Paragon Autumn Kalquist,2015-06-16 Tadeo Raines knows what they say about him. It’s all lies. But lies are better than the truth. He broke the rules once and swore he’d never do it again. Now traitors plot against the fleet, and he's tasked with hunting them down and stopping them. Permanently. Tadeo was born to command, born to lead the last remnants of humanity to a new Earth. He knows there’s a better world out there: Daylight at the end of humanity's long night. And he's willing to do whatever it takes to get the fleet there. Even if it means walking the line between loyalty and treason. And breaking the rules... Again. Legacy Code is a suspenseful and dark genetic engineering science fiction series that has earned five star reviews from fans of some of the best sci-fi and fantasy books like Hunger Games, Divergent, and Red Rising, and has been compared favorably to Wool, 1984, and the new Battlestar Galactica. What readers are saying: If you like mysteries and/or sci-fi you will love this book!!! This is a very good story that has your heart pounding as you turn the pages. Intrigue, nefarious plots, twists and turns around every corner - great series, even if you're not a fan of science fiction. From the moment I read the first paragraph of Paragon, up until the last sentence, I was enthralled. Non-stop, on edge, exciting action. I honestly couldn't put a fault on this one, I loved all of it, including the song! The Fractured Era series is still up there amongst my favourite novels of the year. Full of questions, traitors galore, secrets & suspicions. You can't even trust your own family in this world! Phenomenal...that's the best word to describe it. Autumn Kalquist manages to weave a tale that is jam packed with suspense and whodunit plots. Just loved it with it many twists and turns that keeps you on your toes. The characters were great and you just didn't know who to trust in the conspiracy that was going on. ...Highly recommended series and anxious to read the next book. I love all of this author's books. I have read many post-apocalyptic and dystopian tales and this is different from all the rest. She always keeps me guessing. My only complaint is she doesn’t write them fast enough!! I believe this is the first 5 star rating I've ever given. LOVED IT! Such a great follow up to Legacy Code (which ended up on my Top Ten 2014 list) I love Autumn's writing style, she is so talented and takes you right there alongside the characters. This is a beautiful and unique story and I can't wait to read more!! In a story where I fell in love with the characters, it is easy to have your heart broken, have a smile on your face, or cry over a simple scene in the book. This is one series I would never stop reading, and admittedly, have read on more than one occasion! This series has me intrigued, it feels realistic, real and frightening at the same time. Humanity is alone in space in their fleet of ships and they have nowhere to go, they try to find a better earth, a new home. I want to know if they ever find it. keywords: science fiction best sellers, top sci-fi books, top science fiction books, best sci-fi fantasy books, genetic engineering science fiction series, best science fiction novels, genetic engineering, space colony, space colonization, space opera, apocalypse, post-apocalyptic, generation ship, end of the world, space battle, space explorer

Grey Griffins: The Paragon Prison Derek Benz,J. S. Lewis,2012-05-08!--StartFragment--A new world means a world of trouble... The Paragon Engine, a machine that can unlock portals to any dimension throughout the universe, is the most powerful and dangerous invention in Templar history-and the Grey Griffins have just been pulled through it. After they are transported through the engine, Max, Ernie, Natalia, and Harley have no idea what to expect. There could be vicious monsters or terrifying creatures lurking around every corner. But soon, they discover that this new world looks just like theirs. Except there is one big difference: everything that went wrong in their world never happened and the Templar rule society. Is this world truly perfect? Or should the Griffins risk their lives to find a way back home? Things get even more complicated when they learn that their arch enemy, Otto Von Strife, is also in this world-and he has the power to destroy everything. In this final book of the Clockwork Chronicles trilogy, the Grey Griffins face questions about destiny, personal choice, and what courage really means-all while finding a way to destroy Von Strife, his evil half-fairies, and his legion of killer clockworks.!--EndFragment--

Humble Giants (Alien) Dave Rhodes,2009-09-21 With great anticipation, the Starship Orion headed into the dark void that was before them. Surprisingly, the Ultra Intelligent Beings (UIB) declared that they were in a very different place as they looked at the stars around them. The starship was excited as they may come into contact with life – a new civilization. Everybody in the starship wondered what that would be like. Are they like us? What will transpire in this meeting? Author Dave Rhodes’ third book of a trilogy, Humble Giants –Alien, invites us to go aboard the Starship Orion to find out the answers to these intriguing questions.

Kuron Andrew James,2004-09-27 In the not-to-distant future, an isolated planet is nearing social and environmental expiration. Disturbingly, the inhabitants are not behaving as expected, giving cause for advanced 'custodians' to take an unprecedented response and commission a galactic space cruiser to reconnoitre the unforeseen developments. However, they become entwined in a complex and exceptionally dangerous situation. Meanwhile, two special agents, who have been summoned to unearth the covert insurgency on the planet, initially portray a brusque relationship which becomes noticeably co-operative, and provides a convincing and intriguing scenario throughout. Consequently, mystery and suspense are well sustained to a thrilling and poignant conclusion.

The Mitts Paragon Billy Wayne Norton Sr.,2009-06-05 The Mitts Paragon is a story, based on facts, about the Mitts family in rural southwest Arkansas during the 1920's and 1930's. At a time when the entire nation was struggling to survive through the Great Flood of 1927, the Great Depression beginning in 1929, and the Dust Bowl of the 1930's, The Mitts Paragon details a few of the trials and hardships the family endured and their conviction to do what was right, even in the face of adversity, when other people might have conceded defeat. It tells of the simple, treasured moments they embraced, rich with frequent laughter which seemed to knit the family closer together when other families were unraveling. It tells how both the trials and treasures strengthened and enhanced their moral character. Their strength of character grew when hard work, truth, honesty, and fairness failed to provide another's basic needs. It continues from one family's natural aging and decline to the building of a new, younger family that will continue to bear the torch.
