Cash King Poker Michael Williams,2012-04-06 If you're serious about playing poker for profit and making a living playing what I like to call a sport, then I highly suggest you invest in my book. I've decided to take the time to write a book covering cash game strategies at a comprehensive level. Specifically focusing on cash games, but the book's also profitable for tournament players.

Moorman's Book of Poker Chris Moorman,Byron Jacob,2014-12-16 Chris Moorman is the most successful online poker tournament player in history. * Leads the industry with more than \$11 million in online cashes * Excels on the tournament circuit with over \$4 million in live cashes * Placed in the top three in online tournaments 651 times to date Many strong poker players have written books explaining their thought processes. However, players at the low- to mid-stakes who want to advance to the highest levels find the leap a daunting one. Chris, through years of hard work, has achieved this advance and now wants to help you do the same. Moorman's Book of Poker has a unique approach. Chris analyzes 80 tournament hand histories played by co-author Byron Jacobs - a typical mid-stakes player. The adoption of a coaching format allows Chris to explain in clear detail exactly what is needed to progress to the next level of expertise.

The Intelligent Guide to Texas Hold'em Poker Sam Braids,2010 This concise, comprehensive guide, on Texas Hold'em Poker is packed with tips and information that players need to know. For beginners, it explains the rules of Texas Hold'em, basic strategy, and how to play in a cardroom. More advanced players, benefit from statistical charts, vignettes from actual poker games, and detailed information on how the social and psychological aspects of the game determine strategy. Readers also learn the unique view that an expert chess player brings to analyzing poker, as author

Sam Braids compares and contrasts the two games. As a special bonus, the book includes an analysis of online poker, instructions on how to use a computer to play Internet poker, and explains the strategic adjustments necessary to succeed online.

The Making Of A Poker Player Matt Matros, 2005 Matros teaches readers his tricks to winning poker through his experiences on the felt. Readers meet eccentric and generous poker players in addition to the cardsharps, angle-shooters and outright cheats that make up this fascinating subculture. This is the first book to teach poker through narrative which means that concepts like pot odds and expected value will seem completely natural because they are used in the context of Matros' stories. The tension and surrealism of Casino poker is vividly recounted and he teaches the knowledge necessary to win excellently.

Killer Poker Online 2 John Vorhaus, 2006 The modern internet poker game has changed dramatically in just a couple of years. Killer Poker Online 2 teaches players how to take advantage of these changes, exploiting patterns, tendencies and weaknesses of online players; playing winning strategies that are not possible in real games; beat the unique sit-and-go tournament; and navigate and dominate full-field online tournaments. Vorhaus dispenses exceptional insider knowledge to maximise cash return for every reader.

Internet Poker Lou Krieger, Kathleen Keller Watterson, 2003 Playing Internet poker in real time against real opponents might just represent poker's brave new world. Whether for play-money or real money, it's an environment consisting of virtual tables, player icons representing you and your opponents, and specialized computer algorithms that randomly shuffle the cards. It's a world where you can find a game day or night. Though it may be the wee hours of the morning in California, it's prime time in Europe, and someone, somewhere, is looking to play a little poker. But it's poker with

a difference. The game is the same, to be sure, but technology does kick in -- sometimes in strange and unexpected ways. A reference as well as a tutorial, this book includes a CD with free poker software, and a special bonus chapter with 125 interactive hands to help you prepare to play the Internet games for fun or for profit.

The Intelligent Poker Player Philip Newall, 2011-04 As poker theory develops, the field is becoming more abstruse and mathematical; gradually becoming less accessible to the layperson. The Intelligent Poker Player by Philip Newall aims to reverse this trend by presenting a cohesive and sophisticated method of play in plain English. This approach, in principle, can be used to analyze any form of poker, although this book mainly shows applications in the popular forms of limit and no-limit hold 'em. The Intelligent Poker Player is also the first book to discuss the emergent field of artificial poker intelligence - otherwise known as poker robots. The best computers are capable of playing heads-up limit hold 'em at a world class level, and this book deconstructs some interesting features of their play. And finally, professional poker is a risky career choice. So in addition to the strategy chapters which include topics such as "Information Hiding," "Middle Game Concepts," and "No-Limit Hold 'em: Applications and Extensions," the author will show how to mitigate avoidable risks with topics such as "Bankroll Management and Shot Selection," "Risk Preferences," "Psychological Biases," "Investing," and "Predicting Future Poker Returns." Killer Poker Online John Vorhaus, 2003 Killer Poker Online is the second in Vorhaus's winning new series that will teach players how to adopt a warrior approach toward poker and will encourage them to completely change the way they think about the game.

The Art Of Winning Poker Tournaments Peter Zhang, 2016-01-31 Visit SafeGlobalPoker.com To Play honest fair poker online with low rake. This is a one of a kind book that will imbibe in you the secrets and the art of winning poker tournaments with ease, finesse, brilliance and skill. There is so much that goes in winning poker tournaments, if you can become a great tournament

professional, then you have conquered the world. Tournaments have so many advantages versus cash games that great players today are mostly focusing on tournaments and they will play 4 or 5 tournament series and will relax the entire other part of the year. Even winning 2 or 3 tournament trophies and finishing in the money in several tournaments will pay for the entire years of expenses and provide buy-ins for the next year tournament series. I have come out with this book so that average tournament professionals can rise and become world's best tournament professionals. I have taught students around the world and my material has been read by some of the world's best pros for a lot of money. My other books also deal with PLO and NLHE in which I show in examples how I am able to crush online poker with ease and finesse and lift thousands of dollars in a very short period of time. You may also like to check them out. I have been a feared player in the online world known as 'bts=u=' and I believe it is time to share my secrets with the world on tournaments. I also have made vast study and learnt a lot from the world's best pros on the Global Poker Index and this summation of knowledge I am sharing with you so that you too can become a millionaire like me and lead a baller life. I know it is easier said than done but if you do read this book cover to cover 10 times I believe you will become 100 times better as a tournament player than where you are currently and this means finishing in the top 3 positions in a tournament a lot more times. I believe this is the time to start and start taking down poker tournaments around the world for fame, glory and fortune. Let's get started on the learning process. The topics I will cover in this book are • Tempo and why it matters • Importance of Reads on Players and how to take them • Getting and maintain a big stack in a tournament • How You can Trap your way to a bracelet • Art of Winning Poker Tournaments • Developing Intuition and the fine line between hunches and intuition • Final Table Tactics for winning tournament crowns • Hundreds of examples from the top 100 Global Poker

Index players to develop skill and hand reading skills There is a lot of information condense in this book, just imagine if you are able to convert a tournament to finishing in the top 3 positions the rewards are immense. The first position of any tournament pays out so much in contrast to other positions that learning the art of winning tournaments and this book becomes an essential read for any player participating in the World Series Of Poker Tournament events and similar tournaments. If you play 100 tournaments and you are able to convert 10 tournaments into big wins it is so much better and rewarding and it is what this book promises. Visit KaizenPoker.com for more!
