Magic: a Journal of Song Paul Weller,2022-07-08 Scratching around at home on an acoustic guitar, singing into my phone with these funny little rough ideas. All of a sudden, it turns into something beautiful or complete... it's a fascinating thing. It's magic. -- Paul Weller In *Magic: A Journal of Song*, Paul Weller gives the first and definitive account of his illustrious songwriting career, recounting a lifetime of lyrics in Weller's most candid and intimate commentary to date. As one of the most innovative and remarkable songwriters of the last fifty years, Paul Weller has proved to be the ultimate shapeshifter, moving from the Jam's punk sensibilities to the genre-defying Style Council, and later through a remarkable 30-year solo career. Alongside Lennon and McCartney, Weller is one of few artists that has attained a UK number one album over five consecutive decades, and he's also received career defining awards from the BRITs (Lifetime Achievement Award), NME Awards (Godlike Genius Award) and a GQ Award for Songwriter of the Year. The book chronicles a lifetime worth of lyrics with impressive clarity. We follow Weller through his upbringing on Stanley Road and founding the Jam in his teenage years, creating the Style Council alongside keyboardist Mick Talbot, and later into his 16-album solo career, including stories behind iconic albums such as Stanley Road and Wild Wood, as well as his latest album, Fat Pop Vol. 1. *Magic* presents 130 of Weller's finest lyrics to date, accompanied by an illuminating commentary which sees him give unprecedented insight into his life and lyrics, as told to GQ editor and author, Dylan Jones OBE, in their first collaboration. Paul Weller has proved that he is not only beyond reproach, in some senses he is quite possibly without equal. -- Dylan Jones The thing I have discovered is that music in its truest sense is beyond any trend or movement or category. -- Paul Weller

Part of the Magic Bambi Moé,2023-06-15 Part of the Magic: A Collection of Disney-Inspired Brushes with Greatness is a book of remarkable and wildly entertaining anecdotal stories told through the lens of an entertainment industry insider. Author Bambi Moé enjoyed a twenty-year career at The Walt Disney Company in charge of all aspects of music for Walt Disney Television Animation. Her name, vocation, and background gave her exceptional access to pop culture and entertainment giants. The book takes readers on a nonstop ride and keeps them riveted throughout extremely candid encounters shared here for the first time. Moé's fascinating true stories provide a rare insight into the creative process associated with music in animation and give readers a historical reference to The Walt Disney Company's burgeoning direct-to-video empire. Her career exemplifies the rewards often associated with hard work, perseverance, integrity, and the ability to recognize potential in others. Often the only woman in a male-dominated work environment, Moé's success will inspire young readers interested in pursuing a career in entertainment. Part of the Magic invites readers to consider their own stories and recognize their own universality. Like a photo that captures life's moments and teaches us lessons, each of Moé's brushes with greatness serves as a reminder that we are all connected by reason of our own humanity. Her joy extends far beyond the original encounter and multiplies in the retelling of these stories.

Intersecting Film, Music, and Queerness Jack Curtis Dubowsky, 2016-04-08 Intersecting Film, Music, and Queerness uses musicology and queer theory to uncover meaning and message in canonical American cinema. This study considers how queer readings are reinforced or nuanced through analysis of musical score. Taking a broad approach to queerness that questions heteronormative and homonormative patriarchal structures, binary relationships, gender assumptions and anxieties, this book challenges existing interpretations of what is progressive and what is retrogressive in cinema. Examined films include Bride of Frankenstein, Louisiana Story, Rudolph the Red-Nosed Reindeer, Blazing Saddles, Edward Scissorhands, Brokeback Mountain, Boys Don't Cry, Transamerica, Thelma & Louise, Go Fish and The Living End, with special attention given to films that subvert or complicate genre. Music is analyzed with concern for composition, intertextual references, absolute musical structures, song lyrics, recording, arrangement, and performance issues. This multidisciplinary work, featuring groundbreaking research, analysis, and theory, offers new close readings and a model for future scholarship.

Dialogue Editing for Motion Pictures Fellow in Human Resource Management John Purcell, John Purcell, 2012-11-12 Dialogue editing is a crucial yet invisible part of filmmaking. Do it right, and no one notices. Do it wrong, and your film or video sounds messy, distracting, and unrealistic. This is a book for people who need to edit production sound for film, TV, or video but were never taught how to do it. It goes step by step through the process and covers all the workflows you are likely to encounter. Efficient working practices are emphasized throughout, so you learn to save time and avoid needless repetition. Many dialogue editors are hobbled by a lack of understanding of the non-sound aspects of filmmaking. Unlike editors who cut effects, backgrounds or Foley, a dialogue editor's work is directly affected by what has gone on before. How a film was shot, recorded and edited will dramatically influence the dialogue editing process. Much of this book, then, deals with things which at first glance don't appear to be dialogue. You will find overviews of film picture and sound postproduction--film, tape, NTSC, PAL, 24p, and HD. There are summaries of film picture editing, OMF manipulation, and ADR management.
