Can I Go Now? Brian Kellow,2015-09-08 “To call Sue Mengers a ‘character’ is an understatement, unless the word is written in all-caps, followed by an exclamation point and modified by an expletive. And based on Brian Kellow’s assessment in his thoroughly researched Can I Go Now? even that description may be playing down her personality a bit.” —Jen Chaney, The Washington Post • A NY Times Culture Bestseller • An Entertainment Weekly Best Pop Culture Book of 2015 • A Booklist Top Ten Arts Book of 2015 • A lively and colorful biography of Hollywood’s first superagent—one of the most outrageous showbiz characters of the 1960s and 1970s whose clients included Barbra Streisand, Ryan O’Neal, Faye Dunaway, Michael Caine, and Candice Bergen Before Sue Mengers hit the scene in the mid-1960s, talent agents remained quietly in the background. But staying in the background was not possible for Mengers. Irrepressible and loaded with chutzpah, she became a driving force of Creative Management Associates (which later became ICM) handling the era’s preeminent stars. A true original with a gift for making the biggest stars in Hollywood listen to hard truths about their careers and personal lives, Mengers became a force to be reckoned with. Her salesmanship never stopped. In 1979, she was on a plane that was commandeered by a hijacker, who wanted Charlton Heston to deliver a message on television. Mengers was incensed, wondering why the hijacker wanted Heston, when she could get him Barbra Streisand. Acclaimed biographer Brian Kellow spins an irresistible tale, exhaustively researched and filled with anecdotes about and interviews more than two hundred show-business luminaries. A riveting biography of a powerful woman that charts show business as it evolved from New York City in the 1950s through Hollywood in the early 1980s, Can I Go Now? will mesmerize anyone who loves cinema’s most fruitful period.

After Long Silence Helen Fremont,2011-08-10 “Fascinating . . . A tragic saga, but at the same time it often reads like a thriller filled with acts of extraordinary courage, descriptions of dangerous journeys and a series of secret identities.”—Chicago Tribune “To this day, I don't even know what my mother's real name is.” Helen Fremont was raised as a Roman Catholic. It wasn't until she was an adult, practicing law in Boston, that she discovered her parents were Jewish—Holocaust survivors living invented lives. Not even their names were their own. In this powerful memoir, Helen Fremont delves into the secrets that held her family in a bond of silence for more than four decades, recounting with heartbreaking clarity a remarkable tale of survival, as vivid as fiction but with the resonance of truth. Driven to uncover their roots, Fremont and her sister pieced together an astonishing story: of Siberian Gulags and Italian royalty, of concentration camps and buried lives. After Long Silence is about the devastating price of hiding the truth; about families; about the steps we take, foolish or wise, to protect ourselves and our loved ones. No one who reads this book can be unmoved, or fail to understand the seductive, damaging power of secrets. Praise for After Long Silence “Poignant . . . affecting . . . part detective story, part literary memoir, part imagined past.”—The New York Times Book Review “Riveting . . . painfully authentic . . . a poignant memoir, a labor of love for the parents she never really knew.”—The Boston Globe “Mesmerizing . . . Fremont has accomplished something that seems close to impossible. She has made a fresh and worthy contribution to the vast literature of the Holocaust.”—The Washington Post Book World

Comic Artist's Essential Photo Reference Buddy Scalera,2016-03-14 Supercharge your drawing with the power of photo reference! An essential foundational tool for any aspiring artist! To draw a character consistently and convincingly over an entire story or series, you need a serious reference library—all professionals use them. Inside, find more than 500 awesome-quality color photos depicting popular poses, props, outfits and activities for extraordinary and everyday comic characters—people pointing at heroes flying in the sky, lifting large objects, cowering in fear from impending doom and even doing battle in hand-to-hand combat. Lit with a superior two-source technique, these photos expose dramatic, muscle-revealing shadows and figure contours to add depth, realism and weight to every illustration. Use reference photos to: • Trick viewers into seeing 3-D places, people and things by leveraging art techniques like foreshortening, shading and perspective. • Breathe realism and action into drawings by referencing muscular models ranging in age, gender and ethnicity, brandishing guns, swords and knives while wearing everything from capes and street clothes to spandex shorts. • Explore the nuances of common facial expressions like pain, anger, fear, frustration, joy, shock, confusion and smug satisfaction. • Create dynamic poses including standing, sitting, flying, lifting, punching, kicking, smoking, screaming, drinking, laughing, sword-fighting, ducking...and more!

Quests for Kids Martin Parnell,2015-11-10 At 47 years old, Martin Parnell wasn't in running shape. Now, 10 years later, he's completed an

astonishing 250 marathons in one year, set four Guinness World Records and, in March of 2014, returned from Kilimanjaro after running a marathon and, three days later, summiting the mountain in 21 hours. In 2010 Martin ran 250 marathons and raised \$320,000 for the international children's charity Right To Play. At the end of 2014, he completed his Quests for Kids initiative (detailed in his first book, *Marathon Quest*), which was designed to see Martin complete 10 extreme sporting quests in five years, raise \$1,000,000 for Right To Play, and therefore change the lives of 20,000 of the world's most disadvantaged children. *Quests for Kids* details Martin's struggle to maintain his level of physical fitness and mental determination in order to complete his goal to help children around the world through the power of sport.

