Power Up Your Classroom Lindsey Blass,Cate Tolnai,2022-08-24 Learn to design learning experiences that leverage gameplay to increase motivation and engagement, while building classroom community. By the time Lindsey Blass and Cate Tolnai's paths crossed, both had taken a path from teacher to coach to central/county office roles focused on innovative learning design, all while noticing three trends that extended beyond their classrooms: students who weren't able to own and connect to their learning experience became disengaged; students and teachers alike had a general fear of failure; and teachers were perplexed at how to design learning experiences that fostered student choice and celebrated failure as an opportunity for iteration. Together, they began to ask … what if? What if we designed learning experiences that leveraged the power of gameplay to create more motivated learners? What if we modeled this type of learning with educators so they could experience the impact firsthand and spread the excitement and innovation in their classrooms? What if learning was fun for both students and teachers? This book: • Includes visual elements that model the theme of engaging in a game with tips, hints and suggestions sprinkled throughout the chapters. • Features a downloadable full-color game board that can be used in tandem with the book. • Provides access to an accompanying website that offers dynamic elements and book study questions. • Features the voices of experts and innovators in the fields of gamification and game-based learning. With a uniquely fun and inviting format, Power Up Your Classroom helps educators implement gamification and game-based learning in their classes to drive student engagement and learning.

Sell the Way You Buy David Priemer,2020-04-07 While a Vice President at Salesforce, David Priemer had an epiphany during one of the company's high-pressure selling periods: the very sales tactics they were using were not working on him. Yes, the numbers still showed results, but through brute force rather than elegance and efficiency. Priemer also discovered that his sales colleagues were spending far more time on leads that did not convert to sales than on those that did. His company--and his entire profession--was acting with more than enough gusto, but without enough awareness and empathy. They were not selling the way they buy. Sell the Way You Buy is about much more than putting yourself in the customer's shoes. Customers don't always know what they want or need, or they may be seeking a solution for something that isn't their core problem. They suffer from status quo bias, from recency bias, from confirmation bias. And meanwhile, the state of overwhelming choice has most products and

solution providers adrift in the Sea of Sameness. In today's world, almost everyone is in sales, but as Priemer realized, we don't teach it. Sell the Way You Buy will show you how to ask questions, how to listen, how to tell a compelling brand story, and how to talk to customers (how to talk to people). Priemer reveals scientifically supported methods to understand the customer, identify their needs, and move them toward the right solution--all the while teaching you to avoid all the reasons why the average person doesn't like salespeople. In short, to sell the way you buy.

  David's Crown Malcolm Guite,2021-01-29 As well as the name of a virus, a corona is a crown, the pearly glow around the sun in certain astronomical conditions and a poetic form where interlinking lines connect a sequence. It is the perfect name therefore for this new collection of 150 poems by the bestselling poet Malcolm Guite, each one written in response to the Bible's 150 psalms as they appear in William Coverdale's timeless translation. The Psalms express every human emotion with disarming honesty, as anger and thankfulness alike are directed at God. All of life is here with its moments of beauty and its times of despair and shame. Like the Psalms themselves, the poems do not avoid the cursing and glorying over the downfall of your enemies, but wrestle honestly with them as we do when we come to say them.
