Events in the Life of an Ordinary Man Richard R. Pariseau,2014-12-09 Dick Pariseau reveals the excitement, adventures, and predicaments one can get into if one is afraid to miss anything, welcomes every opportunity, seeks excitement, and listens to ones poker buddies when they suggest new or unfamiliar areas to explore. He earned a PhD at night school because he thought decision makers would more readily accept his analysis if it was authored by a doctor. Denied the opportunity to play basketballhis most accomplished sportin college, he chose to play lacrosse and became a First Team All-American. Seeking an advantage over the competition at singles dances, he took dance lessons and ended up as a dance host and instructor aboard a cruise ship. Uncomfortable with the casual disrobing of the co-ed models at the university painting class, his poker buddies recommended that he get over it by spending time at a nudist camp. As an adventuresome traveler, he has sailed the Nile River and flown in a hot air balloon over the Valley of the Kings, gone hut-to-hut hiking in the Swiss Alps, and learned to throw a boomerang with the aboriginals in Cairns, Australia. Be entertained by the adventures and humorous predicaments of this ordinary man, and use it as a catalyst to document the adventures in your life.

Each Shining Hour Jeff High,2014-10-07 Welcome to the timeless charms of small-town Watervalley, Tennessee—where young Dr. Luke Bradford is beginning to feel at home... When he comes to the aid of a woman at the grocery store, Luke is fascinated to learn she is Estelle Pillow, the cheery sister to his prickly housekeeper, Connie. Estelle wants to open a bakery in town—and Connie’s disapproval of the venture stirs up a whirlwind of emotions between the siblings. But Luke’s attention is soon diverted when he learns about a long-ago double murder.... During World War II, an unknown traveler arrived in town, and before the day was over, he and the local baker lay dead near the bandstand at the local lake. The incident has since been exaggerated into Watervalley lore—with the newcomer rumored to have been a German spy. As Luke pieces together exactly what happened, he realizes that the consequences of this event have rippled painfully into the lives of townsfolk he has come to know. As winter gives way to spring, Luke keeps busy at the medical clinic and enters a tentative, exhilarating romance. And when his support of Estelle’s bakery collides with new revelations about the old murder, Luke witnesses the true power of reconciliation working in the hearts of those he holds dear—a revelation that will change his life. The Great Food Gamble John Humphrys,2012-09-27 'Compelling' OBSERVER 'Humphrys' level-headedness makes the arguments all the more powerful' SUNDAY TIMES 'A concise, no-nonsense assessment of the true cost of cheap food: to the environment, the livestock, and the nation's long-term health' DAILY MAIL 'A passionate discourse ... well-written and accessible' INDEPENDENT * * * * * John Humphrys is passionate about the state of British food, farming, fishing and agriculture. Here, he looks back to the days of organic farming in England when people shared and swapped food and considered the wildlife as well as the farmed animals, crops and fruits. He examines today's travesties: factory farming, pouring chemicals into the land, the scandal of the supermarket wars and cheap imported goods. He then turns to the future and asks: Can we save this ravaged earth and rebuild our community values? Most of all, can we reverse the damage to ourselves and our long-term health that may result from what we eat? John Humphrys' book requires the full attention of anyone who cares about themselves or the future.

Faith's Checkbook C.H. Spurgeon,2014-10-09 Faith's Checkbook, written by world-renowned British pastor Charles H. Spurgeon, provides daily deposits of

God’s promises into your personal bank of faith. Spurgeon urges you to view each Bible promise as a check written by God that can be cashed by personally endorsing it and receiving the gift it represents. Cash in on the bountiful store of blessings when you withdraw daily from the Bank of Faith. This captivating eBook devotional offers inspiration and delight in our Lord, and it encourages readers to take God’s promises to heart in just a few minutes of reading each day. Each verse is followed by a brief thought or application, making this eBook ideal for personal or family devotions wherever you may go. The Table of Contents is linked so you can conveniently find your place where you left off. If you skip a day, no problem, you can easily begin on the next day's reading. “A promise from God may very instructively be compared to a check payable to order,” wrote Spurgeon. “It is given to the believer with the view of bestowing upon him some good thing. It is not meant that he should read it over comfortably, and then have done with it. No, he is to treat the promise as a reality, as a man treats a check.”

