**How to Win At Horseracing** Robert Rowe, One of the best books ever written on horseracing, Rowes original research spans forty-five years and shows how to play and beat the track, spot hot and cold horses from betting trends, analyze and play winning favorites, bet-downs and profitable exactas, evaluate trainers, jockeys, stable entries, make your own odds-line, and more! Written in Rowes personal style and jam-packed with 27 chapters, 93 tables/charts. Ainslee says, his selection method is by far the simplest and most sensible..Includes 93 charts and illustrations. Al Illich (author of How to Pick Winners), called Rowe one of the best players I have known A great book from a legend. 224pages

**Bet for Fun and Win** Robert William Pearce,2009-02-18 'Bet for fun and WIN' is a very comprehensive and easy read of varying aspects of the authors twenty years experience of betting on the horses. It describes how to study the form and odds and looks at the factors affecting the potential performance of horses, like the ground, weather, course, distance, jockey, trainer, speed and other issues. Diferent types of bets are stated and the times when to be wary to minimise loses and maximise gains. There isn't another book on the market like this one.

*Against the Odds* David-Lee Priest,2008-10 This title represents the culminaton of an ambitious project aimed at researching the potential for profitable betting in British horse racing. The findings are distilled in an accessible way and the author's scientific background is tempered with his experience of betting professionally.

*UK Longshot Horse Racing System* M C Horrocks,2021-05-06 I will make this bold statement straight away, This book finds big priced winners in UK handicap horse races easily and consistently!I need to make a very important statement here backing double figure priced horses can return some huge profits but you must remember they all do not win, more will lose races which is to be expected. There is a reason why the horse is such a big price it is mainly due to the fact the horse has not won for a long time. Another reason is that a horse could be out of its depth in other words running in a higher class of race.Most punters want winners every day at any odds this makes them feel good. They think they are making a profit, how wrong they are and the bookmakers take their money every day with a smile on their faces.Another mistake the average punter makes is that they will take current SP starting price of a horse and not look for a larger price. So say a horse is 2/1 that's decimal odds 3.0 on the Betfair betting exchange. They will readily take these odds. A more profitable approach is to take higher odds like decimal odds 3.5. Ok you might think there is not much difference between decimal odds 3.0 and 3.5 but it adds up over a year and that is where your profit is. The only way to profit in horse racing is to back horses at larger odds than what is being offered. The betting exchanges show the true odds of a horse just before the race starts. As these odds are derived from many punters and bookmakers who are using the betting exchanges then the price of the horse before the race starts is its true odds. This price is a consolidated view and it is normally correct and near the mark.This system also finds large priced horses that are placed 1st 2nd 3rd or 4th regularly in a horse race and these can be exploited in the Betfair place market at some juicy odds. I have taken decimal odds of 7.0 on four places in a horse race and mopped up.

**Racetrack Betting** Peter Asch,Richard E. Quandt,1986 A day at the races, with its colorful variety and fact-paced action, appeals to people from all walks of life. Not surprisingly, the idea of going home with a few more dollars than when one arrived is part of horseracing's charm. In this entertaining but substantive volume, two distinguished economists, who happen to be horseracing buffs, outline a tested strategy for placing bets that will increase the reader's chances of a happy outcome at the track. The authors are the first to point out that getting rich at the racetrack is unlikely. They do maintain, however, that with attention to their systematic approach, the racing fan can achieve the best possible chance at winning. In the process, the reader learns some of the most important measurement techniques in the social sciences, as well as the basic methods of market analysis.

*The Horseracing Formula* , This powerful book by turf authority Walter Gibson shows experienced and novice handicappers how to profit by using winning strategies to beat the horses. This repackaged edition shows bettors learn how to analyze their real winning chances when playing favorites, middles odds and longshots, and the proper formula they need to win by betting each group. Twenty-five winning strategies are presented in seven concise chapters teaching horse goers how to find the best bets in a race, the middle odds and overlays; the weight factor; playing longshots; progressive betting systems; and the daily double, giving readers comprehensive coverage of picking winning horses. A classic with plenty of no-nonsense information.

*Back A Winning Horse* Belinda Levez,2010-02-26 Back a Winning Horse will help you make smart choices and win at the track. Whether you are a novice better or an experienced punter, it has all the tips and advice to help you spot a winner and enjoy this popular national pastime. This new edition has been brought right up-to-date with interactive features. It explains not only such basics as the form and the nature of the races, but will also explain in full where to bet, how to bet, and how to do so successfully. It offers full and unique coverage of the latest phenomena, such as internet betting, online betting exchanges and spread betting. It also gives you vital tips in addition to providing practical information on how to avoid credit card fraud and how to make a successful selection. NOT GOT MUCH TIME? One, five and ten-minute introductions to key principles to get you started. AUTHOR INSIGHTS Lots of instant help with common problems and quick tips for success, based on the authors' many years of experience. TEST YOURSELF Tests in the book and online to keep track of your progress. [Exotic Betting At The Racetrack](#) William T Ziemba,2018-12-21 Exotic Betting at the Racetrack is unique as it covers the efficient-inefficient strategy to price and find profitable racetrack bets, along with handicapping that provides actual bets made by the author on essentially all of the major wagers offered at US racetracks. The book starts with efficiency, accuracy of the win odds, arbitrage, and optimal betting strategies. Examples and actual bets are shown for various wagers including win, place and show, exacta, quinella, double, trifecta, superfecta, Pick 3, 4 and 6 and rainbow pick 5 and 6. There are discussions of major races including the Breeders' Cup, Pegasus, Dubai World Cup and the US Triple Crown from 2012-2018. Dosage analysis is also described and used. An additional feature concerns great horses such as the great mares Rachel Alexandra, Zenyatta, Goldikova, Treve, Beholder and Song Bird. There is a discussion of horse ownership and a tour through arguably the world's top trainer Frederico Tesio and his stables and horses in Italy.Related Link(s)

*Strategic advance* Richard Whelan,2008 Deals with the minefield of horserace betting. This book offers a systematic method of approach and investment on horse races. It reveals the kinds of horses to invest in, together with two strategies. Placing emphasis on state of mind, preparation, discipline and patience, it talks about constructive investment rather than gambling.

Winning Without Thinking Nick Mordin,2006-10 Nick Mordin estimates he has spent over 30,000 hours researching racing results over the years. His aim has been to uncover the principles that govern the betting market and racing results themselves. In conducting his research Nick has tested thousands of systems, both his own and those developed by academics, professional gamblers and others around the globe. In *Winning Without Thinking* he shares the fruits of this work. the results of horse-races; basic principles that govern racing results and the betting market; mistakes commonly made by the general betting public and how to exploit them; full details of betting systems used by professional gamblers to make millions; how to predict and profit from new trends; and how to use computers to increase your returns.

*The Odds Must be Crazy* Len Ragozin,Len Friedman,Richard Steier,1997 A horseracing expert explains the system that has made him a legendary figure, detailing the nuts and bolts of handicapping and successful betting, along with his own life story

Small Track Betting C N Richardson,2007-10-17 This authoritative guide will make horseplayers a lot of money. Respected racing author C.N. Richardson takes would-be winners through his eight-point system for betting. Most important, by working his strategy at small tracks (including Finger Lakes Racetrack, Great Lakes Downs, Lone Star Park, and Turf Paradise) rather than their larger counterparts, Richardson shows the fantastic results of his system in real situations. His keys rules for doing a top-notch analysis of the odds include having knowledge of the trainers, limiting betting to no more than five races at any given track, and choosing exotic betting options, like trifectas, to maximize the investment's return. He also includes and explains personal idiosyncrasies like never betting on a race he can't see!
