*Design with Type* Carl Dair,1982-01-01 Design with Type takes the reader through a study of typography that starts with the individual letter and proceeds through the word, the line, and the mass of text. The contrasts possible with type are treated in detail, along with their applications to the typography of books, advertising, magazines, and information data. The various contending schools of typography are discussed, copiously illustrated with the author's selection of over 150 examples of imaginative typography from many parts of the world. Design with Type differs from all other books on typography in that it discusses type as a design material as well as a means of communication: the premise is that if type is understood in terms of design, the user of type will be better able to work with it to achieve maximum legibility and effectiveness, as well as aesthetic pleasure. Everyone who uses type, everyone who enjoys the appearance of the printed word, will find Design with Type informative and fascinating. It provides, too, an outstanding example of the effectiveness of imaginative and tasteful typographic design.

The Solotype Catalog of 4,147 Display Typefaces Dan X. Solo, 2014-05-05 The author of many books on typography, Dan X. Solo was also the proprietor of his own typography shop in Oakland, California – an establishment dedicated to unusual typography and special effects. This comprehensive catalog offers graphic designers a dazzling selection of over 4,000 typefaces and optical effects available from Solotype Typographers. Here, in Solo's words, is a great cast of characters – the alphabet – abetted by a cornucopia of typographical ideas and an endless resource of letters, words, phrases, slogans, logos, humorous comments, headlines, and graphic symbols. Individual sections of the book display a rich variety of typefaces in categories such as Condensed, Victorian, Art Nouveau, Art Deco, Rustic, Thick-and-tin,

Calligraphic, Uncials, Latins, and Blackletter. Samples are imaginatively presented. Stagecoach, for example, is printed in Fargo typeface, evoking dusty trails, rawhide, and ten-gallon hats, while Sizzling summer savings appears appropriately in the flamboyant Firebug typeface. All typefaces are indexed for quick and easy reference. As entertaining as it is practical and useful, this impressive treasury of versatile typefaces and optical effects will be indispensable to busy commercial artists as an inexhaustible source of typographic ideas and a swipe file of words, phrases, and letters for use in graphic art projects.

**Victorian Display Alphabets** Dan X. Solo, 1976-01-01 Artists, crafters, and designers will rejoice in 100 unusual and authentic Victorian type fonts. Plain and decorative alphabets include Calliope, Buffalo Bill, Shaded Barnum, Fargo, Jackpot, and Burlesque. Styles range from bold Bohemia and Broadside to delicate Aeolian Open and Arboret. Many include lowercase letters and numbers, plus Victorian printer's ornaments.

**UnMarketing** Scott Stratten, Alison Stratten, 2016-10-10 UnMarket to build trust and make lifelong customers! In 2009, Scott Stratten and Alison

Stratten wrote the bestselling *UnMarketing: Stop Marketing, Start Engaging* and began a journey that would take them around the world sharing their message of engagement with corporations, entrepreneurs, and students. They are now back with this second edition, because *Everything has Changed and Nothing is Different*, with all the brilliance of the first edition, plus new content and commentary to reflect the rapidly changing landscape we all live, buy, and work in today. For generations, marketing has been hypocritical. We've been taught to market to others in ways we hate being marketed to (cold-calling, flyers, ads, etc.). So why do we still keep trying the same stale marketing moves? *UnMarketing* shows you how to unlearn the old ways and consistently attract and engage the right customers. You'll stop just pushing out your message and praying that it sticks somewhere. Potential and current customers want to be listened to, validated, and have a platform to be heard—especially online. With *UnMarketing*, you'll create a relationship with your customers, and make yourself the logical choice for their needs. We know you've been told to act like other people, talk like other people, and market like all the people, but it is time for you to unlearn everything and start to *UnMarket* yourself. *UnMarketing* includes the latest information on: Idea Creation, Viral Marketing and Video, Marketing to Millennials, Authenticity, Transparency and Immediacy, Ethics and Affiliates, Social Media Platforming, UnPodcasting, Word of Mouth, Customer Service, Consumer Advocacy and Leadership. With examples of what to do, and what not to do, from small

business right up to worldwide corporations in areas such as real estate, travel, service, retail, and B2B.