Textbook of Applied Physics A. K. Jha, 2013-12-30 Intended to serve as a textbook of Applied Physics / Physics paper of the undergraduate students of B.E., B.Tech and B.Sc. Pauline Kael Brian Kellow, 2012 A decade after her death, Kael remains the most important figure in film criticism today; in part due to her own inimitable style and power within the film community, and in part due to the enormous influence she has exerted over an entire subsequent generation of film critics.

Ethel Merman Brian Kellow, 2007-11-01 “Kellow’s chronology is dishy and seamless; he understands the dynamics of the theater world and makes you feel the exhilaration of an evolving hit and the frustrations inherent in working with a performer like Merman.”—The New York Times Book Review “[Kellow] has painted a vivid portrait of a Broadway diva who shone brighter and sang louder than anyone else.”—The Washington Post BookWorld More than twenty years after her death, Ethel Merman continues to set the standard for American musical theater. The stories about the supremely talented, famously strong-willed, fearsomely blunt, and terrifyingly exacting woman are stuff of legend. But who was Ethel Agnes Zimmermann, really? Brian Kellow’s definitive biography of the great Merman is superb, and the first account to examine both the artist and the woman with as much critical rigor as empathy. Through dozens of interviews with her colleagues, friends, and family members, Kellow (author of *Can I Go Now?: The Life of Sue Mengers, Hollywood's First Superagent*) traces the arc of her life and her thirty-year singing career to reveal many surprising facts about Broadway’s biggest star.

Fashion Portfolio Anna Kiper, 2016-10-01 The book takes the reader through all the major steps of fashion portfolio creation. It features the main components of the design process from the identification of inspiration sources and fashion trends research to conceptualization of a complete fashion collection. The topics covered include mood/fabric boards development, creation of original and innovative textiles as well as fashion silhouettes and garment details development through extensive research, quick design sketching, fabric manipulation, and draping experimentation. Great original designs and illustrations by the author as well as design sketch samples by established designers are provided throughout. There are samples of sketchbooks from professional and emerging fashion artists. The book provides some insight from established fashion and accessories designers on the highlights and challenges of the creative process. It is a great professional reference for techniques in the portfolio development. A beautiful but practical book that provides useful techniques and helps the reader get inside the mind of the designer.

The Persians Homa Katouzian, 2009 In recent years, Iran has gained attention mostly for negative reasons—its authoritarian religious government, disputed nuclear program, and controversial role in the Middle East—but there is much more to the story of this ancient land than can be gleaned from the news. This authoritative and comprehensive history of Iran, written by Homa Katouzian, an acclaimed expert, covers the entire history of the area from the ancient Persian Empire to today’s Iranian state. Writing from an Iranian rather than a European perspective, Katouzian integrates the significant cultural and literary history of Iran with its political and social history. Some of the greatest poets of human history wrote in Persian—among them Rumi,

Omar Khayyam, and Saadi—and Katouzian discusses and occasionally quotes their work. In his thoughtful analysis of Iranian society, Katouzian argues that the absolute and arbitrary power traditionally enjoyed by Persian/Iranian rulers has resulted in an unstable society where fear and short-term thinking dominate. A magisterial history, this book also serves as an excellent background to the role of Iran in the contemporary world.

Judy & Liza & Robert & Freddie & David & Sue & Me... Stevie Phillips,2015-06-02 No star burned more ferociously than Judy Garland. And nobody witnessed Garland's fierce talent at closer range than Stevie Phillips. During the Mad Men era, Stevie Philips was a young woman muscling her way into the manscape of Manhattan's glittering office towers. After a stint as a secretary, she began working for Freddie Fields and David Begelman at Music Corporation of America (MCA) under the glare of legendary über-agent Lew Wasserman. When MCA blew apart, Fields and Begelman created Creative Management Associates (CMA), and Stevie went along. Fields convinced Garland to come on board, and Stevie became, as she puts it, Garland's shadow, putting out fires-figurative and literal-in order to get her to the next concert in the next down-and-out town. Philips paints a portrait of Garland at the bitter end and although it was at times a nightmare, Philips says, She became my teacher, showing her how to and how not to live. Stevie also represented Garland's fiercely talented daughter, Liza Minnelli, as well as Robert Redford, Paul Newman, Henry Fonda, George Roy Hill, Bob Fosse, Cat Stevens, and David Bowie. She produced both films and Broadway shows and counted her colleague, the legendary agent Sue Mengers, among her closest confidantes. Now Stevie Phillips reveals all in *Judy & Liza & Robert & Freddie & David & Sue & Me...*, a tough-talking memoir by a woman who worked with some of the biggest names in show business. It's a helluva ride.
