Sissy Dreams: From Boyfriend to Girlfriend Paul Zante, Receiving a text from Sasha, my girlfriend, at work was always risky. Especially when she wanted to know if her girlfriend was horny. A short and sweet (and filthy) story.

Design with Type Carl Dair,1982-01-01 Design with Type takes the reader through a study of typography that starts with the individual letter and proceeds through the word, the line, and the mass of text. The contrasts possible with type are treated in detail, along with their applications to the typography of books, advertising, magazines, and information data. The various contending schools of typography are discussed, copiously illustrated with the author's selection of over 150 examples of imaginative typography from many parts of the world. Design with Type differs from all other books on typography in that it discusses type as a design material as well as a means of communication: the premise is that if type is understood in terms of design, the user of type will be better able to work with it to achieve maximum legibility and effectiveness, as well as aesthetic pleasure. Everyone who uses type, everyone who enjoys the appearance of the printed word, will find Design with Type informative and fascinating. It provides, too, an outstanding example of the effectiveness of imaginative and tasteful typographic design.

Good Luck Alex Rovira,Fernando Trías De Bes,2004-08-24 Good Luck is a whimsical fable that teaches a valuable lesson: good luck doesn't just come your way—it's up to you to create the conditions to bring yourself good luck. Written by Alex Rovira and Fernando Trias de Bes—two leading marketing consultants—this simple tale is universally applicable and uniquely inspirational. Good Luck tells

the touching story of two old men, Max and Jim, who meet by chance in Central Park fifty years after they last saw each other as children. Max achieved great success in life; Jim sadly did not. The secret to Max’s success lies in a story his grandfather told him long ago. This story within a story has a tone reminiscent of the classic The Alchemist and shows how to seize opportunity and achieve success in life. In a surprise ending, Good Luck comes full circle, offering the reader inspiration, instruction, and an engaging tale.
