,2014 Magic of Lines displays the line's rich diversification in forms, and its vehement and unique expressiveness in illustrated works. It includes elaborate introductions as well as interviews with ten of the most talented illustrators specialising in line work from around the world.

The Magic of Lines II Cypi Press,2016-06 Magic of Lines II returns to the rich source of inspiration found in the most basic of illustrative forms lines themselves. Works from a multitude of artists from all around the world explore how a talented illustrator can guide a viewer's eye with the most simple of expressions and create movement and vivid depth with only a few strokes of a pen. The human body, impressionistic images, natural forms, and overwhelmingly detailed patterns are all accompanied by interviews with the artists, offering insight into their own inspirations and methods as well as suggestions for artists aspiring to reach new heights in their own art.

There, she has the chance to meet the family she never knew. Then Yelena is given the chance to travel to Sitia's capital. In the Citadel, she'll have the chance to hone her magical abilities under the tutelage of master magicians. As she learns the laws of magic—Yelena also discovers those who will do anything to break them. And when a rogue magician who targets young female victims emerges, Yelena must put her life at risk to stop him. Will her newfound magic save Yelena—or will it be her downfall? Boy's Life Robert McCammon,2011-10-18 An Alabama boy's innocence is shaken by murder and madness in the 1960s South in this novel by the New York Times—bestselling author of Swan Song. It's 1964 in idyllic Zephyr, Alabama.

People either work for the paper mill up the Tecumseh River, or for the local dairy. It's a simple life, but it stirs the impressionable imagination of twelve-year-old aspiring writer Cory Mackenson. He's certain he's sensed spirits whispering in the churchyard. He's heard of the weird bootleggers who lurk in the dark outside of town. He's seen a flood leave Main Street crawling with snakes. Cory thrills to all of it as only a young boy can. Then one morning, while accompanying his father on his milk route, he sees a car careen off the road and slowly sink into fathomless Saxon's Lake. His father dives into the icy water to rescue the driver, and finds a beaten corpse, naked and handcuffed to the steering wheel—a copper wire tightened around the stranger's neck. In time, the townsfolk seem to forget all about the unsolved murder. But Cory and his father can't. Their search for the truth is a journey into a world where innocence and evil collide. What lies before them is the stuff of fear and awe, magic and madness, fantasy and reality. As Cory wades into the deep end of Zephyr and all its mysteries, he'll discover that while the pleasures of childish things fade away, growing up can be a strange and beautiful ride. "Strongly echoing the childhood-elegies of King and Bradbury, and every bit their equal," *Boy's Life*, a winner of both the Bram Stoker and World Fantasy Awards, represents a brilliant blend of mystery and rich atmosphere, the finest work of one of today's most accomplished writers (Kirkus Reviews).

Magic Lessons Alice Hoffman, 2021-09-07 In the 1600s, Maria was abandoned in a snowy field in rural England as a baby. Under the care of Hannah Owens, who recognizes that Maria has a gift, she learns about the 'Unnamed Arts.' When Maria is abandoned by the man who has declared his love for her, she follows him to Salem, Massachusetts. She invokes a curse that will haunt her family for generations. And she learns the lesson that she will carry with her for the rest of her life: Love is the only thing that matters.

A Primer of Higher Space (the Fourth Dimension) Claude Fayette Bragdon, 1913
11:11 The Time Prompt Phenomenon Marie D. Jones, Larry Flaxman, 2009-02-15 Is it happening to you? You wake up at night, look at the clock, and notice that it is 11:11 p.m. This happens again the next night, and the next. You think it is a coincidence, but what if you were to discover that it was happening to others--possibly millions of others--all over the world? And that it meant something...something important? The reports of people noticing strange and repeated associations with the number 11 are on the rise, prompting theories connecting this phenomenon with the coming Mayan calendar end date of 12/21/2012. But it's not just the number 11 that is showing up in people's lives, it is often accompanied by unusual events or profound insights.

Mysterious numbers and strange sequences appear throughout the history of human experience. What do they mean? What secrets do they keep? Are these wake-up calls to a higher state of consciousness, triggers of paranormal experiences, or the activation of what some scientists refer to as junk DNA? In this fascinating new work, You'll learn about: Number-based patterns in nature--such as the Fibonacci spiral, the golden ratio, and DNA sequences--and the secrets of sacred geometry. Synchronicity: The science behind coincidences and what they might be trying to tell us. How the entire universe can be condensed into a handful of mathematical numbers and equations. The power of numerology in human lives. Is God a number? How numbers relate to the creative force behind all reality. We live according to times, dates, and numbers, and 11:11 The Time Prompt Phenomenon will explore the mysteries of 11:11 and the many other ways in which numbers compose the very foundation of our reality.

Boundary Lines Melissa F. Olson, 2015 Fitting into the Old World isn't going very well for Boulder boundary witch Allison Lex Luther: she may have earned a place in a vampire's service, but now it seems as if every supernatural creature in town has found a reason to hate her. And when Lex and her partner are assigned to investigate the suspicious disappearance of two vampires during the night of the full moon, they find themselves with more questions than answers. Was it murder...or mutiny? The crusade for answers will lead Lex all over the Colorado Old World, from a prison cell for a broken werewolf

to a haunted Denver brothel. And when Lex determines the responsible party, the hunt is just beginning: something has been awakened in Boulder, something as old and powerful as it is terrifying. Only the woman with death in her blood can stop what's coming.

Bad Magic Pseudonymous Bosch,2015-02-01 This book is incredibly BAD. It does not contain MAGIC. Or a mysterious ghost girl. Or spontaneous combustion. Or Spanish-speaking llamas. Nope. None of these things. Okay... maybe one of these things. But certainly not MAGIC. It's just an ordinary tale of a normal boy who goes to summer camp on a desert island. Nothing exciting or weird happens. The camp is definitely NOT for crazy, badly-behaved kids, and there are NO SECRETS or MYSTERIES at all. And absolutely NO MAGIC whatsoever...
