

# Opera

Lorenzo Bianconi, Giorgio Pestelli

**Opera on Stage** Lorenzo Bianconi, Giorgio Pestelli, 2002-07 The History of Italian Opera marks the first time a team of expert scholars has worked together to investigate the Italian operatic tradition in its entirety, rather than limiting its focus to individual eras or major composers and their masterworks. Including both musicologists and historians of other arts, the contributors approach opera not only as a distinctive musical genre but also as a form of extravagant theater and a complex social phenomenon—resulting in the sort of panoramic view critical to a deep and fruitful understanding of the art. *Opera on Stage*, the second book of this multi-volume work to be published in English—in an expanded and updated version—focuses on staging and viewing Italian opera, from the court spectacles of the late sixteenth century to modern-day commercial productions. Mercedes Viale Ferrero describes the history of theater and stage design, detailing the evolution of the art well into the twentieth century. Gerardo Guccini does the same for stage and opera direction and the development of the director's role as an autonomous creative force. Kathleen Kuzmick Hansell discusses the interrelationships between theatrical ballet and Italian opera, from the age of Venetian opera to the early twentieth century. The visual emphasis of all three contributions is supplemented by over one hundred illustrations, and because much of this material—on the more spectacular visual aspects of Italian opera—has never before appeared in English, *Opera on Stage* will be welcomed by scholars and opera enthusiasts alike.

**Verdi's Opera La Traviata** Giuseppe Verdi, 1859

**The Victrola Book of the Opera** Victor Talking Machine Company, 1924

**Historical Dictionary of Opera** Scott L. Balthazar, 2013-07-05 The information in the Historical Dictionary of Opera will help the reader identify central figures, works, concepts, and trends in the history of opera through selectively chosen entries that provide essential information and integrate that content within broad social or stylistic narratives. This is done through a chronology, an introductory essay, and an extensive bibliography. The dictionary section has over 300 cross-referenced dictionary entries on important persons, composers, individual keystone operas, cities and terms. This book is a vital reference tool for students, teachers, and to all opera lovers, performers, and composers who seek information about the development of the genre.

*Enchantment* Jean Starobinski, 2008 This book examines some figures of seduction as they have appeared over the course of opera's history. --introd.

*The Opera, Past and Present* William Foster Apthorp, 1901

**The Victrola Book of the Opera** Samuel Holland Rous, 1919

**The Lyric Opera Companion** Lyric Opera of Chicago,1991

**Tosca** Giacomo Puccini,Luigi Illica,1900

**Tosca** Giacomo Puccini,1905

**The Opera** Albert Ellery Bergh,Alfred Bates,1909

**The Pipe of Desire** George Edward Barton,Frederick Shepherd Converse,1905

**Mozart's Operas** Edward Joseph Dent,1913

**The Little Book of Opera** Duncan Bock,1996 The Little Book of Opera is a collection of writings by enthusiasts, celebrating the sublime marriage of words and music that has dazzled audiences with an unparalleled parade of both high and low drama since the 16th century. Richly illustrated with archival images from the world's great opera houses and performances, the book makes an ideal gift for the devoted season ticket holder.

**Molto Agitato** Johanna Fiedler,2003-09-09 If the opera world is full of “intrigue, double meanings, and devious dramatics,” then no place exemplifies this more than the world-famous Metropolitan Opera, where politics, ambition, and oversized egos have traditionally taken center stage along with some of the world’s richest music. Drawing on her fifteen years as its press representative, Johanna Fiedler explodes the traditional secrecy that surrounds the Met in this wonderfully entertaining account of its tumultuous history. Fiedler chronicles the Met’s early days as a home for legends like Toscanini, Mahler, and Caruso, and gives a fascinating account of the middle years when haughty blue-bloods battled stubborn administrators for control of a company that would emerge as America’s premiere opera house. She takes us behind the grand gold-curtain stage in more recent years as well, showing how musical superstars like Luciano Pavarotti, Plácido Domingo, and Kathleen Battle have electrified performances and scandalized the public. But most revelatory are Fiedler’s portrayals of James Levine and Joseph Volpe and their practically parallel ascendancies—Levine rising from prodigy to artistic director, Volpe advancing from stagehand to general manager—and their once strained relationship. Weaving together the personal, economic, and artistic struggles that characterize the Met’s long and vibrant history, *Molto Agitato* is a must-read saga of power, wealth, and, above all, great music.