Julia Morgan: An Intimate Portrait of the Trailblazing Architect Victoria Kastner,2022-02-15 This new biography—featuring over 150 archival images and full-color photographs printed throughout—introduces Julia Morgan as both a pioneering architect and a captivating individual. Julia Morgan was a lifelong trailblazer. She was the first woman admitted to study architecture at the École des Beaux-Arts in Paris and the first licensed to practice architecture in California. Over the first half of the 20th century, she left an indelible mark on the American West. Of her remarkable 700 creations, the most iconic is Hearst Castle. Morgan spent thirty years constructing this opulent estate on the California coast for the newspaper magnate William Randolph Hearst—forging a lifelong friendship and creative partnership with him. Together, they built a spectacular and unequalled residence that once hosted the biggest stars of Hollywood's golden age, and that now welcomes hundreds of thousands of visitors each year. This compelling biography draws on interviews, letters, and Morgan's diaries, including never-before-seen reflections on faith, art, and her life experiences. Morgan's friendship with Hearst, her passion for California's landscape, her struggles with familial dementia, and her devotion to architecture reveal her to have been a singularly brilliant and determined artist. PREVIOUSLY UNPUBLISHED CONTENT: Victoria Kastner has spent years compiling photographs, interviews, letters, drawings, and diaries—including material never published before—to create the first truly comprehensive portrait of this amazing woman. OVER 150 PHOTOGRAPHS: This book features over 150 photographs, printed throughout the text. These include both fascinating archival images and beautiful, full-color contemporary shots of Morgan's buildings. INSPIRING STORY: By exploring both Morgan's work and her life, Kastner weaves a captivating tale about courage, vision, and resilience. Julia Morgan forged a path for herself against the odds, and her story will inspire contemporary women and creatives. ARCHITECTURAL ICON: Julia Morgan created 700 buildings during her career, from hotels to churches to private homes. Born in San Francisco and trained in Paris, she developed a distinctive aesthetic that now defines certain regions of California. But only in the last twenty years has her contribution to architecture been fully recognized and celebrated. In 2014, the American Institute of Architects' posthumously awarded her its Gold Medal; she was the first female recipient. Perfect for: • History buffs • Students, enthusiasts, and professional architects • Aspiring creatives in all fields • Feminists seeking role models • Visitors to Hearst Castle and Morgan's other buildings • Californians and visitors to California

Worry-Free Living Arnie Cole,Michael Ross,2014-05-13 Winning Your Family's Battle Over Worry Worry Free Living explores every family's daily battles with stress from three perspectives - how it affects our mind, body, and spirit - and gives readers easy-to-follow plans for finding relief. The authors help parents identify what's bugging their families and how to clarify their worries, sorting them into those they can and cannot do something about. What's more, Cole and Ross have filled various chapters with the latest Back to the Bible research findings from Pamela Ovwigho, PhD - a leading researcher with the Center for Bible Engagement. They also include some of the best insights, advice, and treatment options from a variety of medical professionals. Most importantly, they explain everything within the understanding of a Master Creator, God, who is the ultimate Counselor and Healer. Ideal for individual use and group study, this resource helps readers: 1. Uncover the most common worries and stress-points of men, women, kids, and twenty-somethings in our care 2. Become self-aware: evaluating the stress in our households and plotting realistic steps toward change 3. Reach out to those we love-from worried spouses and in-laws to teens and young children 4. Understand the difference between the mind (what we think) and the brain (the physical processes of chemical reactions) ... and how they contribute to worry 5. Learn to de-stress our thinking and calm down our bodies 6. Give up unhealthy religiosity-such as the false belief that worrying is a sign that we lack faith 7. Reject the myth that we are in control and learn to take Jesus at His word: Come to me, all you who are weary and burdened, and I will give you rest (Matthew 11:28). In the words of Dr. Archibald Hart (one of the experts interviewed in this book), You must come down from the 'hills' of stress and into the 'valleys' of rest on a daily basis. Our bodies are not designed for a continual state of fear, worry, and anxiety - but instead for continual tranquility with short bursts of adrenaline. Worry Free Living shows moms, dads, caregivers, and ministers alike how to break the cycle of unnecessary suffering and find peace in Christ.