**The New York Times Essential Library: Opera** Anthony Tommasini,2004-11-01 An insightful, provocative selection of the best opera performances, chosen by The New York Times's chief classical music critic in one hundred original essays Opera intertwines the drama of the theater with the powerful emotionality of music. In this magical and illuminating guide to the best opera recordings, Anthony Tommasini delves into the ways story and music interweave to create the subtle but telling

moments that move us. Tommasini brings to life the rich history of opera performance and the singers and conductors who, over the past century, have come to own the music. He chooses masterworks, such as Arturo Toscanini's *La Bohème*, captured for posterity fifty years after he conducted the opera's 1896 premiere for Puccini, and Leontyne Price's *Leonora in Il Trovatore*, an encapsulation of the ideal Verdi soprano. For aficionados and newcomers alike, Tommasini is the perfect guide to the passions and playfulness of the opera.

**I Dream a World** Beverly Soll, 2005-01-01 William Grant Still (1895-1978) dreamed of a world in which his eight operas--for him the ultimate form of musical expression--would be heard in the major opera houses in the United States, devoting most of his career toward the pursuit of this goal. The first part of *I Dream a World* creates a context for Still's operas and explores commonalities among them, including structural elements and musical characteristics. The second part traces the research, composition, and performances of the operas as a way of documenting the history of the composer and his contributions to American opera. Although *I Dream a World* is not intentionally biographical, it is very personal. It is more than the story of William Grant Still's love of operatic music, of the libretti that reflect his own life and philosophy, and of the world he dreamed through his work. It opens a window on Still the man as well as on Still the composer that offers important insights into the social milieu of this pioneering figure.

Opera as Institution Cristina Scuderi, Ingeborg Zechner, 2020-02-18 This volume brings together ten essays focusing on the diversity of operatic institutions, their protagonists, and historical fortunes in Europe from 1730 to 1917. Its aim is not to understand operatic institutions as locally distinct and isolated organizations, but rather to perceive them as a part of a historically fluctuating, transnational network: a network that was shaped among other things by individual professionals and groups in the opera business (and beyond), as well as by specific socio-cultural and political surroundings. The volume offers new perspectives on a wide range of topics, including networks of cultural exchange, singers as agents in shaping institutional structures, and the influence of socio-cultural, diplomatic, and political factors on operatic production across international borders.

**Opera and Politics** John Bokina, 1997-01-01 To what extent do operas express the political and cultural ideas of their age? How do they reflect the composer's view of the changing relations among art, politics, and society? In this book John Bokina focuses on political aspects and meanings of operas from the baroque to postmodern period, showing the varied ways that operas become sensuous vehicles for the articulation of political ideas. Bokina begins with an analysis of Monteverdi's

three extant operas, which address in an oblique way the political and ideological dualities of aristocratic rule in the seventeenth-century Italy. He then moves to Mozart's Don Giovanni, which he views as a celebration of the demise of a predatory aristocracy. He presents Beethoven's Fidelio as an example of the political spirit of a revolution based on republican virtue, and Wagner's Parsifal as a utopian music drama that projects romantic anticapitalist ideals onto an imagined past. He shows that Strauss's Elektra and Schoenberg's Erwartung transform the traditional operatic depiction of madness by reflecting the emerging Freudian psychoanalysis of that era. And he argues that operas by Pfitzner, Hindemith, and Schoenberg explore the political roles of art and the artists, each couching contemporary conditions in an allegory about the fate of art in a historical period of transition. Finally, Bokina offers a reappraisal of Henze's The Bassarids as a political opera that confronts the promise and limits of the sensual-sexual revolt of the twentieth-century.

*La Bohême* Giacomo Puccini, Giuseppe Giacosa, 1917

The book delves into Opera. Opera is a crucial topic that must be grasped by everyone, ranging from students and scholars to the general public. This book will furnish comprehensive and in-depth insights into Opera, encompassing both the fundamentals and more intricate discussions.

1. The book is structured into several chapters, namely:

- Chapter 1: Introduction to Opera
- Chapter 2: Essential Elements of Opera
- Chapter 3: Opera in Everyday Life
- Chapter 4: Opera in Specific Contexts
- Chapter 5: Conclusion

2. In chapter 1, the author will provide an overview of Opera. This chapter will explore what Opera is, why Opera is vital, and how to effectively learn about Opera.

3. In chapter 2, this book will delve into the foundational concepts of Opera. This chapter will elucidate the essential principles that must be understood to grasp Opera in its entirety.

4. In chapter 3, this book will examine the practical applications of Opera in daily life. The third chapter will showcase real-world examples of how Opera can be effectively utilized in everyday scenarios.

5. In chapter 4, this book will scrutinize the relevance of Opera in specific contexts. The fourth chapter will explore how Opera is applied in specialized fields, such as education, business, and technology.

6. In chapter 5, the author will draw a conclusion about Opera. This chapter will summarize the key points that have been discussed throughout the book.

This book is crafted in an easy-to-understand language and is complemented by engaging illustrations. It is highly recommended for anyone seeking to gain a comprehensive understanding of Opera.
